The Kingston Daily Freeman

VOL. LXXXIV—No. 241 CITY OF KINGSTON, N. Y., WEDNESDAY EVENING, AUGUST 3, 1955. PRICE FIVE CENTS

$75,000 Voted For Street Work

Mayor Frederick H. Stang's request for $75,000 to repair more city streets was approved by the Common Council last night.

Purchase of land for a playground adjacent to Colonial Gardens was also approved, and referred to the traffic committee was a plan recently reviewed by the Board of Public Works to relieve traffic congestion on Albany avenue.

A LETTER from W. Schrieiber, of Hurley, asking the city to demand state control of the Esopus creek flow, was read and filed, and Alderman-at-Large Joseph Kelly ordered a copy sent to the county health department.

The letter asked the kind of control that would prevent floods in the spring and the flow of "dirty, low water in the summer." He suggested that enough water be permitted to come from the Ashokan and Gilboa reservoir systems to permit "the good swimming and fishing we knew as boys." The aldermen "owe it to Kingston," he said, to seek this form of control.

MAYOR STANG, in his letter asking for the additional money for street work, noted that last spring the council authorized $125,000 for the 1955 street program.

This has been under way for several months, he said. He was pleased to note that considerable work had been done, "notably Hurley avenue, Henry street (entire length in both 10th and 11th wards), Manor avenue, the Strand, Tompkins street, Yeomans street, Hunter street, East Union street, Coffey place, Snyder avenue, Sharon Lane and Lounsbery place."

"Most of this construction," the mayor noted, "was of capital improvement type, which seems to meet approval by all who use these streets." Many need to be fixed in various parts of the city, he said, "and I would like to complete a great many more streets in our city that are in need of this type of improvement."

THE ORIGINAL appropriation would not warrant completion of many more, he said. The balance on hand was about $31,000, but more will be required to complete the job as outlined. He asked the council to make available the additional $75,000.

On the playground proposal for the Colonial Gardens area, the mayor wrote:

"The Kingston Housing Authority is considering the purchase of a parcel of land approximately 125 by 500 feet adjacent to Colonial Gardens, and is willing to convey it to The City of Kingston," if the city will accept it, "and use it for a playground area for all residents."

HOWEVER, he noted, "there is an additional tract of land now owned by the County of Ulster and contiguous to the above mentioned parcel which should also be acquired in order to provide a playground sufficiently large for recreational purposes."

"I think we are all agreed that recreational or playground areas are a very essential part of community life, and in the rearing of healthy children."

"I therefore respectfully recommend that your Honorable Body accept the offer of the

Third Power Suggested on Red Students

New York, Aug. 3 (AP)—The New York Times said today Communist China has proposed that a third power be named to determine whether Chinese students in the United States want to return to China.

A Times dispatch from Geneva said the proposal was put forward yesterday by Wang Ping-nan, Red China's ambassador to Poland, in his talks with U. Alexis Johnson, U. S. ambassador to Czechoslovakia.

IT SAID EARLY release of 40 U. S. civilians held in Red China was regarded in Geneva as virtually assured.

The issue of civilian repatriation was the chief topic for discussion between Wang and Johnson after Red China announced at the opening of the Geneva talks Monday that 11 American airmen held by the Chinese were being freed.

After an exchange of views yesterday on the issue of the civilians, the talks were recessed until tomorrow to permit consultation with Washington and Peiping.

THE UNITED STATES has said that all Chinese students in the United States have been free to return to China since last April, but that most of them do not want to leave.

During the Korean War Washington banned the departure of any student whose U. S. training could be useful to the Red military.

The Times dispatch gave this history of the third-power proposal:

Wang first proposed such a check on the students' desires during similar talks on civilian repatriation which he held last year with Johnson during the Indochina conference in Geneva. In reviving it this week, he clearly had India in mind as a third party.

STATE DEPARTMENT spokesmen in Washington said the United States had rejected a similar proposal for a third-power check on the Chinese students when it was suggested by V. K. Krishna Menon, the roving Indian ambassador, during his visit to Washington last spring.

Johnson made no reply to the proposal yesterday, apparently referring it to Washington. The third-power plan was described as an effort by the Chinese to "save face" at home.

Diplomatic sources in Geneva, according to the Times, said that once the question of civilian repatriation has been settled, the main business ahead of Wang and Johnson would be to seek agreement in principle for a meeting later of Dulles and Chinese Premier--Foreign Minister Chou En-lai.

MARITAL MIXUP—Mrs. Una Schmidt, left, told a reporter in California Aug. 2 she had married a second time, believing her first husband, Airman 2/c Daniel C. Schmidt, right, dead in a Korean plane crash in 1953. This picture was taken just before Schmidt went overseas. Now there is word that Schmidt, a prisoner of the Chinese Reds, is to be released. (AP Wirephoto).

Council Action Delayed To Rezone Parnett Site

Common Council action on a bid to void a business zone designation on the Alex Parnett property, Lucas avenue and Miller's lane, was delayed until a recessed meeting next Tuesday after argument before the aldermen last night.

Third Ward Alderman Edwin Radel of the laws and rules committee, said he would not decide on the question without an opinion from Corporation Counsel James J. Abernethy, who is on vacation. He is expected to return before next week's meeting.

Residents of the area have asked that the property, designated as a business unit about three years ago, be reclassified to its original residential status, and Parnett claims that he is entitled to convert the property under terms of the prior council action.

About 40 residents of the area attended the session and heard arguments by Attorney Harry Gold, representing Parnett and Louis G. Bruhn, appearing for those who petitioned for a residential zone designation.

Parnett said a story-and-a-half, brick and bluestone structure on the land would house a small grocery store, drug store and offices for a doctor and dentist, and would be of architecture conforming to that in the general residential area.

Gold held that sentiment against the former council action appeared to arise from rumors that a gas station was to be built on the land, and argued that a change now would be an illegal and unjust move against his client.

Bruhn contended that there was no reason why the council could not rule the property back to its original residential status "if public interest demands it." The council is empowered, he held, to change, alter, or void any previous action on zoning to fit the best interests of the public.

Attorney Gold noted that the zoning change was made by the council with no apparent opposition. Then the gas station rumors stirred, and a petition circulated in behalf of a residential designation. In his recollection, he said, this was the first time such a bid was made to void the council's action on a zoning change.

Those in favor of the change, he noted, did not attend the original public hearing, and he charged that because of his client's investment in the building project, it was "illegal and im-

Return of Airman From China Poses Problem for Wife

Cisco Grove, Calif., Aug. 3 (AP)—A thin 20-year-old girl today faced the biggest decision of her life: whether to return to the airman husband she thought was dead or stay with the man she married later and loves.

"I knew it was coming, but I didn't know when" said Mrs. Alford Fine, who at 17, wed Airman 2/C Daniel Schmidt of Cour D'Alene, Idaho, and bore his son after he left for overseas.

NOW SHE is the wife of a husky 21-year-old logging camp tractor operator. They live in a small trailer a few miles from the tiny highway town in the high Sierra.

Only Monday she learned that Schmidt is one of 11 American airmen due for momentary release by the Chinese Communists after 2½ years of imprisonment on spy charges. He went overseas 37 months ago.

She's flying to meet Schmidt when he arrives in this country. With her will go her 2½ year old son Danny, a dark-eyed youngster who has never seen his father.

"I HONESTLY don't know what I'm going to do," she told a reporter, "Naturally, I'm tickled he is returning. Whatever I decide, the decision will be my own."

She said she married Fine two months before learning from the air force that her husband was alive and well as a war prisoner.

"I made a mistake," she said, "but isn't everyone entitled to one mistake."

MRS. FINE said she had never been officially told that Schmidt was dead. She received notification only that he was missing somewhere in Korea.

Unfinished Issues Give Promise of Lively 1956

Secrecy Is Kept on Freeing 40

Reports Are Made Release Imminent

Geneva, Aug. 3 (AP)—The talks between the United States and Red China were in recess today while representatives of the two sides consulted their governments.

The next meeting between U. S. Ambassador U. Alexis Johnson and Chinese Ambassador Wang Ping-nan will be held tomorrow morning.

THE TWO ambassadors exchanged views yesterday on their No. 1 problem—the repatriation of some 40 American civilians detained by the Peiping regime and an indefinite number of Chinese students who the Chinese Communists claim the United States will not allow to return to the China mainland.

Both sides clamped a secrecy lid on the talks, but it appeared apparent that proposals were submitted by one or both parties which had to be referred to higher authority.

U. S. officials said the talks probably would have to be interrupted by frequent recesses to permit such consultations, since the ambassadors were not empowered to act without instructions.

NEITHER THE United States nor the Red Chinese delegation would comment on reports that the release of the 40 American civilians was imminent. There was no comment also on a report that India had been proposed by Red China to supervise repatriation of civilians on both sides.

Wang said in his opening address Monday there should be no difficulty in settling the problem of the 40 Americans if both sides "adopt the attitude of negotiation and conciliation."

V. K. Krishna Menon, India's

Steaming Weather Will Continue

(By The Associated Press)

Temperatures headed into the 90-100 range again today in mid-summer's persistent and widespread heat wave.

The long range forecast indicated there will be no general break in the steaming, scorching weather for several days. The 30-day outlook by the weather bureau in Washington brought additional unpleasant news: warmer than usual weather in August in most of the northern two-thirds of the nation.

THE STEADY heat of nearly two weeks in the mid-continent with only light rain has threatened some crops. Farmers in central New York counties have asked Gov. Averell Harriman to declare a drouth area so they could get federal aid. Crop damage was expected to run into the millions of dollars.

At least 45 persons have died from the 90-plus heat.

The 100 degree line yesterday extended from California to New York. Top reading was

STUDIES AT TB HOSPITAL—One of several thousand foreign physicians in the United States to study progress in the medical field, Dr. Selahattin Guvenc (right) of Istanbul, Turkey, is observing methods used at the Ulster County Tuberculosis Hospital in treatment of diseases of the chest. With him is Dr. Herbert F. Schwartz, director of the hospital. (Freeman photo). Story on Page 22.

14 of Ike's Measures Hanging

Highway, School Bills Left Over

Washington, Aug. 3 (AP)—The things Congress left undone, a big part of the story of this year's session, promise lively squabbles in 1956.

A substantial part of President Eisenhower's program either was left on the shelf by the lawmakers, or else succeeded in getting only part of the way through before the first session of the 85th Congress ended early today.

Fourteen important measures which the President asked for in his State of the Union message or in later messages and statements did not reach his desk.

IN ADDITION, several other major bills for which the steam originated in Congress itself in legislative limbo at least until January. All pending legislation will be alive when Congress returns for a new session on Jan. 3.

The business remaining unfinished promises to add to the heat of a 1956 session already certain to be filled with oratory and political maneuvering since it is a presidential election year.

Perhaps the most important Eisenhower bills left hanging were those to start a multi-billion dollar expansion of the nation's highway building program and to aid local school districts to keep up with school construction needs.

THE SENATE passed a road bill which omitted the bond-financing feature supported by the President. But the House became snarled over how to pay for the new highways, and last week killed both the administration proposal and a Democratic substitute calling for new taxes.

A last-minute plea from Eisenhower to resurrect road legislation went unheeded.

Neither branch passed a school construction bill, although the House Education Committee approved one in the closing days of the session. In Senate committee the measure remained snarled over a dispute as to whether to put on an antisegration provision.

MANY LAWMAKERS pushed bills for much larger direct fetderal grants to the school districts than Eisenhower favored. His bill placed chief emphasis on loans.

These were administration bills which passed only one branch:

Upper Colorado river authorization—passed the Senate and

Kefauver Sees Parallel In Talbott, Dixon-Yates

Washington, Aug. 3 (AP)—Sen. Kefauver (D.-Tenn.) said today there is a parallel between what he termed the Dixon-Yates and Talbott-Mulligan cases but they produced different types of action by President Eisenhower.

As the Senate antimonopoly subcommittee resumed its investigation of the Dixon-Yates power contract, Kefauver said Eisenhower had accepted the resignation of Secretary of the Air Force Harold E. Talbott because of his business connections with Paul B. Mulligan & Co., management-engineering firm.

BUT HE SAID Eisenhower had said he saw nothing wrong in the activities of Adolphe Wenzell, a former Budget Bureau consultant who was also a vice president of the First Boston Corp. which became the Dixon-Yates financial agent.

"I want to say," Kefauver remarked, "that I can't see a bit of difference, except perhaps here a stronger conflict of interest has been presented."

He said he just doesn't believe Eisenhower "could have the full facts brought out here."

WENZELL and officials of the Dixon-Yates private power group contend there was no conflict of interest.

The Dixon-Yates contract, negotiated with the Atomic Energy Commission (AEC), was cancelled in June on Eisenhower's orders after the city of Memphis decided to erect its own power plant.

The contract had called for Dixon-Yates to build a 107-million-dollar steam plant at West Memphis, Ark., to supply to the Tennessee Valley Authority (TVA) power to replace electricity TVA transmits to AEC installations.

Edgar H. Dixon, who joined Eugene Yates in forming the company to build the West Memphis plant, has testified that Wenzell was no more than a courier in Dixon-Yates dealings with First Boston Corporation. He said he believed there was no conflict of interest with Wenzell's duties with the Budget Bureau.

KEFAUVER read a long statement designed to point up what he contends—over vigorous denials by Dixon and his attorney—are "glaring conflicts" in testimony Dixon and Wenzell have given to the subcommittee and to the Securities and Exchange Commission (SEC).

Dixon's attorney, Daniel James, challenged Kefauver's "glaring conflicts" analysis yesterday as erroneous.

The subcommittee voted to send all the testimony to the Justice Department to look over

Seeks Own Justice With Pistol in Keystone Court

Carlisle, Pa., Aug. 3 (AP)—A gun-toting defendant, shouting that justice had deserted him, turned a Pennsylvania court room into a death chamber yesterday—the second time this has happened in the Keystone state in the past 18 months.

Percy Haines, 60, of Newville R. D. 2, whipped out a pistol, shouted he was getting a "raw deal" when ordered to pay his wife $50 monthly for support, and fired four times—killing a lawyer and injuring three others, including the presiding judge.

HAINES WAS charged with murder and held without bail in Cumberland County Court. No hearding date was set.

Victim of the bizarre slaying was John D. Faller, 41-year-old Carlisle attorney who was represening Haines" ex-wife, Lulu, 60, in the non-support action.

Mrs. Haines, struck in the abdomen, was reported in "cri-

Predicts Trips to Moon At End of This Century

Copenhagen, Aug. 3 (AP)—American Scientist Frederick C. Durant predicted today that man will land on the moon by the end of the present century.

Durant, of Lexington, Mass., made the statement at the official opening of the sixth International Astronautical Congress here.

Referring to the recent White House announcement that America will launch an unmanned earth satellite in 1957-58, Durant, President of the International Astronautical Federation, said:

"The next step will be a manned satellite which will not return to the earth. This will be followed by trips around the moon. I personally believe all these achievements including landings on the moon will be accomplished by the end of this century."

Delegates from 18 nations heard Durant's short address. Two Soviet scientists were on hand as observers.

"The frontiers of exploration have virtually disappeared on earth," Durant said. "The new frontiers are out in another dimension."

The Congress decided earlier to hold its next meeting in Rome, some time in September 1956.

The Congress also heard a message from President Eisenhower thanking it for offers to aid in the American satellite project.

Water Warning Given In Case of Dry August

Continued dry weather in August will be something to worry about, Edmund T. Cloonan, water department superintendent, declared last night at a meeting of the Common Council.

Alderman-at-large Joseph Kelly granted Cloonan privilege of the floor on request of Alderman James K. Ryan, 10th ward, who was interested in water system improvements under the department's $540,000 bond issue, and recently announced restrictions on water use.

Improvements, Cloonan said were to insure normal domestic use of water in the city and for fire protection, but starting last July 1 the flow increased from slightly over 4,000,000 gallons a day to 7,500,000 gallons.

Two years ago, he noted, before pipeline improvements, it was necessary for the city to restrict lawn sprinkling completely. With the completion of that work a staggered sprinkling schedule was set up. This year, with the completion of all work of the improvement program,

Saugerties Votes Down $35,000 for 60 New Homes

Three resolutions for the expenditure of $35,000 relative to the extension of the Knaust Housing Development went down to crushing defeat in a special referendum held last night in which resident voters of the village of Saugerties voted 455 to 260 against adopting the resolution. Of the 741 ballots cast 26 were void.

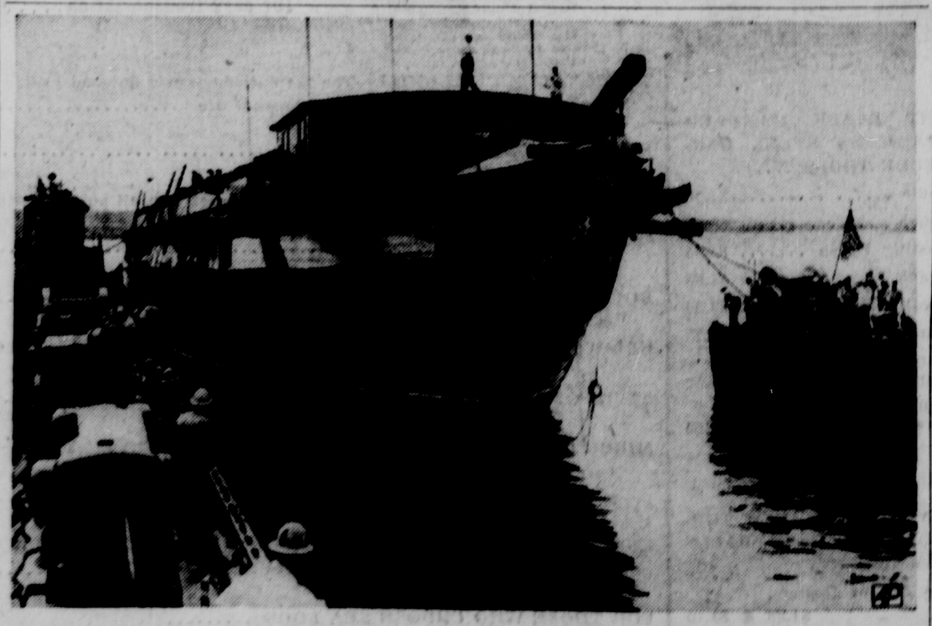
The resolutions, if passed, would have authorized the village to expend $15,000 for a sanitary sewer system, $10,500 for a water system and $9,500 for a storm sewer system, in the extension of the Knaust Housing Development within the village.

Jack Davis, who heads the Barclay Heights Development Corp., which is developing the Barclay Heights area, approached the village board some months ago in regard to extending village services to include about 60 new homes he proposed building in a 20-acre extension of the Knaust Development located north of the present development.

Mr. Davis has options on the property and was awaiting official assurances that the village would supply these services to the 60 new homes he proposed building.

Authorities on village law and village officials said that the homes in the extension can be built by the Davis corporation and that as each home is built the village must meet its obligation as a corporation and supply the necessary services.

A spokesman said this means that the village would have to supply these services "piecemeal" and therefore would be subject to higher cost than if the project were completed all at one time and under one contract.



OLDEST WARSHIP PREPARED FOR LAST VOYAGE — The ancient frigate Constellation, rated as the oldest warship in the world still afloat, is warped into a floating drydock for her last "voyage." Boston Naval Shipyard officials hope to fix her up enough so she can be towed to Baltimore in the drydock. Launched in Baltimore in 1797, she is a week older than her more famous sister, Constitution, "Old Ironsides." She will be placed in concrete berth after this last journey. (AP Wirephoto).

Farmers in Western New York Appealing For U. S. Aid in Present Drouth Crisis

Albany, N. Y., Aug. 3 (AP)—The drouth continued today in New York state.

Temperatures churned up toward the 90s again while fire fighters worked to contain fires in the Adirondack and Catskill woodlands. No appreciable rain was in sight to revive farmers' dying crops.

An appeal for emergency federal aid came from western New York to reinforce requests from the central part of the state.

At least one death was blamed on the heat.

The weather bureau predicted more brief and sometimes-violent thunderstorms would hit the state this week but said there was no indication of the drenching rain farmers say they need.

THE ERIE county Board of Supervisors appealed yesterday for federal aid to relieve dairy and vegetable farmers in the county. Officials of Seneca, Yates, Schuyler, Ontario and Tompkins counties already have asked Gov. Harriman to declare them disaster areas so that they may qualify for federal assistance.

Agriculture Commissioner Daniel J. Carey said his investigation showed the five counties were "really in bad shape but not critical yet." Carey said his report was complete but he declined to give details before talking to the governor.

HARRIMAN was due to arrive in New York city today from a trip abroad.

Mayor Samuel A. Stroth of Jamestown last night banned

STUDIES AT TB HOSPITAL—One of several thousand foreign physicians in the United States to study progress in the medical field, Dr. Selahattin Guvenc (right) of Istanbul, Turkey, is observing methods used at the Ulster County Tuberculosis Hospital in treatment of diseases of the chest. With him is Dr. Herbert F. Schwartz, director of the hospital. (Freeman photo). Story on Page 22.

Kefauver Sees Parallel In Talbott, Dixon-Yates

Washington, Aug. 3 (AP)—Sen. Kefauver (D.-Tenn.) said today there is a parallel between what he termed the Dixon-Yates and Talbott-Mulligan cases but they produced different types of action by President Eisenhower.

As the Senate antimonopoly subcommittee resumed its investigation of the Dixon-Yates power contract, Kefauver said Eisenhower had accepted the resignation of Secretary of the Air Force Harold E. Talbott because of his business connections with Paul B. Mulligan & Co., management-engineering firm.

BUT HE SAID Eisenhower had said he saw nothing wrong in the activities of Adolphe Wenzell, a former Budget Bureau consultant who was also a vice president of the First Boston Corp. which became the Dixon-Yates financial agent.

"I want to say," Kefauver remarked, "that I can't see a bit of difference, except perhaps here a stronger conflict of interest has been presented."

He said he just doesn't believe Eisenhower "could have the full facts brought out here."

WENZELL and officials of the Dixon-Yates private power group contend there was no conflict of interest.

The Dixon-Yates contract, negotiated with the Atomic Energy Commission (AEC), was cancelled in June on Eisenhower's orders after the city of Memphis decided to erect its own power plant.

The contract had called for Dixon-Yates to build a 107-million-dollar steam plant at West Memphis, Ark., to supply to the Tennessee Valley Authority (TVA) power to replace electricity TVA transmits to AEC installations.

Edgar H. Dixon, who joined Eugene Yates in forming the company to build the West Memphis plant, has testified that Wenzell was no more than a courier in Dixon-Yates dealings with First Boston Corporation. He said he believed there was no conflict of interest with Wenzell's duties with the Budget Bureau.

KEFAUVER read a long statement designed to point up what he contends—over vigorous denials by Dixon and his attorney—are "glaring conflicts" in testimony Dixon and Wenzell have given to the subcommittee and to the Securities and Exchange Commission (SEC).

Dixon's attorney, Daniel James, challenged Kefauver's "glaring conflicts" analysis yesterday as erroneous.

The subcommittee voted to send all the testimony to the Justice Department to look over

Seeks Own Justice With Pistol in Keystone Court

Carlisle, Pa., Aug. 3 (AP)—A gun-toting defendant, shouting that justice had deserted him, turned a Pennsylvania court room into a death chamber yesterday—the second time this has happened in the Keystone state in the past 18 months.

Percy Haines, 60, of Newville R. D. 2, whipped out a pistol, shouted he was getting a "raw deal" when ordered to pay his wife $50 monthly for support, and fired four times—killing a lawyer and injuring three others, including the presiding judge.

HAINES WAS charged with murder and held without bail in Cumberland County Court. No hearding date was set.

Victim of the bizarre slaying was John D. Faller, 41-year-old Carlisle attorney who was represening Haines' ex-wife, Lulu, 60, in the non-support action.

Mrs. Haines, struck in the abdomen, was reported in "cri-

14 of Ike's Measures Hanging

Highway, School Bills Left Over

Washington, Aug. 3 (AP)—The things Congress left undone, a big part of the story of this year's session, promise lively squabbles in 1956.

A substantial part of President Eisenhower's program either was left on the shelf by the lawmakers, or else succeeded in getting only part of the way through before the first session of the 85th Congress ended early today.

Fourteen important measures which the President asked for in his State of the Union message or in later messages and statements did not reach his desk.

IN ADDITION, several other major bills for which the steam originated in Congress itself in legislative limbo at least until January. All pending legislation will be alive when Congress returns for a new session on Jan. 3.

The business remaining unfinished promises to add to the heat of a 1956 session already certain to be filled with oratory and political maneuvering since it is a presidential election year.

Perhaps the most important Eisenhower bills left hanging were those to start a multi-billion dollar expansion of the nation's highway building program and to aid local school districts to keep up with school construction needs.

THE SENATE passed a road bill which omitted the bond-financing feature supported by the President. But the House became snarled over how to pay for the new highways, and last week killed both the administration proposal and a Democratic substitute calling for new taxes.

A last-minute plea from Eisenhower to resurrect road legislation went unheeded.

Neither branch passed a school construction bill, although the House Education Committee approved one in the closing days of the session. In Senate committee the measure remained snarled over a dispute as to whether to put on an antisegration provision.

MANY LAWMAKERS pushed bills for much larger direct fetderal grants to the school districts than Eisenhower favored. His bill placed chief emphasis on loans.

These were administration bills which passed only one branch:

Upper Colorado river authorization—passed the Senate and

Predicts Trips to Moon At End of This Century

Copenhagen, Aug. 3 (AP)—American Scientist Frederick C. Durant predicted today that man will land on the moon by the end of the present century.

Durant, of Lexington, Mass., made the statement at the official opening of the sixth International Astronautical Congress here.

Referring to the recent White House announcement that America will launch an unmanned earth satellite in 1957-58, Durant, President of the International Astronautical Federation, said:

"The next step will be a manned satellite which will not return to the earth. This will be followed by trips around the moon. I personally believe all these achievements including landings on the moon will be accomplished by the end of this century."

Delegates from 18 nations heard Durant's short address. Two Soviet scientists were on hand as observers.

"The frontiers of exploration have virtually disappeared on earth," Durant said. "The new frontiers are out in another dimension."

The Congress decided earlier to hold its next meeting in Rome, some time in September 1956.

The Congress also heard a message from President Eisenhower thanking it for offers to aid in the American satellite project.

Water Warning Given In Case of Dry August

Continued dry weather in August will be something to worry about, Edmund T. Cloonan, water department superintendent, declared last night at a meeting of the Common Council.

Alderman-at-large Joseph Kelly granted Cloonan privilege of the floor on request of Alderman James K. Ryan, 10th ward, who was interested in water system improvements under the department's $540,000 bond issue, and recently announced restrictions on water use.

Improvements, Cloonan said were to insure normal domestic use of water in the city and for fire protection, but starting last July 1 the flow increased from slightly over 4,000,000 gallons a day to 7,500,000 gallons.

Two years ago, he noted, before pipeline improvements, it was necessary for the city to restrict lawn sprinkling completely. With the completion of that work a staggered sprinkling schedule was set up. This year, with the completion of all work of the improvement program,

Saugerties Votes Down $35,000 for 60 New Homes

Three resolutions for the expenditure of $35,000 relative to the extension of the Knaust Housing Development went down to crushing defeat in a special referendum held last night in which resident voters of the village of Saugerties voted 455 to 260 against adopting the resolution. Of the 741 ballots cast 26 were void.

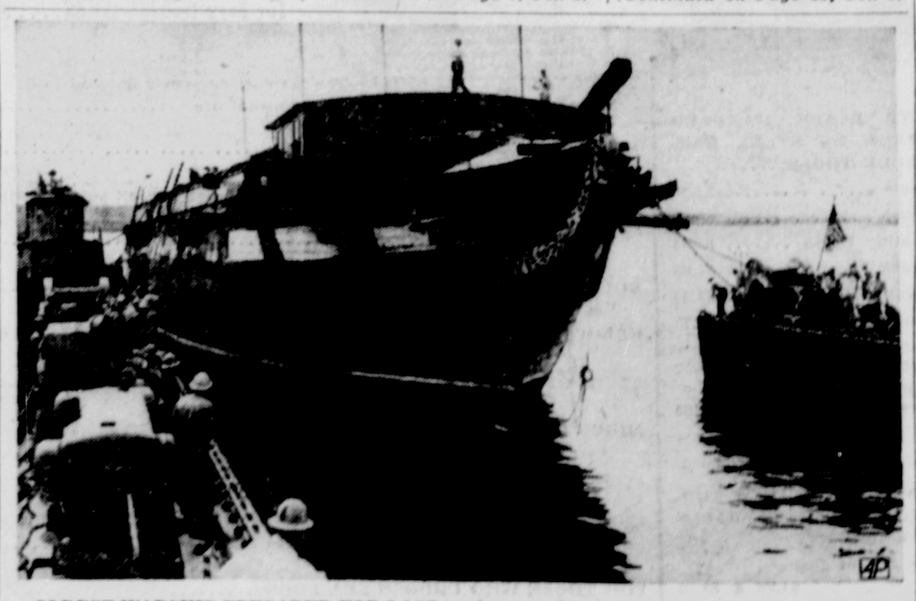
The resolutions, if passed, would have authorized the village to expend $15,000 for a sanitary sewer system, $10,500 for a water system and $9,500 for a storm sewer system, in the extension of the Knaust Housing Development within the village.

Jack Davis, who heads the Barclay Heights Development Corp., which is developing the Barclay Heights area, approached the village board some months ago in regard to extending village services to include about 60 new homes he proposed building in a 20-acre extension of the Knaust Development located north of the present development.

Mr. Davis has options on the property and was awaiting official assurances that the village would supply these services to the 60 new homes he proposed building.

Authorities on village law and village officials said that the homes in the extension can be built by the Davis corporation and that as each home is built the village must meet its obligation as a corporation and supply the necessary services.

A spokesman said this means that the village would have to supply these services "piecemeal" and therefore would be subject to higher cost than if the project were completed all at one time and under one contract.



OLDEST WARSHIP PREPARED FOR LAST VOYAGE — The ancient frigate Constellation, rated as the oldest warship in the world still afloat, is warped into a floating drydock for her last "voyage." Boston Naval Shipyard officials hope to fix her up enough so she can be towed to Baltimore in the drydock. Launched in Baltimore in 1797, she is a week older than her more famous sister, Constitution, "Old Ironsides." She will be placed in concrete berth after this last journey. (AP Wirephoto).

Farmers in Western New York Appealing For U. S. Aid in Present Drouth Crisis

Albany, N. Y., Aug. 3 (AP)—The drouth continued today in New York state.

Temperatures churned up toward the 90s again while fire fighters worked to contain fires in the Adirondack and Catskill woodlands. No appreciable rain was in sight to revive farmers' dying crops.

An appeal for emergency federal aid came from western New York to reinforce requests from the central part of the state.

At least one death was blamed on the heat.

The weather bureau predicted more brief and sometimes-violent thunderstorms would hit the state this week but said there was no indication of the drenching rain farmers say they need.

THE ERIE county Board of Supervisors appealed yesterday for federal aid to relieve dairy and vegetable farmers in the county. Officials of Seneca, Yates, Schuyler, Ontario and Tompkins counties already have asked Gov. Harriman to declare them disaster areas so that they may qualify for federal assistance.

Agriculture Commissioner Daniel J. Carey said his investigation showed the five counties were "really in bad shape but not critical yet." Carey said his report was complete but he declined to give details before talking to the governor.

HARRIMAN was due to arrive in New York city today from a trip abroad.

Mayor Samuel A. Stroth of Jamestown last night banned

Ulster Park

Ulster Park, Aug. 2—Ulster Grange, 969, will hold its regular meeting in the Grange Hall Wednesday at 8 p. m. The third and fourth degrees will be conferred on two candidates and final plans will be made for the Grange booth at the Ulster County Fair on Aug. 17 and 18 in Kingston. During the lecturer's hour pictures will be shown of a trip by members of the Grange.

On Wednesday night, Aug. 10, the Ulster County Grange Officer's Association will hold its quarterly meeting in Ulster Grange Hall. All Grange officers in the county are requested to attend and all Grange members are welcome. The host Grange will serve coffee and dessert. Others attending will bring sandwiches.

Mr. and Mrs. H. N. Winfield are spending their vacation with their son-in-law and daughter, Dr. and Mrs. A. A. Savastano at Judith, R. I.

Mr. and Mrs. Donald Herring and Mr. and Mrs. Chester A. Craig are receiving congratulations on the birth of a son.

Mr. and Mrs. Ralph Wells are on vacation.

Mr. and Mrs. C. C. DuMond, Sr., formerly of Albany, are living on their farm here and will move into their new home as soon as it is completed.

The Rev. Harry E. Christiana left Sunday to join his family at Grassy Point, Alexandria Bay, for a month's vacation.

The fair and supper sponsored by Ulster Grange Saturday afternoon was well attended.

Many Climbing Steadily

Rising Prices Threaten Paradise for Consumers

New York, Aug. 3 (AP)—Rising prices of industrial materials are creeping in today to threaten the buyer's paradise that consumers have been enjoying.

Example: The price of natural rubber went up some time back. Makers of tires in this country fretted but consumers paid little attention. But now the price of tires is going up around 60 to 70 cents at the retail level.

FOOD PRICES for the most part have been steady to lower. As a whole they'll probably stay that way.

But from Brazil comes a report of a freeze and unprecedented snow with the amount of damage to the coffee crop as yet undetermined. It was just two years ago that a similar report set off the big inflation in green coffee prices that finally ended in roasted coffee going to $1.25 a pound at the grocery. Already the price of coffee for future delivery is advancing.

Prices of many of the materials that manufacturers turn into consumer items have been climbing fairly steadily this year.

STEEL PRICES have gone up $7.50 a ton on the average. And some appliance makers have said they'll have to pass this along in higher prices on their gadgets.

The steel price pike holds firm, with demand high and output being held back just now by heat absenteeism and by the need to repair some furnaces. A hike in the steel freight rate for both rail and motor carriers has just been recommended by an interstate commerce commission examiner. This puts still more pressure on steel prices.

Copper prices at the refinery hold at 36 a pound, but so scarce is the metal that some eager consumers are paying price premiums up to 15 cents a pound for any they can find. A copper strike last summer started the scarcity, and another strike this summer as making it acute. Settlements being negotiated call for higher wages, and build up still more pressure for higher prices. Rhodesian copper prices this week have been advanced to 40¾ cents a pound.

Aluminum this week is advancing one cent a pound. Talk of lead and zinc prices going up again is being revived.

AS METAL PRICES go up the makers of countless consumer items weigh their chances of passing the costs along to the ultimate buyer of manafactured products.

Some building materials have inched higher this year, helped along by higher wage rates and by shortages brought on by the building boom on which government officials are now laying a mild curb. The price of new houses has gone up a little in some areas.

Fall lines of furniture tend to carry higher price tags.

CRUDE OIL prices are being raised in western Canada by 2 to 5½ cents a barrel. Light oil, used for heating, has gone up in price at the refineries on our own gulf coast.

All of these price hikes has brought the government's index of wholesale nonfarm commodities almost to the high level set in March 1951 at the peak of the Korean war inflation.

The government's index of farm commodities, on the other hand, has been sliding fairly steadily for some time and is well below the Korean peak. Taken together, the falling price of agricultural products and the rising price of industrial materials have about offset each other, giving a look of stability to the wholesale commodity index as a whole, and keeping the cost of living almost unchanged for a long time.

If a new inflation should be in the making it apparently will be in man-made goods, while the things nature provides will lag behind.

Ulster Park

Ulster Park, Aug. 2—Ulster Grange, 969, will hold its regular meeting in the Grange Hall Wednesday at 8 p. m. The third and fourth degrees will be conferred on two candidates and final plans will be made for the Grange booth at the Ulster County Fair on Aug. 17 and 18 in Kingston. During the lecturer's hour pictures will be shown of a trip by members of the Grange.

On Wednesday night, Aug. 10, the Ulster County Grange Officer's Association will hold its quarterly meeting in Ulster Grange Hall. All Grange officers in the county are requested to attend and all Grange members are welcome. The host Grange will serve coffee and dessert. Others attending will bring sandwiches.

Mr. and Mrs. H. N. Winfield are spending their vacation with their son-in-law and daughter, Dr. and Mrs. A. A. Savastano at Judith, R. I.

Mr. and Mrs. Donald Herring and Mr. and Mrs. Chester A. Craig are receiving congratulations on the birth of a son.

Mr. and Mrs. Ralph Wells are on vacation.

Mr. and Mrs. C. C. DuMond, Sr., formerly of Albany, are living on their farm here and will move into their new home as soon as it is completed.

The Rev. Harry E. Christiana left Sunday to join his family at Grassy Point, Alexandria Bay, for a month's vacation.

The fair and supper sponsored by Ulster Grange Saturday afternoon was well attended.

GEORGE F. KAUFMAN

It is unfortunate that men like former Surrogate George F. Kaufman, who died Tuesday after a brief illness, cannot live forever. His death is a far more grievous loss to Ulster County than can be told.

During the many years of public service, George Kaufman was instrumental, often unbeknown to the general public, in countless ways that made the community a better place for all residents. His influence was widespread and extended beyond the borders of the county. It was state-wide.

His loyalty and devotion to his home town, Saugerties, was recognized by his fellow men, who appreciated the fact that he often put aside personal matters to be of service. His personality won him innumerable friends to whom his sincerity of purpose itself served as an incentive to greater efforts on their part.

His ability and soundness of judgment was acknowledged by his colleagues in the legal profession. He worked untiringly at his profession and his constant attention to the vast responsibilities that were thrust upon him were joys of his life. Many times his advice was sought on diverse matters, civic and personal and his counsel was considered impartial and responsible.

With characteristic grit he served as Surrogate of Ulster County for 18 years in an able, efficient, dignified and honorable manner.

While Surrogate many highly complicated cases came before the court and there were many contests. These were all disposed of in a manner that brought just and equitable decisions and high praise for the court.

He never had a decision made by him during his years as Surrogate reversed by a higher court.

The Ulster County Bar Association might well be proud of his record.

His death is a great loss, not only to his family, his associates and his many friends but also to mankind.

BEST SELLER

A novel that sells as many as 50,000 copies is a considerable success, as to circulation. The author of such a novel is likely to find himself lionized and asked to autograph copies of his work.

If a novel really catches on with the public, if it is an exciting story well told—or something that promises sufficient "sensation"—it may sell as many as 100,000 copies or even more. Two or three hundred thousand is a really phenomenal sale.

Yet that much of a sale is nothing to that of a certain little book put out by the best known publisher in the country. This book is not a novel, but it does have a fascinating story to tell. It is such a good story, so admirably told, that 35 million copies of the book have been sold since the first one came off the press 40 years ago.

The book is called "Infant Care." Its publisher is the United States government. It has been the useful handbook by which millions of children have been brought through the earliest years of their lives. At 15 cents it is a rare bargain, one sure to influence future generations of Americans.

IKE'S BOLD PROPOSAL

Daring and courage marked the career of Dwight D. Eisenhower the soldier. As a statesman at Geneva he demonstrated that he still possesses both qualities in large measure. His proposal to permit inspections of each other's military facilities by the United States and the Soviet Union was an imaginative and inspired stroke.

In effect the President said: "We have been talking about easing tensions and breaking down barriers. Let's remove the barriers that cause us to fear each other."

Whether this idea will appeal to the Russians is another matter. There are many Americans, some of them leaders in the President's own party, who do not agree with what he proposed. It is their right to disagree and on a matter of such importance debate and discussion are certainly in order.

'These Days'

By GEORGE SOKOLSKY

THE DIVISION OF POWERS

No society can long remain static. Events force changes in structure, just as ideas force changes in the nature of government. The orderliness of a society is not to be measured by its capacity to reject change but by the strength of its institutions to withstand change without due process. The difference between the conservative and the radical is not the velocity of change but the method of development.

Our Constitution provides ample due process for affecting any kind of changes that the American people desire. As a matter of fact, by the process of amendment, the Government of the United States could be abolished altogether, to use an extreme example.

The basic structural theory of our government is the division of powers. So firmly was this idea adhered to by the Founding Fathers that the first three Articles of the Constitution, setting forth functions and limitations, follow the divisions of powers rigidly. The first three Articles are 1. The Legislative; 2. The Executive; 3. The Judicial.

The foreign affairs of the United States are conducted by the President, assisted by his Secretary of State, in accordance with the Constitution.

The Congress plays a Constitutional role in foreign relations as follows: 1. It declares war; 2. It ratifies treaties; 3. It appropriates funds for the conduct of foreign relations in peace and in war; it confirms the appointment of officers dealing with such matters. It may refuse to do any of these things.

The Judiciary plays no role in the conduct of foreign affairs, except as matters may arise out of law suits that come to its attention. The Judiciary plays no role in the formulation of policy, in the conduct of foreign relations, in the appropriation of funds or in any other way.

When, therefore, Justice William O. Douglas, while still a member of the Supreme Court, wherever he may be, holds forth on the foreign policy of the United States, he engages in an act of impropriety. When what he says is opposite to the stated policy of his country, as publicly declared by his government, his conduct is outrageous.

It has been said that while Douglas is Justice of the Supreme Court, he is also a citizen of the United States and that such a statement as he is reported to have made in Tokyo concerning our foreign policy has no official nature but is personal opinion. A person who appreciates the proprieties attending his position knows that certain offices require restraints of tongue because those who don the uniforms of such offices never are private citizens. A Justice of the United States Supreme Court could not with propriety shoot crap, even at a private party; similarly, he ought to have better manners than to talk out of turn. If he wants to do a lot of free-and-easy talking, he ought to resign from a job that places upon him the restraints of position.

The phrase, "the dignity of a judge," had potent meaning in the United States and particularly as applied to Federal Judges. They do not run for office; they do not have to compromise themselves by raising campaign funds; they do not have to carry the cheap plaudits of the mob. They are appointed for life or good behavior and it is expected of them that they shall remove themselves from vulgar living and wise-crack obiter dicta. They are expected to be aloof and dignified. To put it plainly, such living is part of their job and they are paid a salary to abide by it, just as a traffic cop is paid not to be drunk on his beat.

In recent years, there has been a let-down in judicial proprieties and some of it is quite ugly. There was a time when it was possible to see a Justice of the Supreme Court come up to New York on a week-end, night-clubbing with ladies whose notorieties were known to those who specialize in such matters. It was not a pleasant sight if one gave a thought to the dignity and the propriety of the Judiciary.

No one can prevent Justice Douglas from talking too much and about subjects which are constitutionally none of his official business. That has become a habit with him and because it is unusual, extraordinary and in bad taste, it makes news and he is assured a headline.

(Copyright, 1955, King Features Syndicate, Inc.)

That Body of Yours

By JAMES W. BARTON, M.D.

FALLS AMONG ELDERLY PEOPLE

Many elderly persons are in deathly fear of having a bad fall and perhaps breaking a hip as they know that the brittle bones of the elderly are not only more likely to break than those of younger persons but are also more difficult to heal. There has not been much information about the frequency of falls in the elderly until the past few years. In 1948 a social survey was carried out by the Sheffield (England) Council of Social Service on a sample of all people of pensionable age living in Sheffield and the question of falls was discussed twice with each subject, first by the social worker on her preparatory visit and again by the examining physician. Information was sought on falls, their frequency, their seriousness, and whether they required medical attendance and rest in bed. Were the falls due to the environment in which they were living or to some personal disability or both?

It was found that falls increase with age and that women fall at an earlier age than men. Of the sample of 476 persons, 170 or 35 per cent, had sustained falls. Common physical conditions present were vertigo (dizziness), arthritis, heart and blood vessel conditions, and weakness. Poor vision might have been expected to account for many falls but this was not so as only four women had falls caused by bad vision; three had cataracts and the fourth was almost completely blind from glaucoma. On the other hand, there were three men and fifteen women who were severely deaf, who had had attacks of dizziness and had fallen frequently.

Seventy-two per cent lived in houses built before 1920 with narrow staircases, steps too high, lack of bannisters, poor lighting, old-fashioned kitchen ranges and fireplaces with protruding corners. To this should be added defective household implements, old and decrepit furniture, unsuitable floor coverings, and gaps in floor boards.

There were more women who fell than men. This is partly accounted for by the fact that there are more old women than old men but it is also true that there is more domestic activity among women than men. Living habits differ in elderly men and women and this may have a bearing on the accident rate as men reduce furniture to a minimum to do away with unnecessary dusting and cleaning whereas women do not wish to be parted from their possessions and surround themselves with an extraordinary assortment of furnishings.

Falls in the street were almost equally divided between the sexes; they were most frequent before age seventy. After seventy the old person does not seem to venture so often across the streets. Falls on slippery or icy roads are most common, followed by falls while crossing the street due to collision with vehicles.

It is a fact that four-fifths of all fatal home accidents in England occur in small children and in old people. Three-fifths of such fatalities occur in old women. The death rate from falls rises rapidly after 65, until there are about three times as many deaths from falls in women as in men.

Acknowledgments to Dr. Hugo Droller, Leeds, England, in Geriatrics.

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA) — The U. S. Passport Office is moving into new quarters around Labor Day, but it hopes to leave its cockroaches behind. Literally.

The Passport Office staff has been sweating it out in the old Civil War relic Winder building, on 17th street across from Old State since early World War 2. They refer to one section of the file rooms as the cowshed, and to another as the hog house. All this within a block of the White House, showplace of Washington.

As postwar travel has increased, the Passport Office has expanded into two adjacent annex buildings, then into three floors over a restaurant. The thousands of file cabinets are now crowded on 11 floors in three buildings.

THERE IS A MASTER INDEX FILE in the main building with nearly 17 million cards in it. There is a card and a file for everyone who ever applied for a passport.

For the fiscal year ending June 30, the staff turned out a record 499,941 passports and renewals. This was over four a minute for every working day. In June there was a record 71,626, or nearly seven a minute.

Gradually, over the years, dead files in cardboard boxes have been crowded into the cellars of the old buildings. These cellars had served as cells for Confederate captives brought to Washington for questioning by whatever brass served as G-2 in Mr. Lincoln's army.

The cockroaches in these cellars are some of the largest and most aristocratic in Washington. Their ancestors used to see Mr. Lincoln himself walk across the street from the White House and write out in longhand his messages to be sent by that wonderful new invention, the telegraph.

WHEN MISS FRANCES KNIGHT took over as director of the Passport Office on June 1, she called in a management survey team from General Services Administration for a cleanup.

It found in a spot check that 13 per cent of the papers in those 16 million files were in the wrong place. Rush hour phone calls were backed up 22 deep—waiting.

Here was why it took so long to get a passport, in spite of the fact the staff worked 12 hours, six days, in the tourist season.

There was one room that intrigued Miss Knight.

Girls sat in there pasting identification photos in passports and then stamping them with the U. S. seal.

There was an old fashioned hot glue pot—really an antique. The girls brushed the hot glue on the back of the photo, then pressed and dried it with a hot electric iron. It took a couple more operations to apply the seal.

One thing was modern about this process. It seems the glue didn't dry if the humidity was high, so one concession was made to modernity. An air conditioner was installed.

DIRECTOR KNIGHT and the rest of the staff of around 300 employes simply sweat and sit in it. The Civil War wood shutters are shut on the east and south exposure to keep out the broiling Washington summer sun.

They work in semidarkness in the high ceilinged rooms because that's cooler. There are floor fans for the feet. They can't have overhead fans because they might blow the passport papers out the unscreened windows.

June wasn't so bad, but July has been a scorcher. The hotter blonde Miss Knight got, the madder she got. She went to Congress for rent money so she could move.

She called in Bureau of Standards and Census Bureau to design her some new machinery for record handling. She thinks one machine could be built to do this photo pasting and sealing in one operation—bingo!—like that.

It may take a couple of years to get these machines. But sometime about then, it should be possible to get an American passport in a hurry.

Twenty and Ten Years Ago

Aug. 3, 1935—The Republican county convention named J. Edward Conway for assemblyman, Abram F. Molyneaux for sheriff and recommended H. H. Flemming for Supreme Court Justice.

Mrs. Daniel F. Keyser, of Clinton avenue, died.

Earl Stokes and Elting Markle, of New Paltz, suffered burns in a fire that destroyed a barn on the Lake Mohonk road near New Paltz.

* * *

Aug. 3, 1945—Attorney General Nathaniel Y. Goldstein ruled that the New York State Bridge Authority could use its improvement fund money to acquire the Kingston-Rhinecliff ferry.

Boy scouts were scheduled to collect waste paper and rags in the second and third wards.

Arsenic and Old Lace was playing at the Woodstock Playhouse.

The Electrol nine reached a tie for second place in the City League with a 3-0 win over Kingston Knitting Mills.

Questions -- Answers

Q—What role did Mary Pickersgill play in American history?

A—She sewed the flag that flew over Fort McHenry and inspired Francis Scott Key to write "The Star Spangled Banner."

* * *

Q—What is meant by a pivotal state?

A—It is one in which the popular vote is so evenly divided that either party may win the electoral vote and thereby determine the outcome of a presidential election.

* * *

Q—Mow many Americans smoke cigarettes?

A—The government estimates that about 38 million Americans use cigarettes regularly, with men smokers outnumbering women by almost 2-1.

* * *

Q—What is the meaning of the expression "double in brass"?

A—To double in brass is to hold down two different and unlike jobs in the same concern, as to keep the books and to "double in brass" as stenographer.

* * *

Q—How old an instrument is the trumpet?

A—The known history of the trumpet dates back to 2000, B.C.

Recognition of God is the first and most basic expression of Americanism.
—President Eisenhower.

Close Shave Explained

Benton, Ky. (AP) — A middle-aged stranger walked into the crowded Holley-Gordon barbershop and patiently awaited his turn. Everybody was curious about an ugly scar on the man's throat. Finally, he sat down in Check Gordon's chair. "You've never been in this shop before, have you?" asked Gordon. "No," smiled the stranger, "I got this scar in World War 1."

Necessary Equipment

Bethlehem, Conn. (AP)—Volunteer firemen were burned up when someone swiped dozens of pin-up pictures that had adorned the firehouse walls for months. The chief said the pictures served a useful purpose by promoting attendance at company meetings.

Today in Washington

London, Paris Are Seen Ready To 'Sell Out' Formosa Base

By DAVID LAWRENCE

Washington, Aug. 3 — More than 33,000 American boys were killed and nearly 104,000 were wounded in repelling Communist aggression in Korea—and the Red China government is primarily responsible for the crime.

Not a word of repentance has come from the government at Peiping and, in fact, the Red Chinese leaders have perpetrated publicly the lie that their organized armies did not intervene in Korea and that the 1,000,000 Red Chinese troops who moved in there with Russian planes and equipment were only "volunteers." This lie is still the official Peiping view. It has never been withdrawn.

Yet, in the face of these facts and these frauds, the British and French governments are willing to accept Red China into the United Nations and forsake the Nationalist government of China, with its 500,000-man army based on Formosa.

THROUGHOUT the world the Red China government is winning a propaganda victory. By releasing eleven American airmen who have been held captive for many months in direct violation of the terms of the armistice signed at Panmunjom, the Red China government is being welcomed as a "peace-loving" and friendly nation. Editorials in the European press hail the Red China action as a sign of a "new" attitude and as an augury of peace.

When the Nazis and the militaristic Japanese ordered atrocities to be committed against the troops of Allied nations, the persons responsible were later tried as "war criminals." Both Germany and Japan were punished through the defeat of their armies and by the severe terms imposed.

RED CHINA, however, has not been defeated and no punishment has been meted out. In fact, territory in South Korea has been given to the Communists. Both the British and French governments, moreover, are ready to reward the Red China government by admitting it to the Security Council of the United Nations. Everywhere abroad it is being said that American public opinion is changing and that after the lapse of a short time the United States government will bow to the wishes of its European allies and let them vote the Red China government into the United Nations.

There is the greatest danger, however, to Europe if any such event shall come to pass. For if the 30,000 American lives sacrificed in Korea mean so little today to the conscience of the British and French governments, then it will only arouse many Americans to debate whether membership in the North Atlantic Treaty Organization is after all worthwhile. Indeed, if American boys are to be sacrificed to the enemy and the cause for which they fought is to be ignored in an abject surrender of moral principle, then isolationalism will gain more ground than it did in the 1920s.

ALREADY IT is questionable whether the British and French governments will ever allow American air bases abroad to be used to bombard Russia with atomic bombs even if America is attacked. Many a military man, therefore, has been praying for intercontinental bombers in large quantities to be built so that American troops can be withdrawn from Europe altogether.

If, as seems apparent, the British and French governments are ready to ignore American sacrifices in Korea in a policy of appeasement and if the Eisenhower administration yields to them, the Presidential campaign may have the liveliest issue in 1956 it has had since 1920. In that year, many of us who supported American entry into the League of Nations were overwhelmingly defeated because of a widespread belief that European nations were playing the American people for "suckers."

It is most unfortunate that there are some Senators who are charging that a "sell out" is contemplated by the Eisenhower administration on the Red China issue. The wiser course is beng pursued by Sen. Knowland, of California, Republican, who is giving the Eisenhower administration credit for every sincere intention to avoid a "sell out."

THE REAL problem, however, is not in Washington at all. It is in London and Paris, where there is a determination to "sell out" and throw away 500,000 Nationalist troops on Formosa and the 650,000 South Korean troops—both of which armies are a bulwark of strength against the gobbling up of the Philippines and Japan by the Communists. It is the pressure upon the United States by its European allies which is mounting. That's why further debate inside the United States as to what the 30,000 American boys died for is going to become pertinent.

Many observers are saying how wonderful it is to save the lives of the 11 American airmen because, after all, the 30,000 dead cannot be brought back to life. But there also are many thousands of Americans still alive who were wounded in Korea. They are home or in hospitals but they are maimed and disabled.

THE RED CHINESE are responsible for a major crime against the United Nations. Yet the European governments, forgetting the sufferings of the wounded and the million or more Americans who risked their lives in Korea, are willing now to appease the Red Chinese just because they have released 11 American airmen who should never have been held after the Panmunjon armistice. British newspapers are crying out in sensational headlines that peace is coming to the Far East—just because of this so-called "concession." The British in 1938 just after the Munich appeasement were gullible in believing peace was at hand, and so were many of us in America. But an appeasement in 1955 will not be so easily accepted by the Americans who, though fooled before, had to fight to save Britain and France in a second world war and may be called upon to save Europe when Asia has been irrevocably lost to the Communists.

U. S. Prepares for Nuclear Weapon Tests in Pacific

By DOUGLAS LARSEN
NEA Staff Correspondent

Washington (NEA) — Regardless of current high-level talk about disarmament, the U. S. is busily preparing for a new series of nuclear weapons tests to be held in the Pacific next year.

Based on results of past continental and Pacific tests, the new series is expected to produce another major advance in weapons of mass destruction.

Reliable reports indicate that the tests will include the firing of guided missiles with live atomic warheads, the detonation of hydrogen bombs in smaller, more efficient packages and continued experiments with cheaper elements as possible nuclear weapon material.

Another feature of the series will be an effort to adapt more types of atomic weapons for use by the navy.

* * *

THE ELABORATE preparations required for these Pacific experiments are being carried out under super-secret restrictions by Joint Task Force Seven which has offices in the Naval Gun Factory here, and at Pearl Harbor.

Up until now the group has been headed by famed Adm. Charles B. Momsen, the navy's top submarine expert. He has helped to set up the special plans aimed at extending the number of atomic weapons which the navy will get.

Adm. Momsen is retiring soon and Adm. Byron Hall Hanlon will take over command of the joint force. Fittingly, Adm. Hanlon is the navy's top man on underwater demolition methods. He won the Navy Cross during World War 2 for his personal supervision of pre-invasion underwater demolition operations at Iwo Jima.

Adm. Hanlon does not have an extensive background in nuclear physics. But as a former boss of the Naval Ordnance Laboratory in nearby White Oak, Md., he has an intimate knowledge of research problems generally.

* * *

ONE OF the decisions which will fall on his shoulders when the tests are under way—some time after November, 1956—is the final O.K. on suitable weather conditions for each shot.

It was tricky winds during the 1954 series in the Pacific which caused radioactive fall-out on a group of Japanese fishermen, eventually resulting in the death of one.

There was so much international protest after that incident that the question was raised as to whether any more tests should be permitted at the Atomic Energy Commission's Eniwetok Proving Ground. It will be Adm. Hanlon's sole responsibility to see that no such incident happens again.

It has been the practice to rotate the command of these joint testing projects among the three services. And it's fortunate that the navy's turn has come again at this time. One of the problems facing the top planners is the greater dispersal of the stockpile of combat-ready nuclear weapons among elements of the fleet.

* * *

STRATEGISTS recognize the fact that if war should come the enemy would hit first every U. S. base where nuclear weapons might be stored. They would do this to deter retaliation as much as possible.

From this thinking there has evolved the need to have as many navy ships as possible, when at sea, armed with as many A-bombs and H-bombs as possible. It means adapting these weapons to use by submarines, aircraft carriers and practically all types of combat ships down to small PT boats.

The use of guided missiles with atomic warheads from subs, which could surface anywhere near the coast of an enemy is an old concept. But it's one that is expected to be tried out in actual practice during next year's Pacific tests.

Firing missiles which have live atomic warheads has never before been tried.

GEORGE F. KAUFMAN

It is unfortunate that men like former Surrogate George F. Kaufman, who died Tuesday after a brief illness, cannot live forever. His death is a far more grievous loss to Ulster County than can be told.

During the many years of public service, George Kaufman was instrumental, often unbeknown to the general public, in countless ways that made the community a better place for all residents. His influence was widespread and extended beyond the borders of the county. It was state-wide.

His loyalty and devotion to his home town, Saugerties, was recognized by his fellow men, who appreciated the fact that he often put aside personal matters to be of service. His personality won him innumerable friends to whom his sincerity of purpose itself served as an incentive to greater efforts on their part.

His ability and soundness of judgment was acknowledged by his colleagues in the legal profession. He worked untiringly at his profession and his constant attention to the vast responsibilities that were thrust upon him were joys of his life. Many times his advice was sought on diverse matters, civic and personal and his counsel was considered impartial and responsible.

With characteristic grit he served as Surrogate of Ulster County for 18 years in an able, efficient, dignified and honorable manner.

While Surrogate many highly complicated cases came before the court and there were many contests. These were all disposed of in a manner that brought just and equitable decisions and high praise for the court.

He never had a decision made by him during his years as Surrogate reversed by a higher court.

The Ulster County Bar Association might well be proud of his record.

His death is a great loss, not only to his family, his associates and his many friends but also to mankind.

BEST SELLER

A novel that sells as many as 50,000 copies is a considerable success, as to circulation. The author of such a novel is likely to find himself lionized and asked to autograph copies of his work.

If a novel really catches on with the public, if it is an exciting story well told—or something that promises sufficient "sensation"—it may sell as many as 100,000 copies or even more. Two or three hundred thousand is a really phenomenal sale.

Yet that much of a sale is nothing to that of a certain little book put out by the best known publisher in the country. This book is not a novel, but it does have a fascinating story to tell. It is such a good story, so admirably told, that 35 million copies of the book have been sold since the first one came off the press 40 years ago.

The book is called "Infant Care." Its publisher is the United States government. It has been the useful handbook by which millions of children have been brought through the earliest years of their lives. At 15 cents it is a rare bargain, one sure to influence future generations of Americans.

IKE'S BOLD PROPOSAL

Daring and courage marked the career of Dwight D. Eisenhower the soldier. As a statesman at Geneva he demonstrated that he still possesses both qualities in large measure. His proposal to permit inspections of each other's military facilities by the United States and the Soviet Union was an imaginative and inspired stroke.

In effect the President said: "We have been talking about easing tensions and breaking down barriers. Let's remove the barriers that cause us to fear each other."

Whether this idea will appeal to the Russians is another matter. There are many Americans, some of them leaders in the President's own party, who do not agree with what he proposed. It is their right to disagree and on a matter of such importance debate and discussion are certainly in order.

'These Days'

By GEORGE SOKOLSKY

THE DIVISION OF POWERS

No society can long remain static. Events force changes in structure, just as ideas force changes in the nature of government. The orderliness of a society is not to be measured by its capacity to reject change but by the strength of its institutions to withstand change without due process. The difference between the conservative and the radical is not the velocity of change but the method of development.

Our Constitution provides ample due process for affecting any kind of changes that the American people desire. As a matter of fact, by the process of amendment, the Government of the United States could be abolished altogether, to use an extreme example.

The basic structural theory of our government is the division of powers. So firmly was this idea adhered to by the Founding Fathers that the first three Articles of the Constitution, setting forth functions and limitations, follow the divisions of powers rigidly. The first three Articles are 1. The Legislative; 2. The Executive; 3. The Judicial.

The foreign affairs of the United States are conducted by the President, assisted by his Secretary of State, in accordance with the Constitution.

The Congress plays a Constitutional role in foreign relations as follows: 1. It declares war; 2. It ratifies treaties; 3. It appropriates funds for the conduct of foreign relations in peace and in war; it confirms the appointment of officers dealing with such matters. It may refuse to do any of these things.

The Judiciary plays no role in the conduct of foreign affairs, except as matters may arise out of law suits that come to its attention. The Judiciary plays no role in the formulation of policy, in the conduct of foreign relations, in the appropriation of funds or in any other way.

When, therefore, Justice William O. Douglas, while still a member of the Supreme Court, wherever he may be, holds forth on the foreign policy of the United States, he engages in an act of impropriety. When what he says is opposite to the stated policy of his country, as publicly declared by his government, his conduct is outrageous.

It has been said that while Douglas is Justice of the Supreme Court, he is also a citizen of the United States and that such a statement as he is reported to have made in Tokyo concerning our foreign policy has no official nature but is personal opinion. A person who appreciates the proprieties attending his position knows that certain offices require restraints of tongue because those who don the uniforms of such offices never are private citizens. A Justice of the United States Supreme Court could not with propriety shoot crap, even at a private party; similarly, he ought to have better manners than to talk out of turn. If he wants to do a lot of free-and-easy talking, he ought to resign from a job that places upon him the restraints of position.

The phrase, "the dignity of a judge," had potent meaning in the United States and particularly as applied to Federal Judges. They do not run for office; they do not have to compromise themselves by raising campaign funds; they do not have to carry the cheap plaudits of the mob. They are appointed for life or good behavior and it is expected of them that they shall remove themselves from vulgar living and wise-crack obiter dicta. They are expected to be aloof and dignified. To put it plainly, such living is part of their job and they are paid a salary to abide by it, just as a traffic cop is paid not to be drunk on his beat.

In recent years, there has been a let-down in judicial proprieties and some of it is quite ugly. There was a time when it was possible to see a Justice of the Supreme Court come up to New York on a week-end, night-clubbing with ladies whose notorieties were known to those who specialize in such matters. It was not a pleasant sight if one gave a thought to the dignity and the propriety of the Judiciary.

No one can prevent Justice Douglas from talking too much and about subjects which are constitutionally none of his official business. That has become a habit with him and because it is unusual, extraordinary and in bad taste, it makes news and he is assured a headline.

That Body of Yours

By JAMES W. BARTON, M.D.

FALLS AMONG ELDERLY PEOPLE

Many elderly persons are in deathly fear of having a bad fall and perhaps breaking a hip as they know that the brittle bones of the elderly are not only more likely to break than those of younger persons but are also more difficult to heal. There has not been much information about the frequency of falls in the elderly until the past few years. In 1948 a social survey was carried out by the Sheffield (England) Council of Social Service on a sample of all people of pensionable age living in Sheffield and the question of falls was discussed twice with each subject, first by the social worker on her preparatory visit and again by the examining physician. Information was sought on falls, their frequency, their seriousness, and whether they required medical attendance and rest in bed. Were the falls due to the environment in which they were living or to some personal disability or both?

It was found that falls increase with age and that women fall at an earlier age than men. Of the sample of 476 persons, 170 or 35 per cent, had sustained falls. Common physical conditions present were vertigo (dizziness), arthritis, heart and blood vessel conditions, and weakness. Poor vision might have been expected to account for many falls but this was not so as only four women had falls caused by bad vision; three had cataracts and the fourth was almost completely blind from glaucoma. On the other hand, there were three men and fifteen women who were severely deaf, who had had attacks of dizziness and had fallen frequently.

Seventy-two per cent lived in houses built before 1920 with narrow staircases, steps too high, lack of bannisters, poor lighting, old-fashioned kitchen ranges and fireplaces with protruding corners. To this should be added defective household implements, old and decrepit furniture, unsuitable floor coverings, and gaps in floor boards.

There were more women who fell than men. This is partly accounted for by the fact that there are more old women than old men but it is also true that there is more domestic activity among women than men. Living habits differ in elderly men and women and this may have a bearing on the accident rate as men reduce furniture to a minimum to do away with unnecessary dusting and cleaning whereas women do not wish to be parted from their possessions and surround themselves with an extraordinary assortment of furnishings.

Falls in the street were almost equally divided between the sexes; they were most frequent before age seventy. After seventy the old person does not seem to venture so often across the streets. Falls on slippery or icy roads are most common, followed by falls while crossing the street due to collision with vehicles.

It is a fact that four-fifths of all fatal home accidents in England occur in small children and in old people. Three-fifths of such fatalities occur in old women. The death rate from falls rises rapidly after 65, until there are about three times as many deaths from falls in women as in men.

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA) — The U. S. Passport Office is moving into new quarters around Labor Day, but it hopes to leave its cockroaches behind. Literally.

The Passport Office staff has been sweating it out in the old Civil War relic Winder building, on 17th street across from Old State since early World War 2.

They refer to one section of the file rooms as the cowshed, and to another as the hog house. All this within a block of the White House, showplace of Washington.

As postwar travel has increased, the Passport Office has expanded into two adjacent annex buildings, then into three floors over a restaurant. The thousands of file cabinets are now crowded on 11 floors in three buildings.

THERE IS A MASTER INDEX FILE in the main building with nearly 17 million cards in it. There is a card and a file for everyone who ever applied for a passport.

For the fiscal year ending June 30, the staff turned out a record 499,941 passports and renewals. This was over four a minute for every working day. In June there was a record 71,626, or nearly seven a minute.

Gradually, over the years, dead files in cardboard boxes have been crowded into the cellars of the old buildings. These cellars had served as cells for Confederate captives brought to Washington for questioning by whatever brass served as G-2 in Mr. Lincoln's army.

The cockroaches in these cellars are some of the largest and most aristocratic in Washington. Their ancestors used to see Mr. Lincoln himself walk across the street from the White House and write out in longhand his messages to be sent by that wonderful new invention, the telegraph.

WHEN MISS FRANCES KNIGHT took over as director of the Passport Office on June 1, she called in a management survey team from General Services Administration for a cleanup.

It found in a spot check that 13 per cent of the papers in those 16 million files were in the wrong place. Rush hour phone calls were backed up 22 deep—waiting.

Here was why it took so long to get a passport, in spite of the fact the staff worked 12 hours, six days, in the tourist season.

There was one room that intrigued Miss Knight.

Girls sat in there pasting identification photos in passports and then stamping them with the U. S. seal.

There was an old fashioned hot glue pot—really an antique. The girls brushed the hot glue on the back of the photo, then pressed and dried it with a hot electric iron. It took a couple more operations to apply the seal.

One thing was modern about this process. It seems the glue didn't dry if the humidity was high, so one concession was made to modernity. An air conditioner was installed.

DIRECTOR KNIGHT and the rest of the staff of around 300 employes simply sweat and sit in it. The Civil War wood shutters are shut on the east and south exposure to keep out the broiling Washington summer sun.

They work in semidarkness in the high ceilinged rooms because that's cooler. There are floor fans for the feet. They can't have overhead fans because they might blow the passport papers out the unscreened windows.

June wasn't so bad, but July has been a scorcher. The hotter blonde Miss Knight got, the madder she got. She went to Congress for rent money so she could move.

She called in Bureau of Standards and Census Bureau to design her some new machinery for record handling. She thinks one machine could be built to do this photo pasting and sealing in one operation—bingo!—like that.

It may take a couple of years to get these machines. But sometime about then, it should be possible to get an American passport in a hurry.

By DAVID LAWRENCE

Washington, Aug. 3 — More than 33,000 American boys were killed and nearly 104,000 were wounded in repelling Communist aggression in Korea—and the Red China government is primarily responsible for the crime.

Not a word of repentance has come from the government at Peiping and, in fact, the Red Chinese leaders have perpetrated publicly the lie that their organized armies did not intervene in Korea and that the 1,000,000 Red Chinese troops who moved in there with Russian planes and equipment were only "volunteers." This lie is still the official Peiping view. It has never been withdrawn.

Yet, in the face of these facts and these frauds, the British and French governments are willing to accept Red China into the United Nations and forsake the Nationalist government of China, with its 500,000-man army based on Formosa.

THROUGHOUT the world the Red China government is winning a propaganda victory. By releasing eleven American airmen who have been held captive for many months in direct violation of the terms of the armistice signed at Panmunjom, the Red China government is being welcomed as a "peace-loving" and friendly nation. Editorials in the European press hail the Red China action as a sign of a "new" attitude and as an augury of peace.

When the Nazis and the militaristic Japanese ordered atrocities to be committed against the troops of Allied nations, the persons responsible were later tried as "war criminals." Both Germany and Japan were punished through the defeat of their armies and by the severe terms imposed.

RED CHINA, however, has not been defeated and no punishment has been meted out. In fact, territory in South Korea has been given to the Communists. Both the British and French governments, moreover, are ready to reward the Red China government by admitting it to the Security Council of the United Nations. Everywhere abroad it is being said that American public opinion is changing and that after the lapse of a short time the United States government will bow to the wishes of its European allies and let them vote the Red China government into the United Nations.

There is the greatest danger, however, to Europe if any such event shall come to pass. For if the 30,000 American lives sacrificed in Korea mean so little today to the conscience of the British and French governments, then it will only arouse many Americans to debate whether membership in the North Atlantic Treaty Organization is after all worthwhile. Indeed, if American boys are to be sacrificed to the enemy and the cause for which they fought is to be ignored in an abject surrender of moral principle, then isolationalism will gain more ground than it did in the 1920s.

ALREADY IT is questionable whether the British and French governments will ever allow American air bases abroad to be used to bombard Russia with atomic bombs even if America is attacked. Many a military man, therefore, has been praying for intercontinental bombers in large quantities to be built so that American troops can be withdrawn from Europe altogether.

If, as seems apparent, the British and French governments are ready to ignore American sacrifices in Korea in a policy of appeasement and if the Eisenhower administration yields to them, the Presidential campaign may have the liveliest issue in 1956 it has had since 1920. In that year, many of us who supported American entry into the League of Nations were overwhelmingly defeated because of a widespread belief that European nations were playing the American people for "suckers."

It is most unfortunate that there are some Senators who are charging that a "sell out" is contemplated by the Eisenhower administration on the Red China issue. The wiser course is beng pursued by Sen. Knowland, of California, Republican, who is giving the Eisenhower administration credit for every sincere intention to avoid a "sell out."

THE REAL problem, however, is not in Washington at all. It is in London and Paris, where there is a determination to "sell out" and throw away 500,000 Nationalist troops on Formosa and the 650,000 South Korean troops—both of which armies are a bulwark of strength against the gobbling up of the Philippines and Japan by the Communists. It is the pressure upon the United States by its European allies which is mounting. That's why further debate inside the United States as to what the 30,000 American boys died for is going to become pertinent.

Many observers are saying how wonderful it is to save the lives of the 11 American airmen because, after all, the 30,000 dead cannot be brought back to life. But there also are many thousands of Americans still alive who were wounded in Korea. They are home or in hospitals but they are maimed and disabled.

THE RED CHINESE are responsible for a major crime against the United Nations. Yet the European governments, forgetting the sufferings of the wounded and the million or more Americans who risked their lives in Korea, are willing now to appease the Red Chinese just because they have released 11 American airmen who should never have been held after the Panmunjon armistice. British newspapers are crying out in sensational headlines that peace is coming to the Far East—just because of this so-called "concession." The British in 1938 just after the Munich appeasement were gullible in believing peace was at hand, and so were many of us in America. But an appeasement in 1955 will not be so easily accepted by the Americans who, though fooled before, had to fight to save Britain and France in a second world war and may be called upon to save Europe when Asia has been irrevocably lost to the Communists.

U. S. Prepares for Nuclear Weapon Tests in Pacific

By DOUGLAS LARSEN
NEA Staff Correspondent

Washington (NEA) — Regardless of current high-level talk about disarmament, the U. S. is busily preparing for a new series of nuclear weapons tests to be held in the Pacific next year.

Based on results of past continental and Pacific tests, the new series is expected to produce another major advance in weapons of mass destruction.

Reliable reports indicate that the tests will include the firing of guided missiles with live atomic warheads, the detonation of hydrogen bombs in smaller, more efficient packages and continued experiments with cheaper elements as possible nuclear weapon material.

Another feature of the series will be an effort to adapt more types of atomic weapons for use by the navy.

* * *

THE ELABORATE preparations required for these Pacific experiments are being carried out under super-secret restrictions by Joint Task Force Seven which has offices in the Naval Gun Factory here, and at Pearl Harbor.

Up until now the group has been headed by famed Adm. Charles B. Momsen, the navy's top submarine expert. He has helped to set up the special plans aimed at extending the number of atomic weapons which the navy will get.

Adm. Momsen is retiring soon and Adm. Byron Hall Hanlon will take over command of the joint force. Fittingly, Adm. Hanlon is the navy's top man on underwater demolition methods. He won the Navy Cross during World War 2 for his personal supervision of pre-invasion underwater demolition operations at Iwo Jima.

Adm. Hanlon does not have an extensive background in nuclear physics. But as a former boss of the Naval Ordnance Laboratory in nearby White Oak, Md., he has an intimate knowledge of research problems generally.

* * *

ONE OF the decisions which will fall on his shoulders when the tests are under way—some time after November, 1956—is the final O.K. on suitable weather conditions for each shot.

It was tricky winds during the 1954 series in the Pacific which caused radioactive fall-out on a group of Japanese fishermen, eventually resulting in the death of one.

There was so much international protest after that incident that the question was raised as to whether any more tests should be permitted at the Atomic Energy Commission's Eniwetok Proving Ground. It will be Adm. Hanlon's sole responsibility to see that no such incident happens again.

It has been the practice to rotate the command of these joint testing projects among the three services. And it's fortunate that the navy's turn has come again at this time. One of the problems facing the top planners is the greater dispersal of the stockpile of combat-ready nuclear weapons among elements of the fleet.

* * *

STRATEGISTS recognize the fact that if war should come the enemy would hit first every U. S. base where nuclear weapons might be stored. They would do this to deter retaliation as much as possible.

From this thinking there has evolved the need to have as many navy ships as possible, when at sea, armed with as many A-bombs and H-bombs as possible. It means adapting these weapons to use by submarines, aircraft carriers and practically all types of combat ships down to small PT boats.

The use of guided missiles with atomic warheads from subs, which could surface anywhere near the coast of an enemy is an old concept. But it's one that is expected to be tried out in actual practice during next year's Pacific tests.

Firing missiles which have live atomic warheads has never before been tried.

Poor Advertising

Tallahassee, Fla. (AP) — The Tallahassee board of realtors has asked brokers to stop putting for sale signs on houses they're handling. The signs, the board said, lessen confidence in property values and give visitors the impression the city isn't a desirable place in which to live.

Bronx Shoemaker Passes $32,000 Quiz Show Test

New York, Aug. 3 (AP)—Could you answer this question:

What Verdi opera started Arturo Toscanini on his career as a conductor; in what country did he conduct it; where was the opera first performed and on the eve of what holiday was that premiere?

The correct answer was worth $32,000 to Geno Prato, an Italian-born Bronx shoemaker, on a television quiz show last night.

Without hesitation the life-long opera enthusiast gave the right reply—Aida; Brazil; Cairo, Egypt; and Christmas Eve.

THIS DOUBLED Prato's previous winning on the CBS show, "The $64,000 Question," and entitled him to come back next week to try for the top prize of $64,000.

Prato, 55, had the choice of taking $16,000 won the week before or risking it on the chance of doubling his money with last night's question.

Announcing his decision to try for $32,000, Prato said, "with God behind me all my life, I think I will try."

TO KEEP the audience from signaling or calling out any help, Prato was ushered into an "isolation booth" on the stage. He crossed himself as he stepped inside.

Next week he again has the choice of accepting the prize money won to date or taking a chance on the final question. This will again be a question about opera, since that is the category Prato designated when he first appeared on the show.

If he chooses to try the question and misses, he will get an automobile for a consolation prize. Thus far no contestant on the program has tried for the top prize.

Prato said he will use his winnings to take his family back to Italy to visit his 92-year-old father, who lives near Genoa.

Argentine Swimmer Fails

New Madrid, Mo., Aug. 3 (AP)—Antonio Abertondo, 37-year-old Argentine swimmer, failed in his second try at swimming 300 miles down the Mississippi river but drew the praise of the record holder for his effort. Abertondo, bleeding from fish bites, was hauled unconscious from the river yesterday after he covered 221 miles and had been in the water 65 hours and 17 minutes after starting from St. Louis on Saturday.

Named Assistant

New York, Aug. 3 (AP)—Atty. Gen. Jacob K. Javits today announced the appointment of Joseph E. Ruggiero, of 136 Waverly Place, Manhattan, as an assistant attorney general. Ruggiero served as deputy assistant attorney general from 1949 to 1952, and became law secretary to former State Supreme Court justice Arthur H. Schwartz in 1952. In 1953, Ruggiero was named an attorney on the staff of the Moreland Act Commission investigating workmen's compensation. Ruggiero, 33, a bachelor and an overseas army veteran of World War 2, received his law degree from Columbia Law School in 1948.

Council Active

moral" to ask the change at this time.

Some had signed petitions both for and against the change he noted, and some, after talking to the Parnetts, indicated they were opposed only if the property were to be used for a gas station. His client, he said, was willing "to put it in writing" that the property would not be used for any objectionable purpose, other than originally stipulated.

Attorney Bruhn noted that the area has grown as a residential section, and that "very few of the new people" there were aware of the change in zoning on the Parnett property.

Bruhn said he felt there was not emphasis enough before the public hearing on the proposed zoning change three years ago, and he suggested that in the future that those concerned with proposed zoning changes be served notice by registered mail.

IT WAS "TOO BAD" he said, that even though there was "no vociferous opposition" at the public hearing three years ago, that the council did not have the foresight to vote down the proposal because the area was so definitely residential. He cited rulings to show that any reclassification of a property rests with a city's legislative body, and held the legislators are entitled to make the change, if it best suits public interest.

As to "restricted covenants," mentioned by Attorney Gold to assure a specific use for the property, he held that "up to now they are merely a promise."

To say the change would be "immoral" at this time, he held, was unfair in that it was the "individual approach." As unfair as it might seem to an individual, he said, it would not be an unfair procedure to keep the area as thoroughly residential as possible, if the property owners in the area want it that way. Permission was given originally, he noted, to build a store. "This man has done nothing for three years."

GOLD SAID later, when again given the floor, that the agreement of his client to limit use of the property, had not materialized, because it was contingent upon mutual understanding between both sides to continue with the project. Against the argument that property values would drop in the area, he cited, the rezoned Albany avenue area as an example of property value increases.

Alderman Richard V. Roth, 12th ward, moved for the recessed meeting, and Edwin Radel, third ward, said he thought the people who attended the meeting were entitled to know the reason for the delay in action on the Parnett zoning proposal.

"WE HAVE to look for legal advice," he said, noting that the corporation counsel was not available. "In my opinion this is a legal question, and until such time as an opinion is received, I will not vote one way or the other.' Alderman Ryan wondered if some lawyer "in a stand-by position," for the corporation counsel, could not give opinion." It was later indicated that the corporation counsel would return before the recessed meeting.

The decision to recess the meeting apparently came during a long recess of the laws and rules committee. Two of its members, Abram D. Relyea, (R.) chairman and William K. Bodenweber, (D.) were absent. The other members are Alderman-at-large Joseph Kelly, Radel, and Joseph Wenzel.

Seeks Own Justice

tical" conditions at Carlisle Hospital.

Judge Mark E. Garber was hit in the upper right arm and doctors said there was a possibility it might be necessary to amputate.

George Black, 50, Chambersburg attorney associated with Faller, was struck in the left arm.

THE CIRCUMSTANCES of the shooting paralleled a slaying in Warren county (Pa.) Common Pleas Court in Warren in 1954.

Norman Moon, 29, of Connellsville, a defendant in a non-support action brought by his wife, shot and killed Judge Allison D. Wade as he sat on the bench.

A jury convicted Moon of first degree murder and decreed death, but sentencing has been delayed pending completion of appeals.

Kefauver Sees

for possible perjury action.

Today, Kefauver asked Dixon: "Do you, Mr. Dixon, stand on the testimony you and Mr. James gave yesterday that Mr. Wenzell—a vice president and director of the First Boston corporation — a man whose report was read by President Eisenhower and former President Hoover—was nothing but a 'messenger boy' or a 'courier'"

"I should like to stand very firmly, sir," Dixon replied, "on all the testimony I have given this committee so far."

James said he did, too.

Farmers in N.Y.

use of city water for sprinkling lawns, washing cars, air conditioning and other non-essential purposes. Similar bans are in effect in some communities of neighboring Erie county.

Stroth said the level of the seven artesian wells which supply the city was dangerously low. One resident said it was the first such ban in at least seven years.

SEVEN FIRES burned in the Adirondacks and one in the Catskills. Only one, however, on Long Pond Mountain about 10 miles north of Speculator, was considered dangerous.

Forest rangers figured that a bolt of lightning started that fire last Wednesday. It broke into the rock fissures atop the mountain Saturday.

A farmer was killed yesterday when the pickup truck he was driving crashed into a fence post at Great Valley. A Cattaraugus county corner said James HW. Holcomb had suffered heat prostration and was in a state of shock when the accident occurred.

TEMPERATURES as high as 100 were reported across the state.

The high was at LaGuardia Airport, New York. At the Battery, where the city has its weather station, the high was a record 97.5.

Other highs were 99 at Hempstead, 95 at Poughkeepsie and Newburgh, 93 at Buffalo, 92 at Syracuse, 91 at Elmira, Albany and Watertown and 90 at Rochester, Rome and Glens Falls.

The weather bureau predicted that isolated showers in the hard-hit western and west-central counties would leave less than a quarter inch of rain. Some areas may get none.

MANY FARMERS face serious losses of money unless heavy rains come this month. Corn crops need moisture. Beans and oats probably have reached a stage where only light yields may be expected. Late cabbage, beets, string beans and potatoes also are in need of water.

Pasture lands have dried up in many areas and dairy farmers have put their stock on winter feeding of hay and sileage. Many crops have been cut from one-half to two-thirds on numerous farms. Second cuttings have been limited.

Floods Force Evacuation

Albuquerque, Aug. 3 (AP)—Flash floods struck North Albuquerque for the second time in two weeks last night causing the evacuation of some families and disrupting train service. The waters, rushing out of two arroyos leading from a mesa north of the city, sliced 20 feet of track out of the Santa Fe Railroad, halting all trains through here. No injuries were reported.

Reds to See Grain Unit

Aberdeen, S. D., Aug. 3 (AP)—Eleven members of the visiting delegation of Soviet agricultural officials set out this morning to look at South Dakota's largest single grain storage unit. The cooperatively owned South Dakota Wheat Growers Assn. terminal elevator here, the first item on the Russian's program for the day, has a capacity of over a half million bushels. In the afternoon the guests were scheduled to visit the nearby Lincoln Ranch, owned by Frank McHugh. This enterprise has 2,400 acres.

Return of Airman

prisons or are never heard from again . . . I didn't know."

And she indicated Schmidt doesn't know of her remarriage when she said:

"I think it's better to come home and find your wife is happily married than to come home and find she's been running around with everybody."

OF SCHMIDT, she says: "I loved him very much. After all, he is the father of my child. But I was only with him a few weeks before he went overseas."

Of Fine: "We're very happy. I don't like it up here in the woods but he's been a good husband and I love him."

Fine himself says little about the strange situation.

"We met and we fell in love. That's about all there is to tell," he said. "Her happiness means more to me than anything. We talked it over and it's my wife's decision."

Secrecy Is . . .

roving diplomat who spoke with both Wang and Johnson yesterday, also said before his departure that he foresaw no difficulties on the question of civilian repatriation.

REPORTS circulated in official circles in New Delhi that Menon had notified Prime Minister Nehru that agreement was reached in Geneva on the need for a conference of foreign ministers on Far Eastern problems. There was no official confirmation.

It was not made clear whether Johnson and Wang had agreed together, or simply supported individually a suggestion by Menon that a Far East conference of foreign ministers, including the United States, Red China, India and some other Asian countries, was desirable.

Anderson Takes Control

Taipei, Formosa, Aug. 3 (AP)—Rear Adm. George W. Anderson, Jr. today assumed command of the U. S. Formosa Strait patrol. He took over from Rear Adm. Frederick N. Kivette, who left for Pearl Harbor to become chief of staff to the commander in chief of the Pacific Fleet.

14 of Ike's . . .

approved by House committee.

Customs simplification—Passed the House. Tied up in controversy in the Senate Finance Committee.

Pay increase for cabinet officers and several hundred other top government executives — passed the House, but died in the Senate last night despite strong administration pressure on it.

MILITARY survivors benefits —passed the House. The Senate Finance Committee said it was too complicated to handle this year, although Eisenhower sent personal word he would appreciate quick action.

These were measures asked by the President which neither body passed:

A constitutional amendment to lower the voting age to 18 in federal elections.

Revision of the Taft-Hartley Labor-Management Relations law.

An increase in postal rates to reduce the deficit of the post office department.

A FEDERAL reinsurance program to bolster and expand private health insurance plans.

Hawaiian statehood — The House voted down a combined Hawaiian-Alaskan statehood bill. The administration opposed statehood for Alaska.

Liberalization of refugee relief act.

Atomic Peace Ship — The House passed an atomic merchant ship bill, but not the demonstration vessel asked by the President. The Eisenhower project was approved by the Senate-House Atomic Energy Committee last Friday, but did not get through either branch.

PROGRAM of loans and other aids to low-income farmers—One minor measure passed Congress, but the principal legislation was not acted on.

In addition, several major bills which largely originated among the lawmakers failed to win final passage this session, but most of them are certain to be revived early next year.

These includes bills to provide new social security benefits for women over 62 and disabled workers over 50, to exempt natural gas producers from federal controls, to restore rigid high price supports on basic farm products, to cut income taxes chiefly for low-income families, and to increase quotas for domestic sugar producers.

All five of these passed the House this session, but were not acted on in the Senate, except for the income tax reduction, which was killed.

Congress Session Escapes Deaths First in 20 Years

Washington, Aug. 3 (AP)—For the first time in more than 20 years, no members of the Senate or the House died during the session which ended early today.

Last year there were nine deaths among senators and representatives.

One member-elect of this Congress, Dwight Rogers of Florida, died last December before the 84th Congress convened in January. His son, Paul G. Rogers, was elected to succeed him.

NOT SINCE the House membership was increased to 435 more than two decades ago had there been a session of Congress during which no senator or representative died.

Since 1929, when the practice of conducting annual memorial services for deceased members started, an average of 10 members have died each session.

As reflected by the memorial services, the peak number of deaths was 21 senators and House members in 1937. The lowest was previously 3 in 1943.

Bronx Shoemaker Passes $32,000 Quiz Show Test

New York, Aug. 3 (AP)—Could you answer this question:

What Verdi opera started Arturo Toscanini on his career as a conductor; in what country did he conduct it; where was the opera first performed and on the eve of what holiday was that premiere?

The correct answer was worth $32,000 to Geno Prato, an Italian-born Bronx shoemaker, on a television quiz show last night.

Without hesitation the life-long opera enthusiast gave the right reply—Aida; Brazil; Cairo, Egypt; and Christmas Eve.

THIS DOUBLED Prato's previous winning on the CBS show, "The $64,000 Question," and entitled him to come back next week to try for the top prize of $64,000.

Prato, 55, had the choice of taking $16,000 won the week before or risking it on the chance of doubling his money with last night's question.

Announcing his decision to try for $32,000, Prato said, "with God behind me all my life, I think I will try."

TO KEEP the audience from signaling or calling out any help, Prato was ushered into an "isolation booth" on the stage. He crossed himself as he stepped inside.

Next week he again has the choice of accepting the prize money won to date or taking a chance on the final question. This will again be a question about opera, since that is the category Prato designated when he first appeared on the show.

If he chooses to try the question and misses, he will get an automobile for a consolation prize. Thus far no contestant on the program has tried for the top prize.

Prato said he will use his winnings to take his family back to Italy to visit his 92-year-old father, who lives near Genoa.

Argentine Swimmer Fails

New Madrid, Mo., Aug. 3 (AP)—Antonio Abertondo, 37-year-old Argentine swimmer, failed in his second try at swimming 300 miles down the Mississippi river but drew the praise of the record holder for his effort. Abertondo, bleeding from fish bites, was hauled unconscious from the river yesterday after he covered 221 miles and had been in the water 65 hours and 17 minutes after starting from St. Louis on Saturday.

Named Assistant

New York, Aug. 3 (AP)—Atty. Gen. Jacob K. Javits today announced the appointment of Joseph E. Ruggiero, of 136 Waverly Place, Manhattan, as an assistant attorney general. Ruggiero served as deputy assistant attorney general from 1949 to 1952, and became law secretary to former State Supreme Court justice Arthur H. Schwartz in 1952. In 1953, Ruggiero was named an attorney on the staff of the Moreland Act Commission investigating workmen's compensation. Ruggiero, 33, a bachelor and an overseas army veteran of World War 2, received his law degree from Columbia Law School in 1948.

Council Active

moral" to ask the change at this time.

Some had signed petitions both for and against the change he noted, and some, after talking to the Parnetts, indicated they were opposed only if the property were to be used for a gas station. His client, he said, was willing "to put it in writing" that the property would not be used for any objectionable purpose, other than originally stipulated.

Attorney Bruhn noted that the area has grown as a residential section, and that "very few of the new people" there were aware of the change in zoning on the Parnett property.

Bruhn said he felt there was not emphasis enough before the public hearing on the proposed zoning change three years ago, and he suggested that in the future that those concerned with proposed zoning changes be served notice by registered mail.

IT WAS "TOO BAD" he said, that even though there was "no vociferous opposition" at the public hearing three years ago, that the council did not have the foresight to vote down the proposal because the area was so definitely residential. He cited rulings to show that any reclassification of a property rests with a city's legislative body, and held the legislators are entitled to make the change, if it best suits public interest.

As to "restricted covenants," mentioned by Attorney Gold to assure a specific use for the property, he held that "up to now they are merely a promise."

To say the change would be "immoral" at this time, he held, was unfair in that it was the "individual approach." As unfair as it might seem to an individual, he said, it would not be an unfair procedure to keep the area as thoroughly residential as possible, if the property owners in the area want it that way. Permission was given originally, he noted, to build a store. "This man has done nothing for three years."

GOLD SAID later, when again given the floor, that the agreement of his client to limit use of the property, had not materialized, because it was contingent upon mutual understanding between both sides to continue with the project. Against the argument that property values would drop in the area, he cited, the rezoned Albany avenue area as an example of property value increases.

Alderman Richard V. Roth, 12th ward, moved for the recessed meeting, and Edwin Radel, third ward, said he thought the people who attended the meeting were entitled to know the reason for the delay in action on the Parnett zoning proposal.

"WE HAVE to look for legal advice," he said, noting that the corporation counsel was not available, "In my opinion this is a legal question, and until such time as an opinion is received, I will not vote one way or the other.' Alderman Ryan wondered if some lawyer "in a stand-by position," for the corporation counsel, could not give opinion." It was later indicated that the corporation counsel would return before the recessed meeting.

The decision to recess the meeting apparently came during a long recess of the laws and rules committee. Two of its members, Abram D. Relyea, (R.) chairman and William K. Bodenweber, (D.) were absent. The other members are Alderman-at-large Joseph Kelly, Radel, and Joseph Wenzel.

Seeks Own Justice

tical" conditions at Carlisle Hospital.

Judge Mark E. Garber was hit in the upper right arm and doctors said there was a possibility it might be necessary to amputate.

George Black, 50, Chambersburg attorney associated with Faller, was struck in the left arm.

THE CIRCUMSTANCES of the shooting paralleled a slaying in Warren county (Pa.) Common Pleas Court in Warren in 1954.

Norman Moon, 29, of Connellsville, a defendant in a non-support action brought by his wife, shot and killed Judge Allison D. Wade as he sat on the bench.

A jury convicted Moon of first degree murder and decreed death, but sentencing has been delayed pending completion of appeals.

Kefauver Sees

for possible perjury action.

Today, Kefauver asked Dixon: "Do you, Mr. Dixon, stand on the testimony you and Mr. James gave yesterday that Mr. Wenzell—a vice president and director of the First Boston corporation — a man whose report was read by President Eisenhower and former President Hoover—was nothing but a 'messenger boy' or a 'courier'"

"I should like to stand very firmly, sir," Dixon replied, "on all the testimony I have given this committee so far."

James said he did, too.

Farmers in N.Y.

use of city water for sprinkling lawns, washing cars, air conditioning and other non-essential purposes. Similar bans are in effect in some communities of neighboring Erie county.

Stroth said the level of the seven artesian wells which supply the city was dangerously low. One resident said it was the first such ban in at least seven years.

SEVEN FIRES burned in the Adirondacks and one in the Catskills. Only one, however, on Long Pond Mountain about 10 miles north of Speculator, was considered dangerous.

Forest rangers figured that a bolt of lightning started that fire last Wednesday. It broke into the rock fissures atop the mountain Saturday.

A farmer was killed yesterday when the pickup truck he was driving crashed into a fence post at Great Valley. A Cattaraugus county corner said James HW. Holcomb had suffered heat prostration and was in a state of shock when the accident occurred.

TEMPERATURES as high as 100 were reported across the state.

The high was at LaGuardia Airport, New York. At the Battery, where the city has its weather station, the high was a record 97.5.

Other highs were 99 at Hempstead, 95 at Poughkeepsie and Newburgh, 93 at Buffalo, 92 at Syracuse, 91 at Elmira, Albany and Watertown and 90 at Rochester, Rome and Glens Falls.

The weather bureau predicted that isolated showers in the hard-hit western and west-central counties would leave less than a quarter inch of rain. Some areas may get none.

MANY FARMERS face serious losses of money unless heavy rains come this month. Corn crops need moisture. Beans and oats probably have reached a stage where only light yields may be expected. Late cabbage, beets, string beans and potatoes also are in need of water.

Pasture lands have dried up in many areas and dairy farmers have put their stock on winter feeding of hay and sileage. Many crops have been cut from one-half to two-thirds on numerous farms. Second cuttings have been limited.

Floods Force Evacuation

Albuquerque, Aug. 3 (AP)—Flash floods struck North Albuquerque for the second time in two weeks last night causing the evacuation of some families and disrupting train service. The waters, rushing out of two arroyos leading from a mesa north of the city, sliced 20 feet of track out of the Santa Fe Railroad, halting all trains through here. No injuries were reported.

Reds to See Grain Unit

Aberdeen, S. D., Aug. 3 (AP)—Eleven members of the visiting delegation of Soviet agricultural officials set out this morning to look at South Dakota's largest single grain storage unit. The cooperatively owned South Dakota Wheat Growers Assn. terminal elevator here, the first item on the Russian's program for the day, has a capacity of over a half million bushels. In the afternoon the guests were scheduled to visit the nearby Lincoln Ranch, owned by Frank McHugh. This enterprise has 2,400 acres.

Return of Airman

prisons or are never heard from again . . . I didn't know."

And she indicated Schmidt doesn't know of her remarriage when she said:

"I think it's better to come home and find your wife is happily married than to come home and find she's been running around with everybody."

OF SCHMIDT, she says: "I loved him very much. After all, he is the father of my child. But I was only with him a few weeks before he went overseas."

Of Fine: "We're very happy. I don't like it up here in the woods but he's been a good husband and I love him."

Fine himself says little about the strange situation.

"We met and we fell in love. That's about all there is to tell," he said. "Her happiness means more to me than anything. We talked it over and it's my wife's decision."

Secrecy Is . . .

roving diplomat who spoke with both Wang and Johnson yesterday, also said before his departure that he foresaw no difficulties on the question of civilian repatriation.

REPORTS circulated in official circles in New Delhi that Menon had notified Prime Minister Nehru that agreement was reached in Geneva on the need for a conference of foreign ministers on Far Eastern problems. There was no official confirmation.

It was not made clear whether Johnson and Wang had agreed together, or simply supported individually a suggestion by Menon that a Far East conference of foreign ministers, including the United States, Red China, India and some other Asian countries, was desirable.

Anderson Takes Control

Taipei, Formosa, Aug. 3 (AP)—Rear Adm. George W. Anderson, Jr. today assumed command of the U. S. Formosa Strait patrol. He took over from Rear Adm. Frederick N. Kivette, who left for Pearl Harbor to become chief of staff to the commander in chief of the Pacific Fleet.

14 of Ike's . . .

approved by House committee.

Customs simplification—Passed the House. Tied up in controversy in the Senate Finance Committee.

Pay increase for cabinet officers and several hundred other top government executives — passed the House, but died in the Senate last night despite strong administration pressure on it.

MILITARY survivors benefits —passed the House. The Senate Finance Committee said it was too complicated to handle this year, although Eisenhower sent personal word he would appreciate quick action.

These were measures asked by the President which neither body passed:

A constitutional amendment to lower the voting age to 18 in federal elections.

Revision of the Taft-Hartley Labor-Management Relations law.

An increase in postal rates to reduce the deficit of the post office department.

A FEDERAL reinsurance program to bolster and expand private health insurance plans.

Hawaiian statehood — The House voted down a combined Hawaiian-Alaskan statehood bill. The administration opposed statehood for Alaska.

Liberalization of refugee relief act.

Atomic Peace Ship — The House passed an atomic merchant ship bill, but not the demonstration vessel asked by the President. The Eisenhower project was approved by the Senate-House Atomic Energy Committee last Friday, but did not get through either branch.

PROGRAM of loans and other aids to low-income farmers—One minor measure passed Congress, but the principal legislation was not acted on.

In addition, several major bills which largely originated among the lawmakers failed to win final passage this session, but most of them are certain to be revived early next year.

These includes bills to provide new social security benefits for women over 62 and disabled workers over 50, to exempt natural gas producers from federal controls, to restore rigid high price supports on basic farm products, to cut income taxes chiefly for low-income families, and to increase quotas for domestic sugar producers.

All five of these passed the House this session, but were not acted on in the Senate, except for the income tax reduction, which was killed.

Congress Session Escapes Deaths First in 20 Years

Washington, Aug. 3 (AP)—For the first time in more than 20 years, no members of the Senate or the House died during the session which ended early today.

Last year there were nine deaths among senators and representatives.

One member-elect of this Congress, Dwight Rogers of Florida, died last December before the 84th Congress convened in January. His son, Paul G. Rogers, was elected to succeed him.

NOT SINCE the House membership was increased to 435 more than two decades ago had there been a session of Congress during which no senator or representative died.

Since 1929, when the practice of conducting annual memorial services for deceased members started, an average of 10 members have died each session.

As reflected by the memorial services, the peak number of deaths was 21 senators and House members in 1937. The lowest was previously 3 in 1943.

Boosts Current Output

New York, Aug. 3 (AP)—A continuing heat wave helped boost electric power output in the United States last week to an all-time high of 10,727,000,000 kilowatt hours, Edison Electric Institute said today. Heavy consumption by air-conditioning and refrigeration equipment was a major factor in sending the nation's electric power production to a new record, industry sources said. The week's total was a hefty 17.4 per higher than the 9,139,000,000 kilowatt hours recorded for the like week of 1954.

Production Resumed

Rome, N. Y., Aug. 3 (AP)—The Rome Division of Revere Copper & Brass Inc. resumed limited production today after a four-day shutdown caused by the copper miners' strike in the western states. Robert M. Lake, vice president in charge of the division, said yesterday that all of the 2,000 employes laid off would be called back to work. The division was among Revere plants in six cities shut down because of the raw-copper shortage resulting from the strike.

Butler Hits Ike's Role in Talbott Move

Washington, Aug. 3 (AP)—Paul M. Butler, chairman of the Democratic National Committee, said President Eisenhower chose "the easy way out" in accepting the resignation of Harold E. Talbott as secretary of the air force.

He said the President had sidestepped the issue of ethics.

Eisenhower told his news conference last week he would read the record of a Senate investigation of Talbott's outside business interests and make his decision on Talbott on the basis of ethics involved.

The White House announced Talbott's resignation Monday. Accepting it, Eisenhower said Talbott had made the "right" decision. Talbott will step out Aug. 13.

Butler issued a statement yesterday calling the Talbott resignation "a case of unpunished unethical conduct."

Increases for Officials

New York, Aug. 3 (AP)—The board of estimate was handed out salary increases amounting to $597,250 a year to judges and top officials in the city's Democratic administration. Minority Republican members of the board, highest governing body in the city, opposed the raises, saying the money would be better spent to enlarge the police force or boost teacher salaries. The 242 raises, voted yesterday, ranged from $500 to $10,000. The largest went to Sanitation Commissioner Andrew W. Mulrain, whose pay was boosted from $15,000 ot $25,000.

To Visit Bear Mountain

Thirty-five boys from the YMCA visited Sportsmen's Park pool in Rosendale on August 1, and are planning a trip to Bear Mountain on August 8. They will leave the Y at 9 a. m. Frank Rebello, boys secretary, reminds boys who would like to make the trip to sign up by August 6 at the YMCA.

Live Stop

Harrisburg, Pa. (AP)—James C. Kellum, 30, had only minor cuts after his car ran out of control and struck a tree. The car traveled 162 feet through a cemetery and narrowly missed several large tombstones before it hit the tree.

Goodwill Gesture Uncertain

Reds' Present Switch May Carry Price Tag

Washington, Aug. 3 (AP)—How much does a big smile cost?

Geneva is getting as cozy as Christmas Eve. The Russians were jolly when they met the West there. If Russian Premier Bulganin, with his chin whiskers, had put on a red flannel suit he would have made a pretty good Santa Claus.

Now the Red Chinese, meeting the United States in the same place, make an opening gesture of goodwill by freeing 11 American airmen.

WHAT ISN'T CLEAR, of course, and may not be for months or years, is the purpose of the Communists in this sudden switch. Is it to relax tensions, as the diplomats say? Or do they hope to gain more with grins than guns?

One thing is sure: There's a price tag on the grins. What isn't sure is the price. The bill will be delivered later. For the Russians and the Red Chinese Geneva is just the first card in an all-night poker game.

At the moment there seems to be general relief and approval in this country over the slight thaw in relations between east and west. Except for Sen. McCarthy (R.-Wis.) there has been practically no criticism in Washington for President Eisenhower's dealing with the Communists so far.

BUT IF THE Russians and Red Chinese follow up their opener by making concessions, they will demand concessions in return. That's when the present mild Washington weather should give way to storms, with thunder.

McCarthy has been pecking away unsuccessfully at Eisenhower ever since the Senate last year condemned the Wisconsin Republican for some of his conduct. He opened up yesterday on the whole idea of being "friendly" with the Communists.

He blasted Eisenhower for sitting down with "tyrants and murderers." He said he's going to make an issue of the President's efforts to get along with the Communists.

(This is about the first issue he seems to have found since the Senate slapped him down. That resulted from his tactics in hunting Communists at home. Now he apparently will go after them abroad.)

BUT McCARTHY'S attack of yesterday put the finger on the dilemma of both Eisenhower and the United States. What should the United States do: Stay armed to the teeth indefinitely, with a chance of war at any moment, or try to reach a middle is just about alone in berating ground with the Communists if they show an inclination in that direction?

McCarthy didn't offer any answer. If Eisenhower doesn't try to reach a middle ground then war is made more possible. Yet if he yields ground on vital points the western alliances against the Communists may collapse and they win anyway.

AT THE MOMENT McCarthy Eisenhower for dealing with the Reds. Sen. Knowland of California, Senate Republican leader, leaped to Eisenhower's defense against McCarthy yesterday. So did other GOP senators.

But if the United States eventually makes concessions to the Red Chinese at the expense of Chiang Kai-shek's Nationalists on Formosa, Knowland will almost certainly start tearing after Eisenhower and wind up on McCarthy's side.

At this moment, except for McCarthy, those who have strong feelings about yielding to the Reds on specific issues and in specific places haven't found any ground for denouncing talks with the Russians.

Talk is all Eisenhower has done so far.

Bid of $2,501,110 Accepted on Shanks

New York, Aug. 3 (AP)—The Public Housing Administration has accepted the bid of $2,501,110 by the Sandra Construction Co., of Englewood, N. J., for the 691-acre Shanks Village near Orangeburg, Rockland county, N. Y.

Acceptance of the bid, the highest of 12 received, was announced yesterday by the administration's New York field office.

Herman D. Hillman, director of the field office, said title to the property will pass to the company within 60 days. After that, the 250-odd families still living in converted barracks on the former site of the army's Camp Shanks will have six months to vacate.

Sandra President Wilson R. Kaplan, who represents a group of builders in a project to develop the site, said yesterday several things remain to be done before building plans are decided upon. Land planners and engineers will survey the site and the company will discuss its plans with officials of the town of Orangetown in which Shanks Village is located.

Of the 691 acres, about 65 are zoned for industry, 18 for commercial buildings and the rest for residences.

The Shanks barracks at one time housed 1,500 World War 2 veterans and their families.

Memory of Doomsday, Aug. 9, Kept Alive at Shiroyama School

Children Say Prayers Around Peace Statue

(Editor's Note: Nagasaki, blasted three days after Hiroshima 10 years ago, has been called the "forgotten atom-bombed city." Here's how survivors there will mark the anniversary next week and how they are living with the memory of World War 2's second and last atomic bomb, second in a series of three articles.)

By GENE KRAMER

Nagasaki, Aug. 3 (AP)—Ten years ago was Doomsday at Shiroyama Grade School.

At 11:02 a. m., Aug. 9, 1945, the second atomic bomb dropped on Japan exploded about a half mile away and turned the building to rubble. Twenty-eight teachers and more than 1,300 students died.

Today a new building stands on the same site. In its courtyard is a bronze statue of a schoolboy and two doves. It is inscribed: "The 9th of August is Doomsday."

ONCE A MONTH, a new generation of schoolchildren gathers around the statue. They say a prayer to the A-bomb's victims, sing a song called "Spirit of the Children," and hear a talk by Principal Tatuso Oi.

Oi has been a school principal in Nagasaki ever since little Japanese boys and girls were forced to wave Rising Sun flags and shout "Banzai" in schools such as this. Now completely bald, he lost his first wife in the atomic attack.

"We tell the pupils that such a dangerous weapon as the atomic bomb should not be used, or it will mean destruction of the world," Oi said in an interview.

"THEN THE pupils go to their own classrooms and their teachers guide them to think seriously about the peace of the world."

There is no formal classwork on World War 2 and the atomic bombing. It was eliminated from the elementary school course when the allies occupied Japan and has never been restored.

"The children (ages 6 to 11) are too young for such a delicate question," said Oi. "They are living under various circumstances. Some had fathers who died on the battlefield. It would be wrong to evoke unnecessary yearnings for revenge.

"INDEED, it is not right that Japan was active in starting the second world war. But in some points, it can be said that Japan at the time was so circumstanced as to resort to the last and worst means of finding a way to live, which is called war.

"It is not only Japan, but all other nations involved in the war which should feel responsible for the miserable situation of the world at that time."

The teaching pattern for youngsters in Japan 10 years after defeat's de-emphasis of the last war, aversion to things military and near worship of the abstract idea of peace. Some authorities warn this is making martyrs of the new army leaders that in a decade will backfire into a new era of military patriotism.

HIGH SCHOOL students get a terse chronology of the war, usually including a simple statement that the Pacific war started when Japanese planes bombed Pearl Harbor.

By the time they finish high school, the boys may become outspoken if they discuss history with opinionated parents or schoolteachers or read much. Right now the most voluble teachers are leftist inclined.

"Even if Japan had not been defeated, militarism surely would have swallowed this country," said 16-year-old Yosuke Hashimoto of Nagasaki. He said he developed this currently popular idea while reading up for a school forum.

SURVIVORS of Nagasaki's A-bomb blast spent the night after the attack atop Mt. Kompira, now called Magic Mountain because it shielded most of the city from disaster. A shipbuilding yard downstream, which had launched some of Japan's biggest battleships and reportedly was the central target, was only slightly damaged. But 73,000 people were killed.

Next week, on Aug. 9, the people of Nagasaki will dedicate two new civic buildings to the memory of those dead. One is the new 50-foot-high bronze statue called "Prayer for Peace." The other is a six-story building which cost a third of a million dollars—Nagasaki's new International Cultural Center and Auditorium.

ON THE FIFTH floor photographs of survivors are displayed, along with samples of melted tile and burned clothing. There is a cracked bust of Christ facing away from a clock stopped at 11:02, the instant of the explosion.

Workmen are still repairing the twisted steel framework of factories and some of the ghostlike, cracked buildings of Nagasaki's medical college, where 864 patients, students, doctors and nurses died.

The only recent sign of bad feeling toward Americans was a show of hostility from fishermen here after dust from an H-bomb, tested last year at Bikini, drifted over the Japanese fishing boat Lucky Dragon. U. S. Navy warships here on occasional visits get a big welcome.

Like most Japanese, the people of Nagasaki are hostile toward atomic weapons, but don't seem to mind being the "forgotten atom-bombed city."

Principal Oi says the youngsters in his school often ask about the atomic bomb.

"I tell them there was a war and a very powerful bomb exploded and that many people were killed,' says second grade teacher Kyoko Azuka. "I say no more, for we should look to the future, not the past, and preserve peace at any cost."

Civil Service Exam

A civil service examination for engineer has been announced for filling positions paying $4,345 and $4,930 a year at the McClellan Air Force Base in California. Optional branches of engineering included in the examination are aeronautical, electrical, electronic, industrial, materials, and mechanical. Further information and application forms may be obtained from William P. Barry, Main Post Office or from the U. S. Civil Service Commission, Washington 25, D. C.

JET-AGE "PULSE" CAPTURED BY TINY BULB—Pulsating flame from afterburner of F86-D jet all-weather fighter-interceptor is captured in this picture, one of a series in the first jet-to-jet night flash photographs ever taken. Snapped at Selfridge Air Force Base, Mich., from a T-33 two-seat jet trainer some 60 feet away, only one M-2 bulb, smallest in commercial production, was used for a light source. Afterburner's exhaust usually shows as a horizontal column of flame when taken with a time exposure. Photographs were made in connection with the 25th anniversary of the introduction of flashbulbs in the United States, Aug. 1, 1930, by General Electric.

SHOKAN NEWS

Shokan, Aug. 2—The historic old Ridge road has been macadamized for a considerable distance between Route 28 and its northern terminus at Krott's Corners: Local shale was formerly used on this town road for many years.

Mrs. Frank Vernon and Mrs. Myron Schoonmaker of West Hurley were callers in the village center Friday. Mrs. Schoonmaker, formerly of East Jewett, is a member of the Greene county branch of the Winchell clan, her paternal grandfather having moved there from the town of Olive.

Mr. and Mrs. Leonard Ruckert recently celebrated their 40th wedding anniversary.

Mrs. Cornwell Longyear, the former Evelyn Wands of Shokan, writes from Albuquerque, New Mexico, of "extreme weather in every respect" out there. Recent showers brought floods which only temporarily relieved the drouth conditions. The Longyears, both Ulster county school teachers before marriage, removed to the southwest some 30 years ago.

Callers here Friday included Mr. and Mrs. Henry Oakley who have an old stone house along the Atwood-Vly road in Marbletown. The couple are furnishing their home with antiques, some of which date way back in the Oakley family. Mrs. Oakley, who was Mollie Weeks, resided here as a girl.

Mrs. Jack Ruben and children are occupying their Shokan house, which they bought of John McGovern last year. Mrs. Ruben's father, M. David of New York, is spending some time here.

Having a birthday Saturday, Aug. 9, is Mrs. William Wardell of the Church Hill neighborhood. Mrs. Wardell as Cora Giles was brought up near Shokan, one of six children of Benjamin and Alida (Eckert) Giles.

Mrs. Martin Gulnac and daughter, Mary, accompanied by the latter's friend, Mary Jackson of Ashokan have returned home following a 10-day vacation sojourn in the Gulnac trailer at North Lake.

"Bobby" Barringer, son of Mr. and Mrs. Floyd Barringer, is spending a vacation with his brother-in-law and sister, Mr. and Mrs. Charles Jackson, in Washington, D. C.

The hot. dry spell having burned most lawns to a crisp is now seriously affecting apple and other fruit trees.

Mr. and Mrs. Bert Winne and Mrs. Winne's sister, Mabel Buley, of Mt. Tremper were Shokan callers Thursday. The Shandaken residents were accompanied by their friend. Mrs. A. McPhee of Cliffside, N. J. Mrs. McPhee was Anna Coons and her girlhood home was near the red schoolhouse on the Shokan mountain road. She is related to Earl and Burr Elmendorf.

Mr. and Mrs. Howard Olsen and children of Brooklyn moved last week into one of the L. Ruckert apartments in the village center. Howard, a carpenter, is working on one of the new buildings going up in Woodstock.

Arnold Rymkevich and Bud Irwin are planning to build roads connecting their respective hillside tracts with Route 28. Both local developers have large holdings, their acreage being those portions of the Joseph Shelighter and Susan Eichler farm not taken for Ashokan Reservoir purposes.

George Jackson, youngest son of Mr. and Mrs. Frank Jackson, is a corporal in the 21st Engineers Co. at Ft. Winfield Scott near San Francisco. George expects to conclude his army service in October when he will return to his duties at the IBM engineer laboratory in Poughkeepsie. He will reside in Newburgh with his wife, the former Alicia Garcia, until the latter completes her training in the nursing school of St. Luke's Hospital.

Memory of Doomsday, Aug. 9, Kept Alive at Shiroyama School

Children Say Prayers Around Peace Statue

(Editor's Note: Nagasaki, blasted three days after Hiroshima 10 years ago, has been called the "forgotten atom-bombed city." Here's how survivors there will mark the anniversary next week and how they are living with the memory of World War 2's second and last atomic bomb, second in a series of three articles.)

By GENE KRAMER

Nagasaki, Aug. 3 (AP)—Ten years ago was Doomsday at Shiroyama Grade School.

At 11:02 a. m., Aug. 9, 1945, the second atomic bomb dropped on Japan exploded about a half mile away and turned the building to rubble. Twenty-eight teachers and more than 1,300 students died.

Today a new building stands on the same site. In its courtyard is a bronze statue of a schoolboy and two doves. It is inscribed: "The 9th of August is Doomsday."

ONCE A MONTH, a new generation of schoolchildren gathers around the statue. They say a prayer to the A-bomb's victims, sing a song called "Spirit of the Children," and hear a talk by Principal Tatuso Oi.

Oi has been a school principal in Nagasaki ever since little Japanese boys and girls were forced to wave Rising Sun flags and shout "Banzai" in schools such as this. Now completely bald, he lost his first wife in the atomic attack.

"We tell the pupils that such a dangerous weapon as the atomic bomb should not be used, or it will mean destruction of the world," Oi said in an interview.

"THEN THE pupils go to their own classrooms and their teachers guide them to think seriously about the peace of the world."

There is no formal classwork on World War 2 and the atomic bombing. It was eliminated from the elementary school course when the allies occupied Japan and has never been restored.

"The children (ages 6 to 11) are too young for such a delicate question," said Oi. "They are living under various circumstances. Some had fathers who died on the battlefield. It would be wrong to evoke unnecessary yearnings for revenge.

"INDEED, it is not right that Japan was active in starting the second world war. But in some points, it can be said that Japan at the time was so circumstanced as to resort to the last and worst means of finding a way to live, which is called war.

"It is not only Japan, but all other nations involved in the war which should feel responsible for the miserable situation of the world at that time."

The teaching pattern for youngsters in Japan 10 years after defeat's de-emphasis of the last war, aversion to things military and near worship of the abstract idea of peace. Some authorities warn this is making martyrs of the new army leaders that in a decade will backfire into a new era of military patriotism.

HIGH SCHOOL students get a terse chronology of the war, usually including a simple statement that the Pacific war started when Japanese planes bombed Pearl Harbor.

By the time they finish high school, the boys may become outspoken if they discuss history with opinionated parents or schoolteachers or read much. Right now the most voluble teachers are leftist inclined.

"Even if Japan had not been defeated, militarism surely would have swallowed this country," said 16-year-old Yosuke Hashimoto of Nagasaki. He said he developed this currently popular idea while reading up for a school forum.

SURVIVORS of Nagasaki's A-bomb blast spent the night after the attack atop Mt. Kompira, now called Magic Mountain because it shielded most of the city from disaster. A shipbuilding yard downstream, which had launched some of Japan's biggest battleships and reportedly was the central target, was only slightly damaged. But 73,000 people were killed.

Next week, on Aug. 9, the people of Nagasaki will dedicate two new civic buildings to the memory of those dead. One is the new 50-foot-high bronze statue called "Prayer for Peace." The other is a six-story building which cost a third of a million dollars—Nagasaki's new International Cultural Center and Auditorium.

ON THE FIFTH floor photographs of survivors are displayed, along with samples of melted tile and burned clothing. There is a cracked bust of Christ facing away from a clock stopped at 11:02, the instant of the explosion.

Runaway Scrap Market May Bring on Controls

New York, Aug. 3 (AP)—A runaway scrap market is giving the steel industry and Washington a bad case of the jitters, the Iron Age, national metalworking weekly, said today.

Noting that scrap prices have boomed to near-record levels, the publication said:

"The crisis in scrap brought top-level buyers, sellers and administration officials together in Washington this week to wrestle with the problem. It will be a tough nut to crack.

"THE QUESTION of controls in one form or another is certain to be brought up. It will center about further restrictions on exports to relieve the domestic supply problem. And it will cause a big rhubarb between buyers and sellers...

"Everybody involved will have to tread softly. Because if scrap is controlled, why not control other metallics, including finished steel?"

Iron Age listed "disgruntled customers" as another major headache for the industry.

"There are more dissatisfied steel consumers today than there were during the tight market of 1953," it said. "Everyone has the feeling he's being shortchanged. Some customers are facing the prospect of slowing down their production lines if they don't get relief in a hurry. And the outlook for some of them is not too encouraging."

A third vexing problem is maintenance, said the publication, adding:

"Blast furnaces, open hearths and rolling mills are showing the effect of long months of wear and tear...meanwhile, demand continues to exceed capacity at most mills. Backlogs are still growing. Delivery promises are weeks behind schedule. A carryover from the fourth quarter into 1956 is a certainty."

Use vinegar to soften glue which has hardened in the bottle.

DIED

COLAO — In this city, Aug. 1, 1955, Frances Colao, (nee Trapasso), wife of the late Anthony Colao; mother of Emanuel, Augustine, Joseph, Frederick and Elvira Colao, Mrs. James Uhl, all of Kingston; sister of Mrs. Mary Ferraro, Mrs. Catherine Schettino and Anthony Trapasso, all of White Plains, Mrs. Mary A. Perrcelli of Italy.

Signed,
VAL SKOP, President.
REV. JOSEPH J. SIECZEK, Spiritual Director.

TIANO — Rose (nee Castiglione), of East Kingston, on Wednesday, Aug. 3, 1955, wife of Vincenzo Tiano; mother of Mrs. Lillian Henry, Michael, John, Sam and Thomas Tiano; stepmother of Charles and Frank J. Tiano; sister of Mrs. Jennie DeLuca and Mrs. Salvatore Ramundo. Also surviving are eight grandchildren and five great grandchildren.

Funeral will be held from the Frank H. Simpson Funeral Home, 411 Albany avenue, on Saturday, Aug. 6, at 9:15 a. m., thence to St. Colman's Church, East Kingston, where a high Mass of requiem will be offered at 10 a. m. for the repose of her soul. Burial will be in St. Mary's Cemetery. Friends may call at any time.

Local Death Record

Myrtle Milkent

Mrs. Myrtle Milkent, wife of Joseph Milkent, July 30 in Chicago. Besides her husband she is survived by three sisters, Miss Nellie Stokes, this city; Mrs. Naomi Waters of Albany and Mrs. Edna Shammot of Niagara Falls and a brother, Paul Stokes. Funeral services were held August 2 at the Drake Braithwaite Funeral Chapel, 2221 Lincoln avenue, Chicago, Ill.

Isador Goldman

Funeral services for Isador Goldman who died in New York city on Monday were held Tuesday at 2 p. m., at the F. Daniel Halloran Funeral Home, 88 West Chester street. Dr. H. Z. Rappaport, rabbi, officiated, assisted by Cantor Joseph Kline. The services were largely attended by his many friends and business associates. Burial was in Montrepose Cemetery.

Peter Chunka

The funeral of Peter Chunka, 62, who died suddenly Monday at the home of his daughter, Mrs. Edward Mac Intyre, in Ohioville will be held from the Pine Funeral Home, New Paltz, on Thursday at 9:30 a. m., and at St. Joseph's Church, New Paltz, at 10 a. m., where a requiem Mass will be said for the repose of his soul. Burial will be in St. Charles Cemetery, Gardiner. The Rosary will be recited at 8 p. m., today.

William Douglas Hunter

Funeral services for William Douglas Hunter of Bloomington were held from the Francis J. McCardle Funeral Home, 99 Henry street, Tuesday at 2 p. m., with the Rev. Joseph E. Carlin of the Bloomingdale Reformed Church officiating. Monday evening officers and members of Kingston Lodge, 10, F & AM, conducted ritualistic services for Mr. Hunter who was a member of Wyllys Lodge, AF & AM, of West Hartford, Conn. Numerous and beautiful floral pieces completely banked the casket. Burial took place in St. Remy Cemetery where the Rev. Mr. Carlin conducted the committal. Bearers were Raymond LeFever, Charles J. Reilly, Earl Gilchrist and Douglas Taylor.

J. Burnett Churchwell

J. Burnett Churchwell of 193 Downs street died in this city following a short illness. He is survived by his wife, the former Effie A. Hoornbeck and a brother, Charles Churchwell of Wallkill. Mr. Churchwell was a member of the First Presbyterian Church for the 30 years he lived in Kingston and was very active in all church affairs contributing many hours of his time to their success. He was a 50-year life member of the Knights of Pythias Lodge. The funeral will be held from the Jenson and Deegan Funeral Home, 15 Downs street, Saturday at 2 p. m., and burial will be in Rosendale Plains Cemetery. Friends may call at the funeral home from 2 to 4 p. m., and 7 to 9 p. m., on Thursday and Friday.

Olivera Coutant

Olivera Krueger Coutant, 34, died at her home, 107 Abeel street, last night after a long illness. Although in ill health for some time, her death came as a shock to many friends, especially those in the Rondout sector, where she was well known. She was a member of Trinity Evangelical Lutheran Church. Surviving are her husband, Kenneth J. Coutant; a son, John Kenneth; her father Rudolph Krueger, well-known downtown barber, and stepmother, Elizabeth Krueger; a sister, Mrs. Hilda Cole; a brother, Edward Krueger, and several nieces and nephews. The funeral will be held from the home, 107 Abeel street, Friday at 2 p. m. Burial will be in Montrepose Cemetery. Friends may call at the home Wednesday and Thursday between 2 and 4 p. m. and 7 and 10 p. m.

Philip P. Karageorge

Philip P. Karageorge of 70 Liberty street died suddenly yesterday morning. He is survived by his wife, Helen Rozakies Karageorge, a daughter, Mrs. William C. Boyle of Kingston, a son, Pvt. Pedros Karageorge, USA of Fort Lewis, Washington, two brothers, Spiros and George Karageorge of New York city and a sister and brother in Greece. Mr. Karageorge lived in Kingston for the past 28 years and was well known in the community. He was a chef at McCabe's Restaurant for 16 years and at the time of his sudden illness was employed at the Clover Leaf Restaurant in Saugerties. The funeral will be held from the Jenson and Deegan Funeral Home, 15 Downs street, Friday at 11 a. m. Relatives and friends are invited to attend. The burial will be in Wiltwyck Cemetery. Friends may call at the funeral home at any time.

Rose Tiano

Mrs. Rose Tiano, wife of Vincenzo Tiano of East Kingston, died early Wednesday morning following a long illness. Mrs. Tiano was born in Italy, a daughter of the late Theresa and Thomas Castiglione. She was a resident of East Kingston for more than 50 years. In addition to her husband she is survived by a daughter, Mrs. Lillian Henry of East Kingston; four sons, Michael, John and Thomas of East Kingston, Sam Tiano of Bridgeport, Conn.; two stepsons, Frank J. of Kingston and Charles of San Antonio, Texas; two sisters, Mrs. Jennie DeLuca of East Kingston and Mrs. Salvatore Ramundo of Haverstraw; also surviving are eight grandchildren and five great-grandchildren. Funeral will be held from the Frank H. Simpson Funeral Home, 411 Albany avenue, on Saturday at 9:15 a. m., thence to St. Colman's Church, East Kingston, where a high Mass of requiem will be offered for her soul at 10 a. m. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home at any time.

Marie E. Moeslein

The funeral of Mrs. Marie E. Moeslein was held today at 10 a. m. from the Jenson and Deegan Funeral Home, 15 Downs street, and 10:30 a. m. at St. Mary's Church where a high Mass of requiem was offered for the repose of her soul by the Rev. Patrick Carney of St. John the Evangelist at The Clove. Her many relatives and friends were present at the services in tribute to her memory. At the Offertory, Miss Patricia Keefe, soloist, sang "Pie Jesu," and following the last blessing she sang "In Paradisum." During the bereavement the Rt. Rev. Msgr. Martin J. Drury called at the chapel and offered prayers. On Tuesday evening, the Rev. John Flaherty led in the recitation of the Holy Rosary. Many school teachers from the various schools throughout the city also called to pay their respects. Beautiful floral tributes and many Mass cards testified to the high esteem in which she was held. Bearers were George Matthews, Peter Keresman, Charles Murphy and John N. Cordts. Burial was in St. Peter's Cemetery where Father Flaherty gave the final absolution at the grave.

Burns Are Fatal To Milton Youth

Carston Conn, 18, of Milton, who suffered first and second degree burns last Friday afternoon when ammonia pipes broke in Conn's Cooler near that village, died Tuesday night at St. Luke's Hospital, Newburgh.

Coroner Myron Agnew authorized a verdict of accidental death due to ammonia poisoning.

Highland State Police reported last Saturday that young Conn had suffered first and second degree burns of the face and body and first degree burns of the intestines as far as the lungs. Damage to the intestines was due to inhalation of ammonia fumes.

TROOPER J. S. Franke, who investigated reported that the youth was repairing the ceiling of the cooler, located on Route 9W west of the village, when the ammonia pipes broke and fell, pinning him to the floor. The accident occurred about 4:30 p. m.

First aid and respiration was administered by the Highland Fire Department and the youth rushed to the hospital

Arrested on Warrant

Arthur Miller, 47, of 7 West Strand, was picked up on a warrant early today, after his alleged failure to appear in City Court last Saturday on a third degree assault charge. He was arrested by Officers Edward Edwards and William Norton on Ann street. He was paroled for appearance after the first arrest and Special City Judge Harry Gold today fixed bail at $25. Miller was sent to the county jail in default of bail. Rose Gordon of West Strand was listed as complainant.

Few Notice Any Change as Local Mercury Stays Up

Few persons about town noticed the difference between yesterday's 94 degrees and the sizzling high of 103 Monday.

One day seemed as hot as the other and you can say about the same for today when the mercury reached 92 at 1:15 p. m.

IT WAS NOTED at the city engineer's office today that Tuesday appeared to be the first day this summer when New York city's high was a few points above the local for any one day. New York claimed a record with 97.5.

Today, the weather bureau's 30-day outlook offers "little comfort for thousands of hot weather sufferers," the Associated Press notes.

The outlook, it said, is for warmer than usual August weather in most of the northern two-thirds of the nation.

Yesterday's 94 was no record locally but Monday's 103 was.

Five Children Drown

Kannapolis, N. C., Aug. 3 (AP)—Five children, whose families had just moved in together, drowned in a farm pond near here yesterday. The children, four of them from one family, went wading in a seldom-used pond while their parents unpacked. Dead were: Gloria Jean Ervin, 6, daughter of Mr. and Mrs. George E. Ervin; Ronald Page, 10; his sister, Janet, 7; and his brothers, Milton Lee, 11, and Ray, 8.

Card of Thanks

We wish to express our sincere thanks and gratitude to all the clergy, our relatives, friends and neighbors for their many acts of kindness, expressions of sympathy and for the beautiful floral pieces and Mass cards sent during our recent bereavement in the loss of our father, Salvatore Strano.

Signed,
SONS & DAUGHTERS.
(adv.)

Man Narrowly Escapes Drowning In Auto Mishap

A 48-year-old Forest Hills man narrowly escaped drowning late yesterday afternoon when his car plunged from the Onteora Trail into a creek near Orchard Rest in Shokan.

Cpl. Ray Dunn of Phoenicia, who investigated with John Brinnier of the New York City Water Department Police, said Walter J. Littlefield apparently blacked out on the curve approaching the bridge over the creek.

The rear of the car struck the bridge abutment as the vehicle plunged off the road. It came to rest on its right side partly submerged in about three feet of water.

Mr. Littlefield, who suffered contusions of the head and back and possible internal injuries, was reported in fair condition at Benedictine Hospital.

Cpl. Dunn said the driver was traveling east on Route 28 toward Kingston. The car just missed a culvert as it left the road.

He was taken from the car by Water Peterson, proprietor of the Orchard Rest. Gormley Ambulance of Phoenicia took Mr. Littlefield to the hospital.

According to Cpl. Dunn, if the car had turned over on its back Mr. Littlefield might have drowned. The accident occurred about 6:50 p. m.

Collision Causes Death

Hogansburg, N. Y., Aug. 3 (AP)—One man was killed and five were injured, two critically, today when their automobile and a bus collided on Route 37 near here. The six, all of Malone, were en route to work at the Massena plant of the Aluminum Co. of America. The bus, owned by Andrew Lamendola, was carrying passengers from Hogansburg to Massena. The dead man was identified as Roy W. Proper, 42, of (Route 3) Malone. Walter A. King (of 43 Rennie street) and Leon E. LaFleur (of 31 Factory street) were reported in critical condition at Massena Memorial Hospital.

Hersholt Reelected

Hollywood, Aug. 3 (AP)—Actor Jean Hersholt has been elected president of the Motion Picture Relief Fund for its 18th consecutive year. The election was held last night at the Academy Theatre. George Bagnall, Mitchell, A. B. Hilton and Otto Kruger were named 1st, 2nd, 3rd and 4th vice presidents, respectively. In recognition of his 18 years of service to the fund, Ralph Morgan, recuperating from an illness in New Jersey, was named 1st vice president emeritus.

Gets Six Months

An 18-year-old New Paltz youth was sentenced to six months in jail yesterday on a charge of indecently exposing himself before a 15-year-old girl at Binnewater Lake. Andrew Locicero was arrested by Sgt. Arthur A. Reilly, BCI, and Troopers H. S. Rhodes and Shurter of the Kingston state police on complaint of the girl. The youth was arraigned before Justice of the Peace Edward Brodsky of Rosendale, entered a plea of guilty and was sentenced to 180 days in the Ulster county jail.

Cites Effects of War

London, Aug. 3 (AP)—Bertrand Russell told the opening session of a world conference of scientists today nuclear warfare probably would "create a planet destitute of life, except for a few mosses and fungi." The silver-haired 83-year-old philosopher introduced a resolution appealing to governments to acknowledge that their aims cannot be advanced by world war and to scientists to find ways of telling the unscientific world what the effects of nuclear war would be.

Car Goes Into Culvert

A 1955 sport convertible was severely damaged about 7:45 p. m. Tuesday when it went out of control at a sharp turn on Route 209 in the village of Hurley and plunged into a culvert, according to Kingston state police. Alma Henneke, 53, of Stone Ridge, operator of the vehicle, claimed no injuries, it was said. She was traveling toward Kingston. Trooper Raymond Kowalsky investigated.

Will Dance at Fair

Four students of Alexis Kosloff of Woodstock will dance at the Trinity Church Fair in Saugerties at 8 p. m. tomorrow. They are Agatha Snyder of Kingston, Linda Rothmann of Olive Bridge, Diane Deyo of Rosendale and Mary Connick of Woodstock.

Troopers Arrest AWOL

Richard W. Banks, 22, of Whiteport, reportedly absent without leave from Fort Campbell, Ky., since July 28, was arrested by Trooper H. S. Rhodes of the Kingston state police yesterday. He was committed to the Ulster county jail to await the arrival of military police.

Will Sell Cows

Some 40 August and September freshening cows, consigned by individual St. Lawrence and Jefferson county farmers will be sold at a special dairy replacement sale Tuesday, August 16, starting at 8 p. m. at the Bullville Stockyards of Empire Livestock Marketing Cooperative, it was announced this week.

Harriman Returns

New York, Aug. 3 (AP)—Gov. Averell Harriman returned by plane today from a four-week vacation in Europe and Israel. He said he had enjoyed what he called his "mental vacation."

$75,000 Voted

Kingston Housing Authority.... contingent, however, upon the County of Ulster's conveying to the City of Kingston for like purpose a strip of land contiguous to the aforementioned parcel."

THE TOTAL area, with the county land added, he noted, would be 340 by 500 feet. The aldermen adopted a resolution approving purchase of the new playground area.

On the traffic problem, the mayor wrote:

"As a result of our industrial expansion, our traffic situation has become acute and particularly so on Albany avenue, and at the junction of Albany and Foxhall. We are using traffic policemen to regulate the traffic at this intersection during the heavy hours, but it is not wholly satisfactory.

"At my request, a study was made by a traffic engineer, and attached herewith, and made part hereof, is a report and a blueprint." He proposed that this plan, which calls for special type lights at Albany and Foxhall avenues, and at Albany and Roosevelt avenues, and a new traffic lane system be studied by the traffic committee.

The mayor noted that "the plan, as outlined, seems feasible and the best answer, so far, to this traffic problem."

Four aldermen, apparently on vacation, were absent. They were Benjamin A. Storms, second ward; George P. Norton, Jr., sixth ward; William K. Bodenweber, ninth ward, and Abram D. Relyea, 11th ward.

Vincent DeLuca, who with his father, Joseph, operates a dry cleaning business at 66-68 Price street, allowed the privilege of the floor through Third Ward Alderman Edwin Radel, complained that he had exhausted about every available means, without result, to obtain a sign to restrict parking in front of the Prince street store.

DE LUCA SAID he had seen the mayor, police chief, Alderman Storms of the traffic committee, and others, without redress. "I don't know why thy're picking on me," he said. Others have had signs placed at their properties since he originally applied. He was at the meeting, he declared, to get some definite answer.

Alderman James K. Ryan, of the traffic committee, explained that insofar as 15-minute restriction signs are concerned, the chief has been reluctant to place them, because of the difficulty in enforcing them.

Alderman-at-Large Kelly, when DeLuca insisted upon an answer there and then, told him that Alderman Storms, chairman of the traffic was absent on vacation, and then directed the city clerk to see that Storms and the committee meet with DeLuca, and discuss his problem.

A REQUEST by F. B. Matthews & Co., 15 Railroad avenue for a change of zoning designation for the building at that address, was referred to the laws and rules committee. The letter from Attorney S. James Matthews, noted that the concern is negotiating for use of the building by the Royal Tire Service, which plans to move from 785 Broadway. It seeks a change of designation from business to industrial.

Resolutions by Alderman James K. Ryan, 10th ward, suggested a survey to determine the overall traffic light needs for the city, proposed immediate action against juvenile delinquency, and asked strict enforcement of traffic laws to prevent speeding.

THE RESOLUTION on traffic lights asked that a long-range program be instituted and that funds for it be included in the 1956 budget. He noted that a resolution at the previous meeting called attention to speeding in the 10th ward, and he said he was still receiving reports of the same. Special patrols have been effective elsewhere, he noted, and he suggested the same in his ward.

Also at the last session, he noted, he suggested a committee to combat juvenile delinquency, and was told that the mayor already had such an organization in mind. The proposal, he said, should not be too long delayed.

Alderman Richard V. Roth, 12th ward, asked for a traffic light at Washington avenue and Main streets, and proposed synchronization of other lights in the area to maintain a safe flow of traffic. He asked also for a "Stop on Red Signal" sign on the pole near the light at Washington and Hurley avenues where a green arrow was recently removed as he requested.

A resolution from Alderman George P. Norton, Jr., Sixth Ward, thanked the mayor and public works department for street work on East Strand and East Pierpont streets, and another asked repair of Newkirk avenue from Broadway to the bottom of the hill.

A LETTER from Supervisor Joseph J. Turck, Fourth Ward, noted several requests for street work, and others for lights in the ward, and requested action on them. He also asked for enforcement of no parking in front of the Schultz Ambulance Service building on Delaware avenue.

Other wards were getting street work done, Turck said, "while we of the Fourth Ward don't even get a decent patch job done." In his request for street lights he said some streets have from 500 to 1,500 feet between lights, and East Chester street extension has none. He asked for a survey in the ward.

Alderman-at-Large Joseph Kelly proposed that the requests be directed through Fourth Ward Alderman Joseph Wenzel in proper resolution form.

WENZEL ASKED for repair of Rock, Ulster, Larch, and Gross streets, and Hasbrouck and Second and Third avenues, which, he noted, were "in bad shape." He asked that two street lights be placed on First avenue between Hooker and Lincoln streets. One 200 feet before Hooker and Larch streets, one on Kingston street near Rock, and one near 280 Third avenue.

City polling places were designated by resolution, and if any later changes are to be made they will be announced.

Financial and Commercial

New York, Aug. 3 (AP)—Moderate progress was made today by the stock market in slightly expanded trading.

In the early afternoon, prices were up around 2 points while losses were fractional. Some individual stocks exceeded that range.

Trading hit a fair gait at the opening and maintained a pace around 2,500,000 shares for the day.

Kaye Neckties

It isn't necessary to purchase a "red" necktie from Kaye Sportwair in order to obtain a second necktie for one cent. Due to an error in the advertisement in Tuesday's edition of The Freeman, a false impression of the necktie bargain was given. The purchaser need buy only one "regular" $1.50 necktie in order to obtain a second one for the extra penny.

Union Hose to Meet

The regular monthly meeting of Hose Company No. 4 will meet Thursday night at 8 o'clock. President William Keating requests a full attendance of members.

Water Warning

full domestic use in ordinary pressure was made possible.

Then, on July 1, the extra demand started, the flow was at its peak, and the plan of staggered sprinkling announced.

Cooper Lake, the city reservoir, he said, was about three and a half feet below normal supply crest.

This was not immediately dangerous, he said, but if dry weather continues it will become so. Rainfall for the first six months of this year, he stressed, was the lowest since 1925.

If the deficiency is offset by August rains, he said, the danger of a shortage will be lessened. Then he emphasized, "You cannot fill a pipeline by statistics or theoretical reasoning."

The water system, he said belongs to the whole city, and the department is trying to give to all the best service possible. He thanked the people for their cooperation since the July 1 announcement.

Three Injured

Florence Eveleigh, 42, of 14 Alcazar avenue, reported that she and two others were injured on West O'Reilly street near the railroad bridge at 5:47 p. m. yesterday when the car she was driving was forced to swerve to avoid another, and struck a pole. Officers Harold DeGraff and Julius Glassman investigated and said that besides the driver, Ronald Phelps, 5, of 56 Hoffman street, and Muriel Phelps, 35, of the same address, were injured. All were taken to the Benedictine Hospital in a Schultz ambulance and treated for abrasions and bruises, the report said.

Sentence Suspended

Everett L. Grant, 28, of Binnewater, arrested by Trooper H. S. Rhodes of the Kingston state police yesterday on a charge of petit larceny in the theft of junk from the property of William Kelly of Rosendale, pleaded guilty when arraigned before Justice of the Peace Roy Webber of Stone Ridge and received a suspended sentence of 30 days in the Ulster county jail.

Runaway Scrap Market May Bring on Controls

New York, Aug. 3 (AP)—A runaway scrap market is giving the steel industry and Washington a bad case of the jitters, the Iron Age, national metalworking weekly, said today.

Noting that scrap prices have boomed to near-record levels, the publication said:

"The crisis in scrap brought top-level buyers, sellers and administration officials together in Washington this week to wrestle with the problem. It will be a tough nut to crack.

"THE QUESTION of controls in one form or another is certain to be brought up. It will center about further restrictions on exports to relieve the domestic supply problem. And it will cause a big rhubarb between buyers and sellers...

"Everybody involved will have to tread softly. Because if scrap is controlled, why not control other metallics, including finished steel?"

Iron Age listed "disgruntled customers" as another major headache for the industry.

"There are more dissatisfied steel consumers today than there were during the tight market of 1953," it said. "Everyone has the feeling he's being shortchanged. Some customers are facing the prospect of slowing down their production lines if they don't get relief in a hurry. And the outlook for some of them is not too encouraging."

A third vexing problem is maintenance, said the publication, adding:

"Blast furnaces, open hearths and rolling mills are showing the effect of long months of wear and tear...meanwhile, demand continues to exceed capacity at most mills. Backlogs are still growing. Delivery promises are weeks behind schedule. A carryover from the fourth quarter into 1956 is a certainty."

Use vinegar to soften glue which has hardened in the bottle.

DIED

COLAO — In this city, Aug. 1, 1955, Frances Colao, (nee Trapasso), wife of the late Anthony Colao; mother of Emanuel, Augustine, Joseph, Frederick and Elvira Colao, Mrs. James Uhl, all of Kingston; sister of Mrs. Mary Ferraro, Mrs. Catherine Schettino and Anthony Trapasso, all of White Plains, Mrs. Mary A. Perrcelli of Italy.

Local Death Record

Myrtle Milkent

Mrs. Myrtle Milkent, wife of Joseph Milkent, July 30 in Chicago. Besides her husband she is survived by three sisters, Miss Nellie Stokes, this city; Mrs. Naomi Waters of Albany and Mrs. Edna Shammot of Niagara Falls and a brother, Paul Stokes. Funeral services were held August 2 at the Drake Braithwaite Funeral Chapel, 2221 Lincoln avenue, Chicago, Ill.

Isador Goldman

Funeral services for Isador Goldman who died in New York city on Monday were held Tuesday at 2 p. m., at the F. Daniel Haloran Funeral Home, 88 West Chester street. Dr. H. Z. Rappaport, rabbi, officiated, assisted by Cantor Joseph Kline. The services were largely attended by his many friends and business associates. Burial was in Montrepose Cemetery.

Peter Chunka

The funeral of Peter Chunka, 62, who died suddenly Monday at the home of his daughter, Mrs. Edward Mac Intyre, in Ohioville will be held from the Pine Funeral Home, New Paltz, on Thursday at 9:30 a. m., and at St. Joseph's Church, New Paltz, at 10 a. m., where a requiem Mass will be said for the repose of his soul. Burial will be in St. Charles Cemetery, Gardiner. The Rosary will be recited at 8 p. m., today.

William Douglas Hunter

Funeral services for William Douglas Hunter of Bloomington were held from the Francis J. McCardle Funeral Home, 99 Henry street, Tuesday at 2 p. m., with the Rev. Joseph E. Carlin of the Bloomingdale Reformed Church officiating. Monday evening officers and members of Kingston Lodge, 10, F & AM, conducted ritualistic services for Mr. Hunter who was a member of Wyllys Lodge, AF & AM, of West Hartford, Conn. Numerous and beautiful floral pieces completely banked the casket. Burial took place in St. Remy Cemetery where the Rev. Mr. Carlin conducted the committal. Bearers were Raymond LeFever, Charles J. Reilly, Earl Gilchrist and Douglas Taylor.

J. Burnett Churchwell

J. Burnett Churchwell of 193 Downs street died in this city following a short illness. He is survived by his wife, the former Effie A. Hoornbeck and a brother, Charles Churchwell of Wallkill. Mr. Churchwell was a member of the First Presbyterian Church for the 30 years he lived in Kingston and was very active in all church affairs contributing many hours of his time to their success. He was a 50-year life member of the Knights of Pythias Lodge. The funeral will be held from the Jenson and Deegan Funeral Home, 15 Downs street, Saturday at 2 p. m., and burial will be in Rosendale Plains Cemetery. Friends may call at the funeral home from 2 to 4 p. m., and 7 to 9 p. m., on Thursday and Friday.

Olivera Coutant

Olivera Krueger Coutant, 34, died at her home, 107 Abeel street, last night after a long illness. Although in ill health for some time, her death came as a shock to many friends, especially those in the Rondout sector, where she was well known. She was a member of Trinity Evangelical Lutheran Church. Surviving are her husband, Kenneth J. Coutant; a son, John Kenneth; her father Rudolph Krueger, well-known downtown barber, and stepmother, Elizabeth Krueger; a sister, Mrs. Hilda Cole; a brother, Edward Krueger, and several nieces and nephews. The funeral will be held from the home, 107 Abeel street, Friday at 2 p. m. Burial will be in Montrepose Cemetery. Friends may call at the home Wednesday and Thursday between 2 and 4 p. m. and 7 and 10 p. m.

Philip P. Karageorge

Philip P. Karageorge of 70 Liberty street died suddenly yesterday morning. He is survived by his wife, Helen Rozakies Karageorge, a daughter, Mrs. William C. Boyle of Kingston, a son, Pvt. Pedros Karageorge, USA of Fort Lewis, Washington, two brothers, Spiros and George Karageorge of New York city and a sister and brother in Greece. Mr. Karageorge lived in Kingston for the past 28 years and was well known in the community. He was a chef at McCabe's Restaurant for 16 years and at the time of his sudden illness was employed at the Clover Leaf Restaurant in Saugerties. The funeral will be held from the Jenson and Deegan Funeral Home, 15 Downs street, Friday at 11 a. m. Relatives and friends are invited to attend. The burial will be in Wiltwyck Cemetery. Friends may call at the funeral home at any time.

Rose Tiano

Mrs. Rose Tiano, wife of Vincenzo Tiano of East Kingston, died early Wednesday morning following a long illness. Mrs. Tiano was born in Italy, a daughter of the late Theresa and Thomas Castiglione. She was a resident of East Kingston for more than 50 years. In addition to her husband she is survived by a daughter, Mrs. Lillian Henry of East Kingston; four sons, Michael, John and Thomas of East Kingston, Sam Tiano of Bridgeport, Conn.; two stepsons, Frank J. of Kingston and Charles of San Antonio, Texas; two sisters, Mrs. Jennie DeLuca of East Kingston and Mrs. Salvatore Ramundo of Haverstraw; also surviving are eight grandchildren and five great-grandchildren. Funeral will be held from the Frank H. Simpson Funeral Home, 411 Albany avenue, on Saturday at 9:15 a. m., thence to St. Colman's Church, East Kingston, where a high Mass of requiem will be offered for her soul at 10 a. m. Burial will be in St. Mary's Cemetery. Friends may call at the funeral home at any time.

Marie E. Moeslein

The funeral of Mrs. Marie E. Moeslein was held today at 10 a. m. from the Jenson and Deegan Funeral Home, 15 Downs street, and 10:30 a. m. at St. Mary's Church where a high Mass of requiem was offered for the repose of her soul by the Rev. Patrick Carney of St. John the Evangelist at The Clove. Her many relatives and friends were present at the services in tribute to her memory. At the Offertory, Miss Patricia Keefe, soloist, sang "Pie Jesu," and following the last blessing she sang "In Paradisum." During the bereavement the Rt. Rev. Msgr. Martin J. Drury called at the chapel and offered prayers. On Tuesday evening, the Rev. John Flaherty led in the recitation of the Holy Rosary. Many school teachers from the various schools throughout the city also called to pay their respects. Beautiful floral tributes and many Mass cards testified to the high esteem in which she was held. Bearers were George Matthews, Peter Keresman, Charles Murphy and John N. Cordts. Burial was in St. Peter's Cemetery where Father Flaherty gave the final absolution at the grave.

Burns Are Fatal To Milton Youth

Carston Conn, 18, of Milton, who suffered first and second degree burns last Friday afternoon when ammonia pipes broke in Conn's Cooler near that village, died Tuesday night at St. Luke's Hospital, Newburgh.

Coroner Myron Agnew authorized a verdict of accidental death due to ammonia poisoning.

Highland State Police reported last Saturday that young Conn had suffered first and second degree burns of the face and body and first degree burns of the intestines as far as the lungs. Damage to the intestines was due to inhalation of ammonia fumes.

TROOPER J. S. Franke, who investigated reported that the youth was repairing the ceiling of the cooler, located on Route 9W west of the village, when the ammonia pipes broke and fell, pinning him to the floor. The accident occurred about 4:30 p. m.

First aid and respiration was administered by the Highland Fire Department and the youth rushed to the hospital

Arrested on Warrant

Arthur Miller, 47, of 7 West Strand, was picked up on a warrant early today, after his alleged failure to appear in City Court last Saturday on a third degree assault charge. He was arrested by Officers Edward Edwards and William Norton on Ann street. He was paroled for appearance after the first arrest and Special City Judge Harry Gold today fixed bail at $25. Miller was sent to the county jail in default of bail. Rose Gordon of West Strand was listed as complainant.

Few Notice Any Change as Local Mercury Stays Up

Few persons about town noticed the difference between yesterday's 94 degrees and the sizzling high of 103 Monday.

One day seemed as hot as the other and you can say about the same for today when the mercury reached 92 at 1:15 p. m.

IT WAS NOTED at the city engineer's office today that Tuesday appeared to be the first day this summer when New York city's high was a few points above the local for any one day. New York claimed a record with 97.5.

Today, the weather bureau's 30-day outlook offers "little comfort for thousands of hot weather sufferers," the Associated Press notes.

The outlook, it said, is for warmer than usual August weather in most of the northern two-thirds of the nation.

Yesterday's 94 was no record locally but Monday's 103 was.

Five Children Drown

Kannapolis, N. C., Aug. 3 (AP)—Five children, whose families had just moved in together, drowned in a farm pond near here yesterday. The children, four of them from one family, went wading in a seldom-used pond while their parents unpacked. Dead were: Gloria Jean Ervin, 6, daughter of Mr. and Mrs. George E. Ervin; Ronald Page, 10; his sister, Janet, 7; and his brothers, Milton Lee, 11, and Ray, 8.

Card of Thanks

We wish to express our sincere thanks and gratitude to all the clergy, our relatives, friends and neighbors for their many acts of kindness, expressions of sympathy and for the beautiful floral pieces and Mass cards sent during our recent bereavement in the loss of our father, Salvatore Strano.

Signed,
SONS & DAUGHTERS.
(adv.)

Man Narrowly Escapes Drowning In Auto Mishap

A 48-year-old Forest Hills man narrowly escaped drowning late yesterday afternoon when his car plunged from the Onteora Trail into a creek near Orchard Rest in Shokan.

Cpl. Ray Dunn of Phoenicia, who investigated with John Brinnier of the New York City Water Department Police, said Walter J. Littlefield apparently blacked out on the curve approaching the bridge over the creek.

The rear of the car struck the bridge abutment as the vehicle plunged off the road. It came to rest on its right side partly submerged in about three feet of water.

Mr. Littlefield, who suffered contusions of the head and back and possible internal injuries, was reported in fair condition at Benedictine Hospital.

Cpl. Dunn said the driver was traveling east on Route 28 toward Kingston. The car just missed a culvert as it left the road.

He was taken from the car by Water Peterson, proprietor of the Orchard Rest. Gormley Ambulance of Phoenicia took Mr. Littlefield to the hospital.

According to Cpl. Dunn, if the car had turned over on its back Mr. Littlefield might have drowned. The accident occurred about 6:50 p. m.

Collision Causes Death

Hogansburg, N. Y., Aug. 3 (AP)—One man was killed and five were injured, two critically, today when their automobile and a bus collided on Route 37 near here. The six, all of Malone, were en route to work at the Massena plant of the Aluminum Co. of America. The bus, owned by Andrew Lamendola, was carrying passengers from Hogansburg to Massena. The dead man was identified as Roy W. Proper, 42, of (Route 3) Malone. Walter A. King (of 43 Rennie street) and Leon E. LaFleur (of 31 Factory street) were reported in critical condition at Massena Memorial Hospital.

Hersholt Reelected

Hollywood, Aug. 3 (AP)—Actor Jean Hersholt has been elected president of the Motion Picture Relief Fund for its 18th consecutive year. The election was held last night at the Academy Theatre. George Bagnall, Mitchell, A. B. Hilton and Otto Kruger were named 1st, 2nd, 3rd and 4th vice presidents, respectively. In recognition of his 18 years of service to the fund, Ralph Morgan, recuperating from an illness in New Jersey, was named 1st vice president emeritus.

Gets Six Months

An 18-year-old New Paltz youth was sentenced to six months in jail yesterday on a charge of indecently exposing himself before a 15-year-old girl at Binnewater Lake. Andrew Locicero was arrested by Sgt. Arthur A. Reilly, BCI, and Troopers H. S. Rhodes and Shurter of the Kingston state police on complaint of the girl. The youth was arraigned before Justice of the Peace Edward Brodsky of Rosendale, entered a plea of guilty and was sentenced to 180 days in the Ulster county jail.

Cites Effects of War

London, Aug. 3 (AP)—Bertrand Russell told the opening session of a world conference of scientists today nuclear warfare probably would "create a planet destitute of life, except for a few mosses and fungi." The silver-haired 83-year-old philosopher introduced a resolution appealing to governments to acknowledge that their aims cannot be advanced by world war and to scientists to find ways of telling the unscientific world what the effects of nuclear war would be.

Car Goes Into Culvert

A 1955 sport convertible was severely damaged about 7:45 p. m. Tuesday when it went out of control at a sharp turn on Route 209 in the village of Hurley and plunged into a culvert, according to Kingston state police. Alma Henneke, 53, of Stone Ridge, operator of the vehicle, claimed no injuries, it was said. She was traveling toward Kingston. Trooper Raymond Kowalsky investigated.

Will Dance at Fair

Four students of Alexis Kosloff of Woodstock will dance at the Trinity Church Fair in Saugerties at 8 p. m. tomorrow. They are Agatha Snyder of Kingston, Linda Rothmann of Olive Bridge, Diane Deyo of Rosendale and Mary Connick of Woodstock.

Troopers Arrest AWOL

Richard W. Banks, 22, of Whiteport, reportedly absent without leave from Fort Campbell, Ky., since July 28, was arrested by Trooper H. S. Rhodes of the Kingston state police yesterday. He was committed to the Ulster county jail to await the arrival of military police.

Will Sell Cows

Some 40 August and September freshening cows, consigned by individual St. Lawrence and Jefferson county farmers will be sold at a special dairy replacement sale Tuesday, August 16, starting at 8 p. m. at the Bullville Stockyards of Empire Livestock Marketing Cooperative, it was announced this week.

Harriman Returns

New York, Aug. 3 (AP)—Gov. Averell Harriman returned by plane today from a four-week vacation in Europe and Israel. He said he had enjoyed what he called his "mental vacation."

$75,000 Voted

Kingston Housing Authority.... contingent, however, upon the County of Ulster's conveying to the City of Kingston for like purpose a strip of land contiguous to the aforementioned parcel."

THE TOTAL area, with the county land added, he noted, would be 340 by 500 feet. The aldermen adopted a resolution approving purchase of the new playground area.

On the traffic problem, the mayor wrote:

"As a result of our industrial expansion, our traffic situation has become acute and particularly so on Albany avenue, and at the junction of Albany and Foxhall. We are using traffic policemen to regulate the traffic at this intersection during the heavy hours, but it is not wholly satisfactory.

"At my request, a study was made by a traffic engineer, and attached herewith, and made part hereof, is a report and a blueprint." He proposed that this plan, which calls for special type lights at Albany and Foxhall avenues, and at Albany and Roosevelt avenues, and a new traffic lane system be studied by the traffic committee.

The mayor noted that "the plan, as outlined, seems feasible and the best answer, so far, to this traffic problem."

Four aldermen, apparently on vacation, were absent. They were Benjamin A. Storms, second ward; George P. Norton, Jr., sixth ward; William K. Bodenweber, ninth ward, and Abram D. Relyea, 11th ward.

Vincent DeLuca, who with his father, Joseph, operates a dry cleaning business at 66-68 Price street, allowed the privilege of the floor through Third Ward Alderman Edwin Radel, complained that he had exhausted about every available means, without result, to obtain a sign to restrict parking in front of the Prince street store.

DE LUCA SAID he had seen the mayor, police chief, Alderman Storms of the traffic committee, and others, without redress. "I don't know why thy're picking on me," he said. Others have had signs placed at their properties since he originally applied. He was at the meeting, he declared, to get some definite answer.

Alderman James K. Ryan, of the traffic committee, explained that insofar as 15-minute restriction signs are concerned, the chief has been reluctant to place them, because of the difficulty in enforcing them.

Alderman-at-Large Kelly, when DeLuca insisted upon an answer there and then, told him that Alderman Storms, chairman of the traffic was absent on vacation, and then directed the city clerk to see that Storms and the committee meet with DeLuca, and discuss his problem.

A REQUEST by F. B. Matthews & Co., 15 Railroad avenue for a change of zoning designation for the building at that address, was referred to the laws and rules committee. The letter from Attorney S. James Matthews, noted that the concern is negotiating for use of the building by the Royal Tire Service, which plans to move from 785 Broadway. It seeks a change of designation from business to industrial.

Resolutions by Alderman James K. Ryan, 10th ward, suggested a survey to determine the overall traffic light needs for the city, proposed immediate action against juvenile delinquency, and asked strict enforcement of traffic laws to prevent speeding.

THE RESOLUTION on traffic lights asked that a long-range program be instituted and that funds for it be included in the 1956 budget. He noted that a resolution at the previous meeting called attention to speeding in the 10th ward, and he said he was still receiving reports of the same. Special patrols have been effective elsewhere, he noted, and he suggested the same in his ward.

Also at the last session, he noted, he suggested a committee to combat juvenile delinquency, and was told that the mayor already had such an organization in mind. The proposal, he said, should not be too long delayed.

Alderman Richard V. Roth, 12th ward, asked for a traffic light at Washington avenue and Main streets, and proposed synchronization of other lights in the area to maintain a safe flow of traffic. He asked also for a "Stop on Red Signal" sign on the pole near the light at Washington and Hurley avenues where a green arrow was recently removed as he requested.

A resolution from Alderman George P. Norton, Jr., Sixth Ward, thanked the mayor and public works department for street work on East Strand and East Pierpont streets, and another asked repair of Newkirk avenue from Broadway to the bottom of the hill.

A LETTER from Supervisor Joseph J. Turck, Fourth Ward, noted several requests for street work, and others for lights in the ward, and requested action on them. He also asked for enforcement of no parking in front of the Schultz Ambulance Service building on Delaware avenue.

Other wards were getting street work done, Turck said, "while we of the Fourth Ward don't even get a decent patch job done." In his request for street lights he said some streets have from 500 to 1,500 feet between lights, and East Chester street extension has none. He asked for a survey in the ward.

Alderman-at-large Joseph Kelly proposed that the requests be directed through Fourth Ward Alderman Joseph Wenzel in proper resolution form.

WENZEL ASKED for repair of Rock, Ulster, Larch, and Gross streets, and Hasbrouck and Second and Third avenues, which, he noted, were "in bad shape." He asked that two street lights be placed on First avenue between Hooker and Lincoln streets. One 200 feet before Hooker and Larch streets, one on Kingston street near Rock, and one near 280 Third avenue.

City polling places were designated by resolution, and if any later changes are to be made they will be announced.

Financial and Commercial

New York, Aug. 3 (AP)—Moderate progress was made today by the stock market in slightly expanded trading.

In the early afternoon, prices were up around 2 points while losses were fractional. Some individual stocks exceeded that range.

Trading hit a fair gait at the opening and maintained a pace around 2,500,000 shares for the day.

Kaye Neckties

It isn't necessary to purchase a "red" necktie from Kaye Sportwair in order to obtain a second necktie for one cent. Due to an error in the advertisement in Tuesday's edition of The Freeman, a false impression of the necktie bargain was given. The purchaser need buy only one "regular" $1.50 necktie in order to obtain a second one for the extra penny.

Union Hose to Meet

The regular monthly meeting of Hose Company No. 4 will meet Thursday night at 8 o'clock. President William Keating requests a full attendance of members.

Water Warning

full domestic use in ordinary pressure was made possible.

Then, on July 1, the extra demand started, the flow was at its peak, and the plan of staggered sprinkling announced.

Cooper Lake, the city reservoir, he said, was about three and a half feet below normal supply crest.

This was not immediately dangerous, he said, but if dry weather continues it will become so. Rainfall for the first six months of this year, he stressed, was the lowest since 1925.

If the deficiency is offset by August rains, he said, the danger of a shortage will be lessened. Then he emphasized, "You cannot fill a pipeline by statistics or theoretical reasoning."

The water system, he said belongs to the whole city, and the department is trying to give to all the best service possible. He thanked the people for their cooperation since the July 1 announcement.

Three Injured

Florence Eveleigh, 42, of 14 Alcazar avenue, reported that she and two others were injured on West O'Reilly street near the railroad bridge at 5:47 p. m. yesterday when the car she was driving was forced to swerve to avoid another, and struck a pole. Officers Harold DeGraff and Julius Glassman investigated and said that besides the driver, Ronald Phelps, 5, of 56 Hoffman street, and Muriel Phelps, 35, of the same address, were injured. All were taken to the Benedictine Hospital in a Schultz ambulance and treated for abrasions and bruises, the report said.

Sentence Suspended

Everett L. Grant, 28, of Binnewater, arrested by Trooper H. S. Rhodes of the Kingston state police yesterday on a charge of petit larceny in the theft of junk from the property of William Kelly of Rosendale, pleaded guilty when arraigned before Justice of the Peace Roy Webber of Stone Ridge and received a suspended sentence of 30 days in the Ulster county jail.

Think It Through

By EDWARD F. HUTTON

Neighbor, our President has stated: "Get Government out of business." On May 20, the Honorable Herbert Hoover, in plain words—giving facts and figures—proclaimed the astounding amount of possible savings in taxes for the Joe Doaks, by "getting Government out of business."

Mr. Hutton

The "Dealers" were sleight-of-hand artists. They diverted the eyes of the people from the facts. The people did not see the storm signals of rising taxes, and deficit financing procured by Government I.O.U.'s, scarcely any of which have been paid these past twenty-five years.

Now, billions of words have been written on the International conspiracy but mighty few on the domestic conspiracy here at home. From beginning to end, the "Dealers" conspiracy was to lasso business and tighten the rope. All the while they kept on giving business "emergency treatments" until the emergency became perpetual. Such were the political torpedos for the "take over," until Government would occupy "all the commanding heights" as the Socialists put it. But all the while they denied there was any "Socialism" in what they were doing.

They ignored what our fathers bequeathed us — "a house not made with hands," — the house that freedom built.

In 1933, Mr. Roosevelt said: "Popular Governments are often wrecked on the rocks of loose financial policy."

What about Government in business?

Neighbor, send to your Congressmen.

JACOBY ON BRIDGE

Double Aims Foe At Right Suit

By OSWALD JACOBY
Written for NEA Service

Don't be staggered by East's opening bid. Some experts use "weak" two-bids, to show a strong suit in a hand that is not quite worth an opening bid.

South naturally passed, and West quite properly passed also. He knew that his own hand wasn't worth an opening bid and that his partner's hand wasn't worth a normal opening bid. This combination seldom adds up to a game, so there was nothing to be gained from bidding.

North naturally had to take some action with his very powerful hand. He doubled for a takeout, and South made the normal response of three diamonds.

West accepted the "push" by going to three hearts, and now North had a problem. Game in diamonds seemed rather unlikely. South had been unable to respond in spades, but this meant only that South didn't have four or more spades. It was still possible that South had three spades, in which case game might still be made at that suit. Hence North made the risky game attempt of three spades.

This bid gave South a problem. South was aware that North might have a weak five-card or six-card suit. It was possible, however, that North had a very strong spade suit and had been intending to rebid in spades no matter how South responded to the takeout double. After some thought South came to the wrong answer, and passed.

West should have passed with great satisfaction. He had known from the beginning that the hand "belonged" to the opponents, and here they were stumbling into a silly unmakable contract West's double gave South a chance to escape, whereupon West doubled again from sheer annoyance.

South made his contract easily, and actually made an overtrick for a very handsome score. West would have made a profit of about 200 points if he had passed at three spades.

Rum Tum Tiddy Is Treat At Unique Toy Town Tavern

By GAYNOR MADDOX
NEA Food and Markets Editor

Ruth Packard, friendly, poised, once a teacher of home economics, plays many parts in her relentless day. As wife of John Packard, manager of Toy Town Tavern on Route 12 near Winchendon, Mass., and as his unofficial but all-seeing assistant manager, mother of two attractive teen-age girls, as planner of the inn's famous gardens and flower arrangements, decorator of the cool, restful rooms, collector of recipes and consultant to the chef, pourer of afternoon tea on the porch that looks out across the green golf links toward historical Mount Monadnock—well, Ruth Packard is not much of a one for sitting down long.

In the shade near the swimming pool she talked of stuffed lobster in casserole, or rum tum tiddy, red flannel hash and Kennebec river salmon. But she didn't stay long. She had to welcome new guests, then rearrange flowers, then confer with the chef.

Rum Tum Tiddy (Serves 4)

One can condensed tomato soup, ½ pound sharp New York Cheddar cheese, diced fine, ¾ teaspoon English mustard, 1 teaspoon Worcestershire sauce, 4 drops Tabasco sauce.

Place in double boiler over hot water. Keep stirring until cheese is melted and mixture is well blended. Remove from heat. Add slightly beaten egg; mix well. Serve on buttered rye toast.

Baked Stuffed Lobster in Casserole (serves 4)

Ten ounces fresh lobster meat, cooked, 4 ounces lobster liver, 2 cups fresh (medium) bread crumbs, 1 teaspoon chopped chives, 4 tablespoons lemon juice, melted butter or margarine, salt, pepper.

Make dressing of the bread crumbs, liver, chives, lemon juice, salt, pepper and enough melted butter to make a "moist" filling. Mix well. Place 2½ ounces lobster meat in each casserole. Fill casserole with dressing. Press down gently. Sprinkle tops with a very dry sherry if desired, and a little more melted butter. Bake 10 minutes in a very hot oven.

TOMORROW'S TOY TOWN TAVERN DINNER: Chilled cranberry juice, broiled New Hampshire lamb chops, spiced pears, mashed potatoes, corn-on-cob, assorted breads, butter or margarine, tossed green salad, Roquefort dressing, peppermint ice cream, Vermont cheese, coffee, tea, milk.

MOST SENSATIONAL DISCOVERY IN 40 YEARS FOR BETTER BAKING AND FRYING!
FIRST ALL-NEW SHORTENING!
It's RICH! It's YELLOW!
Procter & Gamble's Golden Fluffo

What fried chicken it makes!
BETTER-LOOKING... BETTER-TASTING... SO DIGESTIBLE, TOO!

Yes, Fluffo fried foods are the best-tasting, crispy-hot golden-brown "fries" you can possibly make!

Unlike white shortenings, Fluffo melts to clear liquid gold for crispy-brown fried foods never possible before. Now...eat all the fried foods you want! Fluffo is truly pure and wonderfully digestible!

EASTERN ILLINOIS COOKING CHAMPION, Mrs. Mintor W. Sanders, says:—
"My husband and sons just love the chicken I fry in Fluffo! You see, this rich, new, yellow shortening makes the chicken a beautiful golden-brown, and just wonderful tasting! No white shortening ever made my fried chicken look and taste so good!"

"No white shortening can give me fried chicken like this!" says the winner of 8 first prizes for cooking at giant Illinois fair.

Like cooking champions, you'll be truly excited about golden Fluffo! It gives you deliciously tender-crisp, highly digestible golden-brown "fries" such as you've never been able to get before... more appetizing, by far, than you can possibly get from white shortening!

That's because Fluffo is different! Even its color is different—yellow from pure carotene.

And Fluffo is such fun to work with! Use it in all your recipes that call for shortening—and see what happens! Without changing a single measurement, you'll get the flakiest, tenderest golden-brown piecrust . . . the lightest, highest, finest-textured cakes ever possible!

Yet Fluffo costs no more than leading white shortenings! It's available in most areas. Get a can and use it for richer-looking, better-tasting, more appetizing baking and frying.

Do You Remember

By SOPHIE MILLER

There is always something I wanted to do that is write a note with my name and address and drop it in the Hudson river and see what happens, but I never did. Now I see the United States Navy Hydrographic Office carries on a regular world-wide correspondence by this note-in-the-bottle method. According to "Argosy" magazine of August, 1955, notes are printed in some eight languages, before being placed in these bottles, asking the finder to report when and where it was washed ashore. The results are used to help chart the flow of ocean currents around the world. The chances are at least 50 to 1 that any given bottle will never be found. Hydrographic officials get around that by using thousands of bottles. About 1,000 are found and reported every year. Records at the Hydrographic Office go back a hundred years and no doubt they have some interesting stories to go with some of the notes found. The idea dates back to 300 B. C. when a Greek philosopher observed drifting seaweed to prove his theories about current patterns in the Mediterranean Sea.

Sometimes this note-in-the-bottle method untangled mysteries of sinking ships. One such disaster was the sinking of the steamship Huronian in 1902, which vanished with all hands while making a routine Atlantic crossing. Five months later, an unsigned note-in-the-bottle was picked up on the coast of Novia Scotia. "Huronian turned turtle in Atlantic," it said, "Fourteen of us in boat." The men of the Huronian were never found, but five years later another message was washed ashore from a watery grave, somewhere near Ireland reading, "Huronian sinking fast. Top-heavy, one side awash. Good-bye, mother and sisters. Charles McFell, Greaser." During World War 2 the navy turned to note-in-the-bottle charts to spot the probable location of rafts which carried torpedoed sailors, or flyers forced down at sea. At war's end, the same charts helped the navy to track down floating and still deadly Japanese mines.

In peacetime, the Hydrographic Office traces the drift path of floating derelicts and other objects which endanger navigation. Warnings of such hazards are broadcast daily to all ships at sea. Bottle papers are distributed by branch Hydrographic Office at 20 major American ports, and are scattered around the world through the cooperation of obliging ship captains. This method allows widespread distribution. Some turn up in strange places. One was found on the Red Sea shore of British Somaliland. The finder could not read the instructions, but he judged the paper to be an official document, so he made a long camel journey across the desert to deliver it to a British agent. The Englishman passed it on through consular channels, and in due time the U. S. Hydrographic Office sent the finder the usual courtesy reward. It was a large pilot chart of his native waters. This man of the desert could not read that either, but he assumed it was an American bank draft, and he judged the value by its size. He got back on his camel and rode all over the desert trying to cash the 'check.' George W. Groh the author of the item does not say if the man of the desert ever cashed his strange check, so the story ends. Perhaps there are notes-in-the-bottles floating in our Hudson right now.

Tillson

Tillson, Aug. 2—The annual carnival of the Tillson Volunteer Fire Company will be held Thursday, Friday and Saturday, Aug. 11, 12 and 13, on the fire company grounds. There will be entertainment and fun for young and old alike.

Mr. and Mrs. Harold Lonsdale and son, Mark, are spending two weeks in Florida, visiting Mrs. Lonsdale's sister.

Mr. and Mrs. John Muller and children John and Gail vacationed at Lake George and Whiteface Mountain in the Adirondacks for a few days, then went to New Jersey to visit relatives. Miss Mary Ann Woolsey journeyed to New Jersey with them.

Mr. and Mrs. George Puckhaber and son Gary of Flushing, L. I., recently visited her parents, Mr. and Mrs. Herman Osmers. Mr. and Mrs. Puckhaber left their son with his grandparents while they traveled to Niagara Falls, and to her alma mater, Keuka College, for a visit.

Mrs. Charles Cuthbert of Miami, Fla., is spending several weeks visiting Mr. and Mrs. Oliver Keator.

Miss Ellen Quarteroni of New York city recently visited Mr. and Mrs. Walter Born and family for several days.

Do You Remember

By SOPHIE MILLER

There is always something I wanted to do that is write a note with my name and address and drop it in the Hudson river and see what happens, but I never did. Now I see the United States Navy Hydrographic Office carries on a regular world-wide correspondence by this note-in-the-bottle method. According to "Argosy" magazine of August, 1955, notes are printed in some eight languages, before being placed in these bottles, asking the finder to report when and where it was washed ashore. The results are used to help chart the flow of ocean currents around the world. The chances are at least 50 to 1 that any given bottle will never be found. Hydrographic officials get around that by using thousands of bottles. About 1,000 are found and reported every year. Records at the Hydrographic Office go back a hundred years and no doubt they have some interesting stories to go with some of the notes found. The idea dates back to 300 B. C. when a Greek philosopher observed drifting seaweed to prove his theories about current patterns in the Mediterranean Sea.

Sometimes this note-in-the-bottle method untangled mysteries of sinking ships. One such disaster was the sinking of the steamship Huronian in 1902, which vanished with all hands while making a routine Atlantic crossing. Five months later, an unsigned note-in-the-bottle was picked up on the coast of Novia Scotia. "Huronian turned turtle in Atlantic," it said, "Fourteen of us in boat." The men of the Huronian were never found, but five years later another message was washed ashore from a watery grave, somewhere near Ireland reading, "Huronian sinking fast. Top-heavy, one side awash. Good-bye, mother and sisters. Charles McFell, Greaser." During World War 2 the navy turned to note-in-the-bottle charts to spot the probable location of rafts which carried torpedoed sailors, or flyers forced down at sea. At war's end, the same charts helped the navy to track down floating and still deadly Japanese mines.

In peacetime, the Hydrographic Office traces the drift path of floating derelicts and other objects which endanger navigation. Warnings of such hazards are broadcast daily to all ships at sea. Bottle papers are distributed by branch Hydrographic Office at 20 major American ports, and are scattered around the world through the cooperation of obliging ship captains. This method allows widespread distribution. Some turn up in strange places. One was found on the Red Sea shore of British Somaliland. The finder could not read the instructions, but he judged the paper to be an official document, so he made a long camel journey across the desert to deliver it to a British agent. The Englishman passed it on through consular channels, and in due time the U. S. Hydrographic Office sent the finder the usual courtesy reward. It was a large pilot chart of his native waters. This man of the desert could not read that either, but he assumed it was an American bank draft, and he judged the value by its size. He got back on his camel and rode all over the desert trying to cash the 'check.' George W. Groh the author of the item does not say if the man of the desert ever cashed his strange check, so the story ends. Perhaps there are notes-in-the-bottles floating in our Hudson right now.

Three-Tiered Look Newest in Griffe Paris Collection

By NADEANE WALKER

Paris, Aug. 2 (AP)—A coat—over a tunic—over a skirt makes the "one-two-three" line shown by Jacques Griffe this morning.

A secondary Griffe theme is the sheath, with flat bust and slack waist—the silhouette Dior has just scuttled with his new Y-line.

"Intimacy" clothes for home wear opened the collection, mannequins parading in filmy short nightdresses, slit on the side in Chinese fashion and worn over tight pajama pants.

Going in for tunics in a big way, Griffe gives them a flouncy flare from hip to a hemline just above the knee, with, of course, a tight skirt under.

Capes are nearly as numerous in his show as tunics. Short ones button up the back, and longer ones have slits to free the arms.

"Bumblebee" dance dresses by Griffe have voluminous skirts, mostly ankle length. There are also tight satin formals. Some cocktail dresses have the Chinese fastening at one side. Big rhinestone or cut steel buttons sparkle up and down little black dresses, often in double rows. Colors are winter blue, brown, Chinese red and an odd beige shade called "frozen earth."

Griffe keeps cutting women in three with his tiered flounces, on dresses as well as tunic ensembles. There are more bare backs than bare bosoms.

MRS. JAMES L. BRANCH, the former Barbara L. Bundy of Columbia street, Sunset Park. (Lipgar photo)

Miss Barbara Bundy, James L. Branch, USN Wed at St. John's

In St. John's Church, Miss Barbara L. Bundy, daughter of Mr. and Mrs. Walter T. Bundy of Columbia street, Sunset Park, was married Sunday afternoon, July 24, to James L. Branch, USN, son of Mr. and Mrs. George Branch of Paragould, Ark. The Rev. Robert T. Shellenberger officiated.

Given in marriage by her father, the bride wore a gown of white lace with white carnations.

Mrs. Ruth Lemister of Albany avenue, matron of honor, wore a gown of blue net and carried a bouquet of white carnations. Miss Dawn Lemister was flower girl, in a frock of green lace. She carried a bouquet of pink carnations.

Peter Lemister served as best man.

A reception for 70 guests was held at the Armory, Manor avenue.

For the wedding trip to Chicago, Ill., the bride wore a blue and white dress and a pink corsage. They will live in Portsmouth, Va., where the bridegroom is stationed as Petty Officer with the Navy, in which he has served for 10 years.

Turnau Opera Players Establish Playhouse In Pine Hill for 'Best in Short Operas'

With the strong conviction that Catskill residents and vacationeers alike would welcome a summer season of opera, the Turnau Opera Players of New York City have established their own TOP Playhouse in Pine Hill where they are now featuring "the best in short operas" along with scenes from the standard operatic repertory.

The Turnau Opera Players is a co-operative company of young singers with a rich and varied background of experience on the concert stage, in radio and television as well as in opera.

The driving force and name for the company were inspired by the late Professor Joseph Turnau of the Hunter College Opera Workshop and world-famous stage director with whom most of the singers and production staff had worked.

One member of the company says: "Ours is an upstate, off-Broadway opera theatre."

THE TURNAU OPERA Players, knowing that American audiences are eager not only for the old, familiar operas, but are also looking for new works by modern writers, have included in their repertory a number of shorter operas by modern composers and librettists. In doing so there is recognition of the fact that the continued growth and development of opera in our country is dependent in good part upon the encouragement given to the composers and librettists of operas in the language which America speaks.

Among the most popular of the operas presented by the company are Grand Slam, "an operatic parody," composed by Ashley Vernon with book by Greta Hartwig and "The Marriage Contract" written by the young singer and writer, Ted Hart, who did a prodigious job of research of little known music of Mozart and came up with a very tuneful and entertaining one act opera.

The company has the talented Barbara Owens of the New York City Centre of Music and Drama as stage director; Sally Turnau, noted portrait and landscape painter, as designer; and Gloria Morais of the Hunter College Theatre Workshop as stage manager.

The musical director is Herman Fels, conductor in a number of German opera houses as well as at the opera in Zurich, Switzerland. Also he is a composer of songs and has served in an editorial capacity with a number of music publishing firms. He is active in the Queens Chamber Music Circle and the Queens Music Council and is a member of the faculty of the Adult Education Program in Great Neck and Port Washington, L. I.

IN ADDITION to the regular performances in the Turnau Opera Playhouse on Tuesday, Friday and Saturday evenings, the company presents operas and scenes from operas in the theatres maintained in nearby hotels, including Sunday evening operatic programs each Sunday night at the Funcrest Hotel in Pine Hill.

Special matinee and evening performances have been arranged with Camps Tiskilwa, Pakatan, Lilliput, Chichester Summer League and Shayne's Day Camp.

Of special interest have been the special performances for the children and counsellors of nearby camps during which Ward Pinner, teacher and business manager of the opera company, has given the story of the opera and described the characters that are to appear. Marie Salvatore, also a teacher, guitarist and singer who has appeared on the WNYC Oscar Brand Folk Song Festival entertains and leads the children in group singing.

THE FOLLOWING programs will be given:

The Telephone and Scenes from La Boheme, Manon and The Marriage of Figaro. Benefit for the Rotary Club, High School, Fleischmanns, Thursday.

Harlequinade, Grand Slam and Scene from the Barber of Seville. TOP Playhouse, Pine Hill, Friday.

The Telephone and Pagliacci. TOP Playhouse, Saturday.

Harlequinade and Scenes from Pagliacci, Manon and the Marriage of Fargo. TOP Playhouse, Tuesday, Aug. 9.

Harlequinade, The Marriage Contract and Grand Slam. TOP Playhouse. Benefit for Pine Hill Recreation Centre, Thursday, Aug. 11.

The Telephone, Grand Slam and Scene from La Boheme. Benefit for hospital fund sponsored by Chamber of Commerce and other organizations, high school auditorium, Stamford, Thursday, Aug. 18.

Good Taste Today

By EMILY POST

(Author of Etiquette, Children Are People, etc.)

RATHER GREEN-EYED!

A girl writes: "I went to a dance the other evening and the boy with whom I went sent me a very pretty corsage. It seemed a shame to let it dry up in the refrigerator so I wore it to the office the next day. I overheard several of the girls criticize me for this. I would like to know if wearing a corsage to business is in bad taste?"

I think it was a case of jealousy on the part of the other girls because there is certainly no objection to your enjoying your flowers to the utmost.

Shaking Hands at Funeral Home

Dear Mrs. Post: Recently I went to the funeral services of a man well-known in our city. The service was held in a funeral home. The immediate family stood at the chapel entrance and shook hands with each one who came to pay their respects. I was shocked by this and know that others felt the same as I. I would very much like your opinion of this behavior.

Answer: It was a very strange thing to do, but one should not criticize them because under those circumstances they are distraught.

Obligation of Invitation

Dear Mrs. Post: I understand you say it is a compliment to send distant relatives and friends wedding invitations, both to church and reception, even though it's a foregone conclusion that they cannot be present. I'm still puzzled about this and reluctant to follow your advice for my daughter's wedding. I wonder how many people in this category will feel it is a compliment to be put in the position of having to send gifts?

Answer: It has for generations been a fixed custom to send wedding invitations to all relatives and intimate friends whether they live next door or across the globe. The receipt of an invitation does not add to anyone's actual obligation. In other words, relatives who want to send gifts would do so in any case.

* * *

What should the attendants and guests wear at the wedding reception? Mrs. Post is sorry she cannot answer personal mail. Her leaflet E-6, includes description of clothes for a daytime or evening reception. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Freeman, P.O. Box 99, Station G, New York 19, N. Y.

(Released by The Bell Syndicate, Inc.)

Wedding Photos

Wedding photos submitted for publication in The Freeman must be received within ten days including date of the wedding. Pictures received later will not be published.

MRS. JAMES L. BRANCH, the former Barbara L. Bundy of Columbia street, Sunset Park. (Lipgar photo)

Miss Barbara Bundy, James L. Branch, USN Wed at St. John's

In St. John's Church, Miss Barbara L. Bundy, daughter of Mr. and Mrs. Walter T. Bundy of Columbia street, Sunset Park, was married Sunday afternoon, July 24, to James L. Branch, USN, son of Mr. and Mrs. George Branch of Paragould, Ark. The Rev. Robert T. Shellenberger officiated.

Given in marriage by her father, the bride wore a gown of white lace with white carnations.

Mrs. Ruth Lemister of Albany avenue, matron of honor, wore a gown of blue net and carried a bouquet of white carnations. Miss Dawn Lemister was flower girl, in a frock of green lace. She carried a bouquet of pink carnations.

Peter Lemister served as best man.

A reception for 70 guests was held at the Armory, Manor avenue.

For the wedding trip to Chicago, Ill., the bride wore a blue and white dress and a pink corsage. They will live in Portsmouth, Va., where the bridegroom is stationed as Petty Officer with the Navy, in which he has served for 10 years.

Good Taste Today

By EMILY POST

(Author of Etiquette, Children Are People, etc.)

RATHER GREEN-EYED!

A girl writes: "I went to a dance the other evening and the boy with whom I went sent me a very pretty corsage. It seemed a shame to let it dry up in the refrigerator so I wore it to the office the next day. I overheard several of the girls criticize me for this. I would like to know if wearing a corsage to business is in bad taste?"

I think it was a case of jealousy on the part of the other girls because there is certainly no objection to your enjoying your flowers to the utmost.

Shaking Hands at Funeral Home

Dear Mrs. Post: Recently I went to the funeral services of a man well-known in our city. The service was held in a funeral home. The immediate family stood at the chapel entrance and shook hands with each one who came to pay their respects. I was shocked by this and know that others felt the same as I. I would very much like your opinion of this behavior.

Answer: It was a very strange thing to do, but one should not criticize them because under those circumstances they are distraught.

Obligation of Invitation

Dear Mrs. Post: I understand you say it is a compliment to send distant relatives and friends wedding invitations, both to church and reception, even though it's a foregone conclusion that they cannot be present. I'm still puzzled about this and reluctant to follow your advice for my daughter's wedding. I wonder how many people in this category will feel it is a compliment to be put in the position of having to send gifts?

Answer: It has for generations been a fixed custom to send wedding invitations to all relatives and intimate friends whether they live next door or across the globe. The receipt of an invitation does not add to anyone's actual obligation. In other words, relatives who want to send gifts would do so in any case.

* * *

What should the attendants and guests wear at the wedding reception? Mrs. Post is sorry she cannot answer personal mail. Her leaflet E-6, includes description of clothes for a daytime or evening reception. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Freeman, P.O. Box 99, Station G, New York 19, N. Y.

(Released by The Bell Syndicate, Inc.)

Wedding Photos

Wedding photos submitted for publication in The Freeman must be received within ten days including date of the wedding. Pictures received later will not be published.

Turnau Opera Players Establish Playhouse In Pine Hill for 'Best in Short Operas'

With the strong conviction that Catskill residents and vacationeers alike would welcome a summer season of opera, the Turnau Opera Players of New York City have established their own TOP Playhouse in Pine Hill where they are now featuring "the best in short operas" along with scenes from the standard operatic repertory.

The Turnau Opera Players is a co-operative company of young singers with a rich and varied background of experience on the concert stage, in radio and television as well as in opera.

The driving force and name for the company were inspired by the late Professor Joseph Turnau of the Hunter College Opera Workshop and world-famous stage director with whom most of the singers and production staff had worked.

One member of the company says: "Ours is an upstate, off-Broadway opera theatre."

THE TURNAU OPERA Players, knowing that American audiences are eager not only for the old, familiar operas, but are also looking for new works by modern writers, have included in their repertory a number of shorter operas by modern composers and librettists. In doing so there is recognition of the fact that the continued growth and development of opera in our country is dependent in good part upon the encouragement given to the composers and librettists of operas in the language which America speaks.

Among the most popular of the operas presented by the company are Grand Slam, "an operatic parody," composed by Ashley Vernon with book by Greta Hartwig and "The Marriage Contract" written by the young singer and writer, Ted Hart, who did a prodigious job of research of little known music of Mozart and came up with a very tuneful and entertaining one act opera.

The company has the talented Barbara Owens of the New York City Centre of Music and Drama as stage director; Sally Turnau, noted portrait and landscape painter, as designer; and Gloria Morais of the Hunter College Theatre Workshop as stage manager.

The musical director is Herman Fels, conductor in a number of German opera houses as well as at the opera in Zurich, Switzerland. Also he is a composer of songs and has served in an editorial capacity with a number of music publishing firms. He is active in the Queens Chamber Music Circle and the Queens Music Council and is a member of the faculty of the Adult Education Program in Great Neck and Port Washington, L. I.

IN ADDITION to the regular performances in the Turnau Opera Playhouse on Tuesday, Friday and Saturday evenings, the company presents operas and scenes from operas in the theatres maintained in nearby hotels, including Sunday evening operatic programs each Sunday night at the Funcrest Hotel in Pine Hill.

Special matinee and evening performances have been arranged with Camps Tiskilwa, Pakatan, Lilliput, Chichester Summer League and Shayne's Day Camp.

Of special interest have been the special performances for the children and counsellors of nearby camps during which Ward Pinner, teacher and business manager of the opera company, has given the story of the opera and described the characters that are to appear. Marie Salvatore, also a teacher, guitarist and singer who has appeared on the WNYC Oscar Brand Folk Song Festival entertains and leads the children in group singing.

THE FOLLOWING programs will be given:

The Telephone and Scenes from La Boheme, Manon and The Marriage of Figaro. Benefit for the Rotary Club, High School, Fleischmanns, Thursday.

Harlequinade, Grand Slam and Scene from the Barber of Seville. TOP Playhouse, Pine Hill, Friday.

The Telephone and Pagliacci. TOP Playhouse, Saturday.

Harlequinade and Scenes from Pagliacci, Manon and the Marriage of Fargo. TOP Playhouse, Tuesday, Aug. 9.

Harlequinade, The Marriage Contract and Grand Slam. TOP Playhouse. Benefit for Pine Hill Recreation Centre, Thursday, Aug. 11.

The Telephone, Grand Slam and Scene from La Boheme. Benefit for hospital fund sponsored by Chamber of Commerce and other organizations, high school auditorium, Stamford, Thursday, Aug. 18.

Let your imagination run free with DANIA. . . Make your selections from basic pieces for living, dining and bedroom . . . and architectural "stack on" units that adjust to your every need and mood. For a dynamic "personalized" decor . . . it's

DANIA

THE STORY OF DANIA - - - -

In 1947 the American Furniture Company made a definite decision to discontinue the production of any type of merchandise except modern. Since that turning point, they have concentrated all design and merchandising efforts in that direction and, as a result, have become specialists in the contemporary field. Today American of Martinsville is recognized as the undisputed style leader in medium-priced merchandise . . . furniture made specifically for the average American homemaker.

The outstanding success, wonderful prestige, and reputation the company enjoys today is due to channeling all efforts towards its one goal . . that of giving the consumer-public outstanding styling in well-made medium priced furniture.

For more than a year American of Martinsville executives had considered and discussed in greatest detail the presentation of a truly outstanding and comprehensive group of living, dining, and bedroom furniture reflecting the Scandinavian influence . . . the only "pure" modern design stimulus evident in furniture today.

After the preliminary discussions the next step was for Tom Barbour, Vice-President and Sales Manager of the Company and Merton L. Gershun, American of Martinsville's designer, to make a trip to Europe and study very closely every facet of the over-all Scandinavian design picture. They visited museums and leading manufacturers, studied numerous displays of fine furniture, learned many new things about technical production and all the while enthusiastically discussed how these general ideas and influences could be reworked, revised, and made to appeal to the style conscious consumers of America as nothing in the home furnishings field ever has.

Mr. Barbour and Mr. Gershun found they were more influenced by the things they saw in Denmark than anywhere else. So it was that when the design itself began to take shape back in Martinsville, it was called DANIA which is the Latin name for Denmark.

DANIA, as it was finally designed and produced by American of Martinsville, reflects not only the best and most generally accepted design influences of Denmark and other Scandinavian countries, but also the total experience in the modern field which American of Martinsville has developed over the years. These correlated groupings retain the stimulating finesse of Scandinavian design, along with the practicality and common sense approach the American homemaker demands.

Everything possible . . . down to the most minute detail . . . has been done with painstaking care to make DANIA the most outstanding presentation in the history of American of Martinsville . . . and to keep faith with the high taste level of the American consumer.

The DANIA group is in all walnut, in a nut-brown, hand-rubbed finish waxed to a silken smooth surface. After months of experimenting this particular finish was selected for its warmth, and because it shows the real beauty and character of walnut woods. Although solid walnut is extremely scarce in this country today, nothing but specially selected, genuine solid walnut of the finest type is used as solid parts on this group.

Many hidden drawers add immeasurably to the convenience that DANIA offers and are finished in stunning pure white lacquer. This added design interest necessitates finishing these drawers in a completely separate operation.

Slate-like Panelyte tops are utilized in many instances as a distinctive design motif and as a very practical surface. This material is a high-pressure melamine laminated plastic and has all the highly desirable heat, stain and scratch resistant properties. Solid brass bandings are used as accents along the bases of various pieces, and optional black lacquer doors add design interest.

From the very beginning it was felt that DANIA would achieve complete versatility and additional dramatic interest by incorporating architectural pieces that could be bought and arranged in countless different ways to suit the needs and tastes of everyone.

These "stack-on" units include such items as bookcases, record cabinets, sliding glass hutches, door units, drawer units, a desk, a bar and TV cabinet unit. These units are 36" and are designed for use on 54" and 72" benches. 18" and 36" cushions are also available for use in various ways on these benches. DANIA architectural units can be arranged in an endless number of combinations for maximum convenience and greatest personal appeal to the individual.

DANIA also offers a broad selection of basic pieces for bedroom, dining room and living room . . . including dressers, chest, buffets, chinas and other complete pieces. The group of living room occasional tables, judged on its own merits, has been called one of the most outstanding available. The foam rubber upholstered pieces are certainly beautifully styled, both from the standpoint of eye appeal and comfort.

It is genuinely felt that DANIA by American of Martinsville will make a lasting impression upon the contemporary homefurnishings field, and it is with a great deal of pride and satisfaction that we share with you our enthusiasm.

Miss Karn Honored at Birthday Party

Mary Margaret McBride gave a party in honor of the birthday of Miss Stella Karn, her manager, at Watson Hollow Inn, Sunday. The same group of friends gathered again this year for the occasion, which featured a table decorated with a low arrangement of pine and gladioli between a pair of white doves.

Present for the party were Mr. and Mrs. Conrad J. Heiselman, Mr. and Mrs. Samuel Scudder, Mr. and Mrs. Elmer Hayden, Nyack, and Mr. and Mrs. L. W. Marvin, Bearsville. Senator and Mrs. Arthur H. Wicks were unable to attend the celebration this year, although they have been among the dozen friends there previously.

History in the Making!

Twaalfskill Golf Club is going to make sure that "poor little ole August 6" is remembered—at least for a while.

To make sure that something outstanding occurs on this date, the committee has scheduled a bid dinner dance at the club. For the "first time in history."

Following cocktails and dinner served by Hospitality House of Poughkeepsie, guests will dance away August 6 to the music of Speed Scherer and his orchestra. "The August Sixth Swing" will be introduced at that time.

William Darling is again in charge of reservations.

Shower at Flamingo for Miss Conway

A bridal shower honored Miss Mary Catherine Conway, daughter of Mr. and Mrs. J. Edward Conway, at the Flamingo Restaurant Wednesday evening. Hostesses were Mrs. Joseph DiDonna and Mrs. Anthony Ferlazzo. Decorations in yellow were featured, with a large cake and umbrellas.

Present were the Mmes. J. Edward Conway, Joseph DiDonna, Anthony Ferlazzo, Miss Lillian Ferlazzo and Miss Rose Mary Conway.

Also present were the Mmes. Albert DiDonna, Vincent Maggiore, Sr., Anthony Maggiore, Vincent Maggiore, Jr., Robert Bach, Rose Amato, Albert Maggiore, Giacomo Liccardo, Sam Donato, Thomas Scafidi, John Resso, John Lamaro, Benjamin Gulnick, Connie Donato, Joseph Donato, Thomas Donato, Anthony Saccoman, Joseph Saccoman, Robert Hansen, Joseph B. Saccoman, Guido Napoletano, Charles Saccoman, Daniel Morehouse, Parran Gates, Lester Felton, Donald Parish, Michael Carpino, Ignatzio Bosco and the Misses Anne Conway, Cecelia Conway and Clare Conway.

Miss Conway will be married to Attorney Louis DiDonna, son of Mr. and Mrs. Joseph DiDonna, Saturday, Aug. 13.

Birthday Dinner for Mrs. Demerest

A dinner honored Mrs. Robert Demerest of Main street, Rosendale, on her birthday, Sunday, July 28. The celebration was held in the new Pecky Cypress dining room at Williams Lake Hotel.

Present were Mr. and Mrs. Emil Hauj, parents of the guest of honor, Mr. and Mrs. Edward Demerest, and Robert Demerest.

Vacationers!

The Rev. David C. Gaise and Mrs. Gaise with their two daughters, Carol and Jean, spent two weeks touring the Thousand Islands. He is pastor of Evangelical Lutheran Church of the Redeemer.

Mr. and Mrs. Edmund DeGasperis and daughter Sondra and son, John of 120 Harding avenue, have left for a two-weeks vacation in Miami Beach, Fla.

Mr. and Mrs. John Anderson of Hurley are spending a cool two weeks at Lake George.

The Rev. and Mrs. Alvin F. Messersmith of West Camp left on their vacation Sunday. During the month of August they will visit in Rochester, Buffalo and Clyde, O. The Rev. Mr. Messersmith is pastor of St. Paul's Evangelical Lutheran Church of West Camp.

Mrs. Clifford Van Etten of Warren Place and Mr. and Mrs. Roy Ennis of Evesport are vacationing at West Palm Beach, Fla., at the home of Mrs. Van Etten's sister and brother-in-law, Mr. and Mrs. Floyd Mignano. Mrs. Mignano is the former Evelyn Oliver and Mrs. Van Etten is the former Marjory Oliver, both of West Camp.

Mrs. Herbert H. Reuner and son, Christopher of 24 Hurley avenue, have returned home after spending ten days at the Hotel Lillagaard in Ocean Grove, N. J. Mrs. Reuner's parents, Mr. and Mrs. Louis Palkowics of Rifton, are at the Lillagaard for three weeks. Mr. Reuner joined his family for the weekends.

Way Out West!

One their way to California are Mr. and Mrs. Lester Decker of 17 Mountain View avenue. They will motor up the California coast from Los Angeles to San Francisco, taking in Yosemite, Monterey points of interest, then fly back to New York.

Motoring west are Mr. and Mrs. William McGrath of Port Ewen. After seeing the west coast by auto, they will fly to Hawaii for a few weeks, returning east the latter part of the month. Mr. McGrath recently became a member of the 25-year club at Hercules Powder Co.

Ernest Bergman of The Friendly Gate, Route 4, Kingston, left Tuesday on a trip to the Pacific Northwest. He will visit the Rocky Mountains, Banff and Lake Louise before returning east. Mr. Bergman spent the earlier part of the year in Mexico and Florida.

Cool, Cool Canada

Recent guests at the Laurentide Inn, Ste. Agathe, Que., were Mr. and Mrs. Thomas Gay and Herbert Roth of this city.

Joseph Cahill of 35 West O'Reilly street left Sunday on the Tadoussac-Saguenay Cruise.

Taking this Saguenay cruise for the second time are Mr. and Mrs. R. V. O. DuBois of Gardiner. They left today for the five-day trip.

Across the Ocean

Leaving Saturday for a week at the Elbow Beach Club in Bermuda are Miss Edna Britt, Miss Mamie Hutton, and Miss Dorothy Rhodes.

On her way to Germany for six weeks is Mrs. Margaret Rieder of 29 Coffey Place. She left Tuesday via TWA.

Flying to Germany for a two-months visit are Mr. and Mrs. William Wittstad of RFD 1, Kingston. They will spend the time visiting with their families.

Sailing on the America Friday are Mrs. George Hildebrandt, Finger street extension, Saugerties, accompanied by her daughter, Martha, and her father, the Rev. Benjamin Rowe. They will spend two months traveling in England.

Lenox China Award To Kingston Girl In National Contest

EILEEN CONWAY

Miss Eileen M. Conway of 101 Hoffman street has won second place in a national contest sponsored by Lenox China Company.

The winning entry was Miss Conway's drawing of a luncheon table setting using Lenox Trio china, with grey place mats, orange napkins, suitable silverware and crystal, and a centerpiece of black pottery with orange kumquats and mint leaves. Her prize consists of an eight-piece setting of Lenox Trio, sterling silver to match, and Bryce-Debout platinum glassware. Her mother, Mrs. David Conway, began opening the china on its arrival Tuesday.

A student of home economics in Regis College, Mass., Miss Conway won in the first contest she ever entered. Her art minor stood her in good stead for the winning entry, which brings a set of china to her college as well.

Daughter of Mr. and Mrs. David Conway, she is a graduate of Academy of St. Ursula. The college junior is spending the summer at Spring Lake, N. J., on the staff of the Essex-Sussex hotel. (Photo Workshop photo)

Miss Palisi Fiancee Of Ralph Bogert, USN

ANNLOUISE PALISI

Mr. and Mrs. Nathan J. Palisi of 484 Broadway announce the engagement of their daughter, Annlouise, to Ralph B. Bogert, son of Mrs. Abram Bogert and the late Abram Bogert of RFD 3, Saugerties.

Miss Palisi, who graduated from Kingston High School, will enter her senior year at Syracuse University this fall.

Mr. Bogert is a graduate of Saugerties High School. He is now with the SeaBees in the Navy, stationed at Davisville, R. I. (Pennington photo)

History in the Making!

Twaalfskill Golf Club is going to make sure that "poor little ole August 6" is remembered—at least for a while.

To make sure that something outstanding occurs on this date, the committee has scheduled a bid dinner dance at the club. For the "first time in history."

Following cocktails and dinner served by Hospitality House of Poughkeepsie, guests will dance away August 6 to the music of Speed Scherer and his orchestra. "The August Sixth Swing" will be introduced at that time.

William Darling is again in charge of reservations.

Shower at Flamingo for Miss Conway

A bridal shower honored Miss Mary Catherine Conway, daughter of Mr. and Mrs. J. Edward Conway, at the Flamingo Restaurant Wednesday evening. Hostesses were Mrs. Joseph DiDonna and Mrs. Anthony Ferlazzo. Decorations in yellow were featured, with a large cake and umbrellas.

Present were the Mmes. J. Edward Conway, Joseph DiDonna, Anthony Ferlazzo, Miss Lillian Ferlazzo and Miss Rose Mary Conway.

Also present were the Mmes. Albert DiDonna, Vincent Maggiore, Sr., Anthony Maggiore, Vincent Maggiore, Jr., Robert Bach, Rose Amato, Albert Maggiore, Giacomo Liccardo, Sam Donato, Thomas Scafidi, John Resso, John Lamaro, Benjamin Gulnick, Connie Donato, Joseph Donato, Thomas Donato, Anthony Saccoman, Joseph Saccoman, Robert Hansen, Joseph B. Saccoman, Guido Napoletano, Charles Saccoman, Daniel Morehouse, Parran Gates, Lester Felton, Donald Parish, Michael Carpino, Ignatzio Bosco and the Misses Anne Conway, Cecelia Conway and Clare Conway.

Miss Conway will be married to Attorney Louis DiDonna, son of Mr. and Mrs. Joseph DiDonna, Saturday, Aug. 13.

Birthday Dinner for Mrs. Demerest

A dinner honored Mrs. Robert Demerest of Main street, Rosendale, on her birthday, Sunday, July 28. The celebration was held in the new Pecky Cypress dining room at Williams Lake Hotel.

Present were Mr. and Mrs. Emil Hauj, parents of the guest of honor, Mr. and Mrs. Edward Demerest, and Robert Demerest.

Vacationers!

The Rev. David C. Gaise and Mrs. Gaise with their two daughters, Carol and Jean, spent two weeks touring the Thousand Islands. He is pastor of Evangelical Lutheran Church of the Redeemer.

Mr. and Mrs. Edmund DeGasperis and daughter Sondra and son, John of 120 Harding avenue, have left for a two-weeks vacation in Miami Beach, Fla.

Mr. and Mrs. John Anderson of Hurley are spending a cool two weeks at Lake George.

The Rev. and Mrs. Alvin F. Messersmith of West Camp left on their vacation Sunday. During the month of August they will visit in Rochester, Buffalo and Clyde, O. The Rev. Mr. Messersmith is pastor of St. Paul's Evangelical Lutheran Church of West Camp.

Mrs. Clifford Van Etten of Warren Place and Mr. and Mrs. Roy Ennis of Evesport are vacationing at West Palm Beach, Fla., at the home of Mrs. Van Etten's sister and brother-in-law, Mr. and Mrs. Floyd Mignano. Mrs. Mignano is the former Evelyn Oliver and Mrs. Van Etten is the former Marjory Oliver, both of West Camp.

Mrs. Herbert H. Reuner and son, Christopher of 24 Hurley avenue, have returned home after spending ten days at the Hotel Lillagaard in Ocean Grove, N. J. Mrs. Reuner's parents, Mr. and Mrs. Louis Palkowics of Rifton, are at the Lillagaard for three weeks. Mr. Reuner joined his family for the weekends.

Way Out West!

One their way to California are Mr. and Mrs. Lester Decker of 17 Mountain View avenue. They will motor up the California coast from Los Angeles to San Francisco, taking in Yosemite, Monterey points of interest, then fly back to New York.

Motoring west are Mr. and Mrs. William McGrath of Port Ewen. After seeing the west coast by auto, they will fly to Hawaii for a few weeks, returning east the latter part of the month. Mr. McGrath recently became a member of the 25-year club at Hercules Powder Co.

Ernest Bergman of The Friendly Gate, Route 4, Kingston, left Tuesday on a trip to the Pacific Northwest. He will visit the Rocky Mountains, Banff and Lake Louise before returning east. Mr. Bergman spent the earlier part of the year in Mexico and Florida.

Cool, Cool Canada

Recent guests at the Laurentide Inn, Ste. Agathe, Que., were Mr. and Mrs. Thomas Gay and Herbert Roth of this city.

Joseph Cahill of 35 West O'Reilly street left Sunday on the Tadoussac-Saguenay Cruise.

Taking this Saguenay cruise for the second time are Mr. and Mrs. R. V. O. DuBois of Gardiner. They left today for the five-day trip.

Across the Ocean

Leaving Saturday for a week at the Elbow Beach Club in Bermuda are Miss Edna Britt, Miss Mamie Hutton, and Miss Dorothy Rhodes.

On her way to Germany for six weeks is Mrs. Margaret Rieder of 29 Coffey Place. She left Tuesday via TWA.

Flying to Germany for a two-months visit are Mr. and Mrs. William Wittstad of RFD 1, Kingston. They will spend the time visiting with their families.

Sailing on the America Friday are Mrs. George Hildebrandt, Finger street extension, Saugerties, accompanied by her daughter, Martha, and her father, the Rev. Benjamin Rowe. They will spend two months traveling in England.

Lenox China Award To Kingston Girl In National Contest

EILEEN CONWAY

Miss Eileen M. Conway of 101 Hoffman street has won second place in a national contest sponsored by Lenox China Company.

The winning entry was Miss Conway's drawing of a luncheon table setting using Lenox Trio china, with grey place mats, orange napkins, suitable silverware and crystal, and a centerpiece of black pottery with orange kumquats and mint leaves. Her prize consists of an eight-piece setting of Lenox Trio, sterling silver to match, and Bryce-Debout platinum glassware. Her mother, Mrs. David Conway, began opening the china on its arrival Tuesday.

A student of home economics in Regis College, Mass., Miss Conway won in the first contest she ever entered. Her art minor stood her in good stead for the winning entry, which brings a set of china to her college as well.

Daughter of Mr. and Mrs. David Conway, she is a graduate of Academy of St. Ursula. The college junior is spending the summer at Spring Lake, N. J., on the staff of the Essex-Sussex hotel. (Photo Workshop photo)

Miss Palisi Fiancee Of Ralph Bogert, USN

ANNLOUISE PALISI

Mr. and Mrs. Nathan J. Palisi of 484 Broadway announce the engagement of their daughter, Annlouise, to Ralph B. Bogert, son of Mrs. Abram Bogert and the late Abram Bogert of RFD 3, Saugerties.

Miss Palisi, who graduated from Kingston High School, will enter her senior year at Syracuse University this fall.

Mr. Bogert is a graduate of Saugerties High School. He is now with the SeaBees in the Navy, stationed at Davisville, R. I. (Pennington photo)

THE SUMMER STAGE

Fifth Concert at Tanglewood Tonight

The fifth concert in this season's series of Wednesday evening chamber music programs will be given tonight at 8:30 o'clock in the Theatre-Concert Hall at Tanglewood, Lenox, Mass., as part of the 1955 Berkshire Festival. Rudolf Serkin, the eminent pianist who made his Tanglewood debut earlier this season, will play three Piano Sonatos by Beethoven: the Sonata in F Major, Opus 10, No. 2; the Sonata in C Major, Opus 53, called the "Waldstein" Sonata; and the Sonata in B Flat, Opus 106, the "Hammerklavier" Sonata.

Mr. Serkin made his American debut 20 years ago with Arturo Toscanini and the Philharmonic-Symphony Orchestra of New York. Ever since he has been one of the most popular and distinguished concert artists in the United States. He has played with all the major orchestras in the world and in recent years has made an annual journey to the small French village of Prades to participate in Festival performances with the great cellist, Pablo Casals. He is especially renowned as a Beethoven interpreter.

Remaining tickets for tonight's concert, as well as the six remaining ones by the Boston Symphony Orchestra in the 1955 Berkshire Festival, which ends on August 14, are now on sale at the Tanglewood box-office. Admission for listening from the lawn will be on sale the day of each concert.

Sabrina Fair at Cragsmoor

Frances Woodbury is a featured actress in "Sabrina Fair" which opens tonight at the Cragsmoor Playhouse, 5 miles southeast of Ellenville, on Route 52. Miss Woodbury recently appeared on Broadway in "The Honeys" with Hume Cronyn and Jessica Tandy and is a veteran radio and television actress, having done leads on "Young Dr. Malone," "Portia Faces Life" and many others. She toured four seasons in the National Company of "Harvey," playing opposite Joe E. Brown, Frank Fay and Jimmy Dunn at various times. Her television appearances include such shows as TV Playhouse, Studio One and Mr. Peepers.

"Sabrina Fair" is a suave tale of a chauffeur's daughter who grows bright and sophisticated in Paris. She has an offer of marriage from a young French Midas and has come home to see if she is still in love with one of the sons of her father's wealthy boss. From here on, the plot is an ingenious concoction, complicated by the unexpected arrival of the Frenchman and the efforts of the elder son, a Wall Street wizard, to throw Sabrina into the arms of his playboy brother. However, when the true character of the chauffeur is humorously and whimsically revealed, the whole issue goes off its financial basis onto one of personality and Sabrina discovers what she came home to find out.

Also featured in "Sabrina Fair" is Paul Lilly who appeared in the original Broadway production of "My Three Angels," "The Shrike," "Twentieth Century" and the musical version of "Street Scene," in addition to appearances on all the major television dramatic programs. Mr. Lilly recently produced the off-Broadway play, "Teach Me How to Cry," which received brilliant notices.

The Cragsmoor Playhouse is under the new management of Elaine Perry and Irl Mowery. A new show opens in its cool, mountain-top location every Wednesday night. Sabrina Fair will run through Monday, Aug. 8.

The seventh week of the current season will begin Aug. 10 with Clifford Odets' award-winning drama, The Country Girl, featuring Dinnie Smith and Gerald Richards.

Miss Anne Brunel Is Engaged to Wed Officer in Army

MISS ANNE BRUNEL

Mrs. Gladys Brunel of Boiceville, announces the forthcoming marriage of her daughter, Miss Anne Brunel, to Second Lieutenant John Joseph Lynch, son of Mr. and Mrs. Joseph E. Lynch of Loudonville. The wedding will take place in October.

Miss Brunel is a graduate of Edgewood Park, Briarcliff, and Green Mountain Junior College, Poultney, Vt.

Lt. Lynch was graduated from Vincentian Institute and Saint Michael's College, Winooski, Vt.

Double Wedding For Local Residents Held in California

A double wedding took place in Old Mexico, Calif., Saturday evening, July 30, when Miss Lois Gorsline became the bride of Ralph Cole, Jr., and her sister, Miss Margaret Gorsline, became the bride of John Walfiel.

The brides are the daughters of Mr. and Mrs. Leon Gorsline of 48 Abruyn street. Mr. Walfiel is the son of Mr. and Mrs. William Walfiel of 13 Second avenue, and Mr. Cole is the son of Mr. and Mrs. Ralph Cole, Sr., of 38 Sherman street.

The attendants were Mr. and Mrs. Martin Glass of Inglewood, Calif., brother and sister-in-law of the brides.

A supper followed the ceremony. On their return from a wedding trip to Catalina Island, Mr. and Mrs. Walfiel will live in Needles, Calif., and Mr. and Mrs. Cole will live in Los Angeles, Calif.

MR. AND MRS. JOHN WESLEY LAWSON cut the cake at their wedding reception. The bride is the former Emily Sims. (Lipgar photo)

Miss Emily Sims, John W. Lawson Wed at Zion Church

In Franklin Street AME Zion Church, Miss Emily Sims, daughter of Lazarus Sims of 40 Meadow street, and the late Mrs. Sims, was married Sunday afternoon to John Wesley Lawson, 27 Murray street, son of Mrs. Nona Graux and Joseph J. Lawson. The Rev. Sampson M. Greene performed the double ring ceremony. A reception for 275 guests followed at the New York State Armory.

Miss Virginia Sims was soloist accompanied at the organ by George Armstrong.

Given in marriage by her father, the bride wore a ballerina length gown of lace over satin, with sequin embroidered mandarin collar on the bodice, long pointed lace sleeves, and a full skirt of illusion net over satin. A fitted cap secured a fingertip veil of imported illusion with hand-rolled edge. She carried a cascade bouquet of fleur d'amour, white roses and swansonia.

Miss Shirley Sims was maid of honor. The bridesmaids were Miss Hilda Johnson, Miss Frances Kennedy, and Mrs. Irene Lawson. Miss Sims wore a pink ballerina length gown of nylon tulle over taffeta with matching jacket, and elbow length tulle mitts. The bridesmaids' gowns in blue were identical in styling. Their hats were small bead-embroidered crowns matching their gowns. They carried cascade bouquets of pink roses and swansonia.

Miss Lynn Sims was flower girl. She wore a pink nylon frock and carried a basket of rose petals.

Joseph S. Lawson, of 409 Foxhall avenue, was best man for his brother. The ushers were Charles Marable, Bernard Irvis, and Dorris Dabney, all of Kingston.

The bride, who attended Kingston High School, is with IBM, Poughkeepsie. The bridegroom, who is a graduate of Kingston High School, and Albany Business College, served four years in the army, discharged with the rank of staff sergeant. He is with IBM, Kingston.

Mr. and Mrs. Lawson will live at 24 Furnace street.

Elaine Mitchell Is Engaged to Wed

ELAINE MITCHELL

Mr. and Mrs. Earl Mitchell of 85 Emerson street announce the engagement of their daughter, Elaine, to Walter G. Warren, son of Mr. and Mrs. Walter J. Warren of Rifton. The wedding will be held Saturday, Oct. 1, at St. Joseph's Church.

The prospective bride is a graduate of Kingston High School and is secretary for Napoletano, Kelly and Saccoman.

Mr. Warren is with Central Hudson Gas and Electric Corp. (Pennington photo).

THE SUMMER STAGE

Fifth Concert at Tanglewood Tonight

The fifth concert in this season's series of Wednesday evening chamber music programs will be given tonight at 8:30 o'clock in the Theatre-Concert Hall at Tanglewood, Lenox, Mass., as part of the 1955 Berkshire Festival. Rudolf Serkin, the eminent pianist who made his Tanglewood debut earlier this season, will play three Piano Sonatos by Beethoven: the Sonata in F Major, Opus 10, No. 2; the Sonata in C Major, Opus 53, called the "Waldstein" Sonata; and the Sonata in B Flat, Opus 106, the "Hammerklavier" Sonata.

Mr. Serkin made his American debut 20 years ago with Arturo Toscanini and the Philharmonic-Symphony Orchestra of New York. Ever since he has been one of the most popular and distinguished concert artists in the United States. He has played with all the major orchestras in the world and in recent years has made an annual journey to the small French village of Prades to participate in Festival performances with the great cellist, Pablo Casals. He is especially renowned as a Beethoven interpreter.

Remaining tickets for tonight's concert, as well as the six remaining ones by the Boston Symphony Orchestra in the 1955 Berkshire Festival, which ends on August 14, are now on sale at the Tanglewood box-office. Admission for listening from the lawn will be on sale the day of each concert.

Sabrina Fair at Cragsmoor

Frances Woodbury is a featured actress in "Sabrina Fair" which opens tonight at the Cragsmoor Playhouse, 5 miles southeast of Ellenville, on Route 52. Miss Woodbury recently appeared on Broadway in "The Honeys" with Hume Cronyn and Jessica Tandy and is a veteran radio and television actress, having done leads on "Young Dr. Malone," "Portia Faces Life" and many others. She toured four seasons in the National Company of "Harvey," playing opposite Joe E. Brown, Frank Fay and Jimmy Dunn at various times. Her television appearances include such shows as TV Playhouse, Studio One and Mr. Peepers.

"Sabrina Fair" is a suave tale of a chauffeur's daughter who grows bright and sophisticated in Paris. She has an offer of marriage from a young French Midas and has come home to see if she is still in love with one of the sons of her father's wealthy boss. From here on, the plot is an ingenious concoction, complicated by the unexpected arrival of the Frenchman and the efforts of the elder son, a Wall Street wizard, to throw Sabrina into the arms of his playboy brother. However, when the true character of the chauffeur is humorously and whimsically revealed, the whole issue goes off its financial basis onto one of personality and Sabrina discovers what she came home to find out.

Also featured in "Sabrina Fair" is Paul Lilly who appeared in the original Broadway production of "My Three Angels," "The Shrike," "Twentieth Century" and the musical version of "Street Scene," in addition to appearances on all the major television dramatic programs. Mr. Lilly recently produced the off-Broadway play, "Teach Me How to Cry," which received brilliant notices.

The Cragsmoor Playhouse is under the new management of Elaine Perry and Irl Mowery. A new show opens in its cool, mountain-top location every Wednesday night. Sabrina Fair will run through Monday, Aug. 8.

The seventh week of the current season will begin Aug. 10 with Clifford Odets' award-winning drama, The Country Girl, featuring Dinnie Smith and Gerald Richards.

Outstanding Artists Slated for Concert

MIECZYSLAW KOLINSKI

Woodstock, Aug. 3—A group of outstanding musicians will be the performing artists in the Harmony Hill series at the Maverick Concert Hall, Saturday, Aug. 6, at 8:15 p. m. They are Isabelle Byman, pianist of Woodstock, Sylvia Nesson, singer, Guido Bran, violinist and Mieczyslaw Kolinski, pianist.

After her successful concert appearances in New York and elsewhere, Isabelle Byman will present the Third Piano Sonata by Kabalevsky and several compostions by the young modern composer, Alfred Grant Goodman. Sylvia Nesson, repeatedly heard at Town Hall, will give a program of unusual music. Accompanied by Dr. Kolinski, she will sing songs by Paul BenHaim, Kolinski, Salvador Ley, Charles Schwartz and Carlos Surinach. Guido Brand, noted violinist and director of the New School of Music in New York, will play with Kolinski the latter's Suite for Violin and Piano and an adagio by Charles Schwartz.

Dr. Kolinski is an internationally known authority on exotic music, and will also present a recital in this present series at the Art Gallery on Aug. 5. He was assistant to the late Hornbostel continuing the work of this profound musicologist. But Kolinski is also a vetern composer whose work was performed at Saltzburg, Prague, Brussels and other music capitals of the world. In addition to the above mentioned works, two of his piano compositions will be performed by himself.

Dr. H. A Schimmerling, arranger and director of the New Harmony Hill Series of Musical Events will be the commentator and moderator of the symposium which will follow the program.

About 3,000 Attend As Fair Nets $8,500

Woodstock, Aug. 3—More than 3,000 persons attended the Woodstck Library Fair July 28. They spent over $5,000 in the space of six hours and brought the total proceeds, including over $4,300 in contributions, to a gross of approximately $9,500.

After deduction of expenses a sum in excess of $8,500 will be realized as the net income, according to the library president, Mrs. George H. Laws. Complete figures, including a breakdown of the proceeds from each department of the fair, will be announced by the end of the week. The net amount will be turned over to the library trustees by the fair committee to maintain and improve the Woodstock Library for the coming year.

In Broadway terms, the fair was a smash hit. Fair officials attributed this to one thing: the extraordinary team-work of some 250 men and women of Woodstock who gave time and labor, goods and money—sometimes at real sacrifice—to put the fair across.

Fair-goers began surging through the library grounds soon after the noon siren sounded. The skies were threatening, but visitors were not deterred by fear of rain. It did not come, and the clouds only served to create welcome coolness. Heralding the start of the event, the Zena School Band marched briskly up Tinker street. The way for them was cleared with some difficulty by town constables and state troopers.

The band was headed by Majorettes Marilyn Wolven, 12, and Julie Holumzer, 8, followed by 4-year-old David Holumzer, the band's mascot, in uniform, with a conductor's baton as long as he was tall.

The traffic problem, made more acute as every inch of parking space began to be filled, was handled without a hitch, and the special police detail found no disorder even in the huge crowd milling around on the fair grounds. Constable Charles Farley directed traffic in the village, while on duty at the fair were Constable Clarence Snyder, Corporal Ray Dunn and Troopers Joe Ellsworth and Raymond Kowalski, of the State Police, also, Deputy Sheriff George Reynolds.

In front of many booths at the fair, people stood three and four deep. Bargain hunters, their arms laden with all manner of things, jostled each other and somehow managed to eat hot dogs without dropping a clock or a birdcage or some other object they had bought. Toward the end they crowded around the Great Expectations platform to await announcement on the feature.

The games in the Midway and the puppet shows indoors were thronged with children.

From early afternoon on, the fair band played under the trees. Bill Moore was at the trumpet, Clem Nessel played accordion, John Pike and Dick Burlingame, banjo, and Dave Huffine the "Tub," with Arnold Stanley alternating between clarinet, sax and flute. "Porky" Provenzano, leader of Frankie Zano's band, sang a couple of numbers. The sound system for the music was installed by young Peter Pike.

Visitors were still arriving in the late afternoon. By 6 p. m., it was over and the library lawn and rear areas looked as if a twister had struck them. Almost nothing was left of the thousands of articles which people throughout the Woodstock area had contributed to be sold.

But with the same spirit and energy with which the fair had been organized, the town went to work and cleaned up. Albert Cashdollar and his assistants did this chore. By the next night nothing was left of the debris. The library and grounds looked as serene as ever.

The heartfelt thanks of the library board of trustees was extended to everyone who had helped by Mrs. Laws, board president. First, to the fair chairman, Mrs. Henry Morton Robinson, and cochairman, Miss Anita Smith, and then to the committees, whose chairmen and members numbered over 150 men and women.

Thanks went to the merchants and businessmen who contributed all the Great Expectations articles free of cost to the library, and to the scores of volunteers who sold tickets; to the more than thirty authors who donated their autographed books; to the artists who helped decorate and make signs for the fair; to the churches and civic organizations and businesses that contributed materials.

Among those who gave manpower, equipment and the use of trucks toward the physical set-up of the fair were Gordon Andersen, the Art Gallery, Pat Burke, Cousins Home Appliance, Farrell's Motel, Adolph Heckeroth, Robert Holsapple, Otto Jacoby, Jerry Jerominek, Victor Lasher, the Methodist Church, Clark Neher, the Odd Fellows, Kurt Quednau, the Reformed Church, Harold Reynolds, Ishmael Rose, Rotron Company, Rowe and Company, Nelson Shultis and Eric Wiltz.

The decorative kites sold at the fair were painted by Miska Petersham, Stephen Barr and Walter Seaton.

SWEETY PIE By Nadine Seltzer

"Is company coming, or did you dent the fender again?"

Plan Annual Bazaar At Reformed Church

Woodstock, Aug. 3 — The Woodstock Dutch Reformed Church's annual bazaar will be held Thursday, Aug. 18, from 10 a. m., through the afternoon, on the village green, and in front of the church. Included in the articles for sale at the various booths are aprons, books, bags and fancy articles, records, clothing, flowers, jewelry and buttons, handkerchiefs and stationery and candy. There will also be a table of home-made food and frankfurters and beverages.

Plan Village Tour

Woodstock, Aug. 3—For the 25th anniversary of the founding of the Woodstock Historical Society a "village tour" has been planned, to visit historic and modern spots of interest in the Woodstock vicinity, Thursday, Aug. 11. Alf Evers, president of the Woodstock Society, will conduct the tour which will start from the Dutch Reformed Church on the village green at 2:30 p. m.

Drill Well for Church

Woodstock, Aug. 3—A contract for a well on the site for the new St. Gregory's Episcopay Church, Route 212, was negotiated last week with Charles Hasbrouck Sons, and drilling is expected to start in the near future.

Graphic Shop Opens

Woodstock, Aug. 3 — The Woodstock Artists Association has announced that the Graphic Workshop is now open for black and white color lithography. Under the supervision of Leonard M. Barkin, the shop is open daily from 1:30 to 5 p. m., Saturday from 10 a m to 5 p m, and Monday and Thursday from 7 to 10 p. m. The shop offers both the printing of lithograph editions and instruction.

To Sell House Needs At Sale for the Blind

Woodstock, Aug. 3—The annual Woodstock sale for the blind, to be held on the Lutheran Church lawn on Wednesday, Aug. 24, will offer for sale many economical and practical household items made by the blind in the Albany shops.

Aprons, children's aprons, linen and turkish towels, pot holders, hearth and whisk brooms, woven rugs, sheepskin moccasins, luncheon cloths and leathergoods will be among the articles displayed and sold at the Woodstock sale.

Mrs. John Wolven is serving as general chairman of the sale.

Residents of the Woodstock area are asked to patronize this sale of articles made by the blind.

Town Board Meeting

Woodstock, Aug. 3—At a Town Board meeting held Friday, July 29, it was announced that the Recreation Committee had received $510 from the Public Health Nursing Committee for the payment of salaries at the girls recreation program.

There was a permit issued to J. W. Cramer of Shady to cross the Town highway for a water pipeline.

A bond for $500 was renewed for Clarence Snyder, town constable.

Two letters were received by the Board, one from Senator Arthur H. Wicks, chairman of the Ulster County Republican Committee designating the following as inspectors at the polls for the coming year: District 1—Mrs. Willard Berryan and Mrs. Robert Gordon; District 2—Mrs. Genevieve Reynolds and Mrs. Natalie Sonnenberg, the above for the Republicans. For the Democrats, a letter was received from Thomas Plunkett, chairman of the Ulster County Democratic Committee, designating for the First District, Mrs. Gladys Feeley, Mrs. Barbara Gibson and the clerk for the first district, Mrs. Verna Herbert; District 2—Lewis Van-Hoogland, William Spanhake, Sr., and the clerk, Elizabeth Eichler.

Village Notes

Woodstock, Aug. 3—A meeting was held at the Daisy School, the former School District 15, on Thursday, July 28. At that time the school treasury balance of $1,325.75 was turned over to the new Saugerties Central School District, which the Daisy School recently voted to join.

Last Thursday, July 28, the Woodstock Jones Boys baseball team lost the game to Olive Bridge, 3 to 2. The game was played at Woodstock and lasted for six innings.

The Jones will play Phoenicia, at Phoenicia, on August 4, and on Thursday, August 11, West Shokan will play Woodstock at Woodstock.

The Agapae Rebekah Lodge will hold a roast beef supper and fair, Thursday, Aug. 25, the fair to start at 2 p. m., and the dinner at 5:30 p. m. Serving will continue until all are served.

Mr. and Mrs. William Metzger of Montclair, N. J. and son, William, Jr., were the guests for several days of Mrs. Arthur F. Wyman and Herbert G. Wyman.

Mrs. Margaret Kenyon left Sunday to visit her daughter, Mrs. Georgette Compton, for a week in New York. Mrs. Kenyon will spend the remainder of August in Maine.

New York Bell Telephone Eliminates Legion Juniors, 6-5

Last Inning Rally Falls Short With Tying Run Out at Plate; Contest Delayed 1 Hr., 42 Min.

A last-inning rally falling short, the American Legion Juniors were ousted in the semi-finals of the New York State tournament yesterday at White Plains, losing by 6-5 to the Bell Telephone Post of Brooklyn.

The victory put the Brooklyn team, which arrived an hour and 18 minutes late for the game, in the finals at Cooperstown Saturday.

It was a defeat made two times tougher by two factors—first, the hour-and-a-half wait for the opposing team; and second, the four unearned runs which the Brooklyn nine scored in the first inning. And to complete the frustration, the tying run was wiped out at home plate to wind up the game.

The controversy over Bell Telephone's tardiness was a hot one. The starting time of the game was twice changed by Charles Crow of Albany, District 4 Legion baseball chairman.

Originally scheduled to begin at 2 p. m., game time was switched to 2:30 and then to 3:00 as the afternoon wore on—with no sign of the Brooklyn team.

Kingston had taken the field at 2 o'clock. It was 3:18 when the bus carrying the Brooklyn team arrived at the field. The game finally got under way at 3:42.

Mr. Crow insisted that the game could not be forfeited to Kingston, despite the late arrival of the other squad. His stand on the matter touched off an argument between him and the Kingston representatives.

One Kingstonian recalled Mr. Crow as being the man who, four years ago, had denied the Kingston team a pre-game infield practice when it arrived five minutes late for a game at Albany.

THE GAME ITSELF was an exciting one. The Telephone team had a 6-3 lead going into the bottom of the seventh.

But Kingston rallied and pushed two runs across the plate. The locals lost a tie when Joe Hoffman was tagged out at home after a perfect throw by Brooklyn first sacker Bob Boehm.

Bob Maines suffered his first defeat after a fine string of successes. Maines went the distance, allowing seven hits, walking two and striking out six.

Maines went to full counts but got by the first two men he faced. Then Ed Graham hit a ground ball to the left of second base. Skip Brodhead let the ball go through him. That opened the gates for the Brooklynites.

Ted Scorcia followed with a bloop single in back of first. Dick Moreo clipped a clean hit to left, sending Graham sliding home ahead of the throw. The runners moved to second and third on the peg.

BROOKLYN PITCHER George Imperial lofted a fly to center. On a windless day it would have ben an easy out. But the strong breeze carried it over Ronnie Ferraro's outstretched arm. Both runners scored easily and when Johnny Culjak's relay to third sailed high and wide, Imperial tallied.

Kingston's attack got nowhere until, with one away in the third, Ronnie Ashdown got his first of three hits. Hoffman flied out, but Eric Blackwell drew a base on balls.

Brodhead's single sent Ashdown home. Maines hit sharply to right, scoring Blackwell and Brodhead. Bill Cragan singled to left, but Ferraro fanned to end the surge.

Maines kept the Telephone team scoreless until the seventh. With one away, Bill Mason walked. Sheldon Zimmerman went out on a ground ball. Tom Trapani singled and Graham doubled to left center, both runners scoring.

BILL CHASE prevented further damage when he made a neat running catch of Scorcia's fly to right.

Chase touched off the seventh-inning rally with a hit past Boehm. Ashdown singled again and Hoffman doubled, scoring Chase. Blackwell drew four straight balls from relief hurler Dick Moreo, loading the bases.

Brodhead's popup to short left scored Ashdown and sent Hoffman, the potential tying run, to third. Maines hit a grounder to second and was thrown out. Boehm buzzed a strike to the plate and John Dieckmann put the tag on Hoffman. That was the ball game.

Giants Nip Brooks, 3-2

American LL

	W	L
Sprague Dodgers	4	1
Electrol Giants	4	1
Moose Red Sox	1	4
Lions Yankees	1	4

The Electrol Giants erupted for three runs in the final inning and turned back the Sprague Dodgers, 3-2, in an American Little League game at the LL Stadium.

The defeat, the first in five games for the Dodgers, evened the teams in the standings.

Tom Gardner singled home the winning run in the person of Walt Harder.

GARDNER'S HIT was preceded by a walk to Vince Smedes and singles by Joe Uhl and Harder.

The Dodgers scored two runs off Harder in the first inning. A single by Tom Ashdown and doubles by Ronnie Secreto and Tom Cioni did the damage.

After that Harder settled down. He struck out nine men and walked three. He allowed four hits while going the route.

Garry Barnes hurled a fine game for the losers. He gave up five hits, walked two and struck out 13. He fanned the side in the fourth and fifth innings.

Giants centerfielder Bob Black snagged two long fly balls as he turned in a top fielding chore. First sacker Vince Meleskie made an unassisted double play.

Has Ez Had It? Tommy Jackson To Tell Tonight

Syracuse, N. Y., Aug. 3 (AP)—Is Ezzard Charles finished? Is Hurricane Jackson just a freak fighter?

The answer comes up tonight at War Memorial auditorium and it could be "yes" in both cases.

Charles, the 34-year-old former heavyweight champ, must win convincingly over the awkward Hurricane if he is to remain a serious factor in the division.

JACKSON, only 23, must prove he can handle a "class" fighter of Charles stature if he is to retain his No. 3 ranking among Rocky Marciano's contenders.

The 10-round match, to be carried on network radio and television (ABC) starting at 9 p. m, (EST) means a great deal to both men.

Since Nino Valdes defeated him on a TKO a year ago Jackson has won six straight. However, Jackson still flaps his hands awkwardly and is vulnerable to a good body puncher like Charles used to be. The Hurricane's forte is stamina as he climbs over a man with his swarming attack and simply wears him down.

Off the record, Charles figures to outbox Hurricane and hurt him with body punches. But the big spread in their ages, 34 to 23, and evidence that Charles' legs have begun to go, are in Jackson's favor.

Reading Plays All Star Game In Eastern

(By The Associated Press)

Acting Mayor Daniel F. McDevitt of Reading has proclaimed next Tuesday as Reading Indians "All Star Day."

The Indians, who yesterday increased their Eastern League lead to six and half games, are almost certain to retain their first place position until Tuesday, the date of the league all-star game.

They will play host to a selection of stars from the league's other seven teams. Fans are now voting by ballot for the membership of the all star team.

Allentown took the first game of the twin bill 6-1 with Rog Foster on the mound, and the Grays came out on top in the nightcap 9-5.

Wrens	6	2
Crows	5	3
Hawks	5	5
Eagles	1	7

Hawks scored five runs in the last two innings to upset the league leading Wrens, 7-4, and tighten the Jaycee Little League race yesterday.

The loss was only the second of the season for the Wrens and cut their margin over the second place Crows to one game. The win was the third in the last four games for the red hot Hawks.

THE WRENS racked up a 4-1 lead against Berry Bliss in the first two innings but were stymied by Hovert Schultz's sharp relief pitching in the late innings. Jerry Bruckert and Dan Van Wagenen divided the pitching chores for the losers.

Schultz, Pete Coffey and Tom Prisco each had two hits for the Hawks. Van Wagenen and Jack DeKoskie got a pair each for the Wrens.

Island Dock Tigers	1	0
Miron Indians	1	0
Hiltebrant Pirates	0	1
Trailway Braves	0	1

Freeman Woods stole home in the last inning to earn the Island Dock Tigers a 6-5 triumph over the Hiltebrant Pirates in a National Little League game last night at Kingman Park.

Losing pitcher Frank Bonavita had his back to the plate when Woods broke for home.

THE WINNERS used three pitchers—Jerry Bradford, Joe Spada and Jimmy Rodden. Rodden was the winner. The Pirates got only four hits off the trio.

Warren Brown hit his sixth home run for the Pirates. The previous five were socked against the Miron Indians. Brown also doubled.

Spada had half of the winners' six hits. He and Woods clipped doubles.

Rotary Scores Over Elks, 4-2 For First Fraternal Victory

Fraternal Youth League

Team	Won	Lost
Vols	5	0
Kiwanis	3	1
KPA	2	1
Legion	3	2
Elks	2	4
VFW	1	4
Rotary	1	5

Two-hit pitching by Don Juhl and Terry Corkery gave the Rotary Club its first victory in the Fraternal Youth League last night at Dietz Stadium. The Rotarians tripped the Elks Club, 4-2, for their first success in six games.

The winners got only four hits off Gerry Sampson and Bob Pratt, but three of the blows figured in the scoring.

LEE KIAS' home run in the third inning capped a Rotary outburst. The round-tripper was preceded by Jim Massa's single and Juhl's double.

The Rotarians got a single run in the second when Tom Mickney got on via a fielder's choice, stole second and came home on two Elks errors.

The Elks scored a pair in the bottom of the second with Jim Volker and Pete Showers crossing the plate. Volker and Sampson got the only hits for the losers.

Ex-Mates Haunt Rochester Nine

Two former Rochester Red Wings have come back to haunt their former mates in the International League.

First baseman Charley Kress and relief pitcher Freddie Hahn teamed up to defeat their former Rochester mates. The Red Wing loss made it three in a row and dropped them to within one game of fifth place as the surging Syracuse Chief's edged the Richmond Virginians 5-4 in 10 innings.

IN THE ONLY other scheduled game the Havana Sugar Kings blanked the Columbus Jets 2-0 to move within ½ game of second place, the Toronto Maple Leafs and Montreal Royals were idle.

Kress slammed two home runs and drove in four runs to pace the Buffalo victory. Hahn came on in the third inning, after starter Jim Stump became ill, to hurl six innings of scoreless ball.

Destroyers ..... 2 0 0 0 0 0 1—3

Tired of serving as doormat for the league, the lowly Turcams reared up and walloped Gene's Bar and Grill, 20 to 12, in the City Softball League yesterday.

Meanwhile, Destroyers continued to find the going rough as they dropped a 6-3 decision to Chez Emile. Krovan had early tallies stand up for a 11-9 triumph over Kaplan Bag.

CHARLIE BURD and Eddie Brown slammed five hits each among the 25 Turcam safeties off Don Simmons and Don Dyson.

Burd powered three doubles and a homer and Brown stroked five singles. Jim Pettigrew, Bob Watkins and Vince Generio each hit safely three times. Roger Turnier checked the Grill with 12 hits, three by Scharschu.

Frank Boyce of the Destroyers lost a four-hitter to Chez Emile's Joe Enright, who yielded seven. A four-run sixth decided the issue in favor of the Destroyers.

BOYCE CRACKED a solo homer in the seventh. Ronnie Scheffel pounded a double and a single for Chez Emile and Bucky Miller had two singles for Destroyers.

Nick Savino bested Stan Kaplan in a battle of 15-hitters in Korvan's 11-9 win over Kaplan Bag. The winners led 9-0 at the end of three.

Joe Murkoff led the hitters with a double and two singles. B. Kaplan had two singles.

Miami University of Oxford, Ohio, and Northwestern will meet in football for the first time this season on the latter's field on Sep. 24.

Blondie Hanover Wins

Westbury, Aug. 3 (AP)—Blondie Hanover won the New Hampshire Trot by a length and a half over Willis L. in 2:06.1 last night at Roosevelt Raceway. Joy's Boy was third. Stanley Dancer, driving the victor, chalked up his 77th triumph of the Roosevelt season. Blondie Hanover returned $3.90.

New York Bell Telephone Eliminates Legion Juniors, 6-5

Last Inning Rally Falls Short With Tying Run Out at Plate; Contest Delayed 1 Hr., 42 Min.

A last-inning rally falling short, the American Legion Juniors were ousted in the semi-finals of the New York State tournament yesterday at White Plains, losing by 6-5 to the Bell Telephone Post of Brooklyn.

The victory put the Brooklyn team, which arrived an hour and 18 minutes late for the game, in the finals at Cooperstown Saturday.

It was a defeat made two times tougher by two factors—first, the hour-and-a-half wait for the opposing team; and second, the four unearned runs which the Brooklyn nine scored in the first inning. And to complete the frustration, the tying run was wiped out at home plate to wind up the game.

The controversy over Bell Telephone's tardiness was a hot one. The starting time of the game was twice changed by Charles Crow of Albany, District 4 Legion baseball chairman.

Originally scheduled to begin at 2 p. m., game time was switched to 2:30 and then to 3:00 as the afternoon wore on—with no sign of the Brooklyn team.

Kingston had taken the field at 2 o'clock. It was 3:18 when the bus carrying the Brooklyn team arrived at the field. The game finally got under way at 3:42.

Mr. Crow insisted that the game could not be forfeited to Kingston, despite the late arrival of the other squad. His stand on the matter touched off an argument between him and the Kingston representatives.

One Kingstonian recalled Mr. Crow as being the man who, four years ago, had denied the Kingston team a pre-game infield practice when it arrived five minutes late for a game at Albany.

THE GAME ITSELF was an exciting one. The Telephone team had a 6-3 lead going into the bottom of the seventh.

But Kingston rallied and pushed two runs across the plate. The locals lost a tie when Joe Hoffman was tagged out at home after a perfect throw by Brooklyn first sacker Bob Boehm.

Bob Maines suffered his first defeat after a fine string of successes. Maines went the distance, allowing seven hits, walking two and striking out six.

Maines went to full counts but got by the first two men he faced. Then Ed Graham hit a ground ball to the left of second base. Skip Brodhead let the ball go through him. That opened the gates for the Brooklynites.

Ted Scorcia followed with a bloop single in back of first. Dick Moreo clipped a clean hit to left, sending Graham sliding home ahead of the throw. The runners moved to second and third on the peg.

BROOKLYN PITCHER George Imperial lofted a fly to center. On a windless day it would have ben an easy out. But the strong breeze carried it over Ronnie Ferraro's outstretched arm. Both runners scored easily and when Johnny Culjak's relay to third sailed high and wide, Imperial tallied.

Kingston's attack got nowhere until, with one away in the third, Ronnie Ashdown got his first of three hits. Hoffman flied out, but Eric Blackwell drew a base on balls.

Brodhead's single sent Ashdown home. Maines hit sharply to right, scoring Blackwell and Brodhead. Bill Cragan singled to left, but Ferraro fanned to end the surge.

Maines kept the Telephone team scoreless until the seventh. With one away, Bill Mason walked. Sheldon Zimmerman went out on a ground ball. Tom Trapani singled and Graham doubled to left center, both runners scoring.

BILL CHASE prevented further damage when he made a neat running catch of Scorcia's fly to right.

Chase touched off the seventh-inning rally with a hit past Boehm. Ashdown singled again and Hoffman doubled, scoring Chase. Blackwell drew four straight balls from relief hurler Dick Moreo, loading the bases.

Brodhead's popup to short left scored Ashdown and sent Hoffman, the potential tying run, to third. Maines hit a grounder to second and was thrown out. Boehm buzzed a strike to the plate and John Dieckmann put the tag on Hoffman. That was the ball game.

Giants Nip Brooks, 3-2

American LL

	W	L
Sprague Dodgers	4	1
Electrol Giants	4	1
Moose Red Sox	1	4
Lions Yankees	1	4

The Electrol Giants erupted for three runs in the final inning and turned back the Sprague Dodgers, 3-2, in an American Little League game at the LL Stadium.

The defeat, the first in five games for the Dodgers, evened the teams in the standings.

Tom Gardner singled home the winning run in the person of Walt Harder.

GARDNER'S HIT was preceded by a walk to Vince Smedes and singles by Joe Uhl and Harder.

The Dodgers scored two runs off Harder in the first inning. A single by Tom Ashdown and doubles by Ronnie Secreto and Tom Cioni did the damage.

After that Harder settled down. He struck out nine men and walked three. He allowed four hits while going the route.

Garry Barnes hurled a fine game for the losers. He gave up five hits, walked two and struck out 13. He fanned the side in the fourth and fifth innings.

Giants centerfielder Bob Black snagged two long fly balls as he turned in a top fielding chore. First sacker Vince Meleskie made an unassisted double play.

Has Ez Had It? Tommy Jackson To Tell Tonight

Syracuse, N. Y., Aug. 3 (AP)—Is Ezzard Charles finished? Is Hurricane Jackson just a freak fighter?

The answer comes up tonight at War Memorial auditorium and it could be "yes" in both cases.

Charles, the 34-year-old former heavyweight champ, must win convincingly over the awkward Hurricane if he is to remain a serious factor in the division.

JACKSON, only 23, must prove he can handle a "class" fighter of Charles stature if he is to retain his No. 3 ranking among Rocky Marciano's contenders.

The 10-round match, to be carried on network radio and television (ABC) starting at 9 p. m, (EST) means a great deal to both men.

Since Nino Valdes defeated him on a TKO a year ago Jackson has won six straight. However, Jackson still flaps his hands awkwardly and is vulnerable to a good body puncher like Charles used to be. The Hurricane's forte is stamina as he climbs over a man with his swarming attack and simply wears him down.

Off the record, Charles figures to outbox Hurricane and hurt him with body punches. But the big spread in their ages, 34 to 23, and evidence that Charles' legs have begun to go, are in Jackson's favor.

Reading Plays All Star Game In Eastern

(By The Associated Press)

Acting Mayor Daniel F. McDevitt of Reading has proclaimed next Tuesday as Reading Indians "All Star Day."

The Indians, who yesterday increased their Eastern League lead to six and half games, are almost certain to retain their first place position until Tuesday, the date of the league all-star game.

They will play host to a selection of stars from the league's other seven teams. Fans are now voting by ballot for the membership of the all star team.

Allentown took the first game of the twin bill 6-1 with Rog Foster on the mound, and the Grays came out on top in the nightcap 9-5.

BEAUTIES AND PRIZES: Joan and Barbara Bush, l. to r, daughters of Mr. and Mrs. Gerald Bush of Hurley, display the handsome golf clocks that will be awarded as first prizes in the men's and women's division of the annual Freeman hole-in-one tournament Sunday at Twaalfskill. If you'll note, the clocks are set for 9 a. m., starting time of the tournament. (Freeman photo)

Jaycee Upset

HawksBeat Wrens, 7-4

Jaycee LL

	W	L
Wrens	6	2
Crows	5	3
Hawks	5	5
Eagles	1	7

Hawks scored five runs in the last two innings to upset the league leading Wrens, 7-4, and tighten the Jaycee Little League race yesterday.

The loss was only the second of the season for the Wrens and cut their margin over the second place Crows to one game. The win was the third in the last four games for the red hot Hawks.

THE WRENS racked up a 4-1 lead against Berry Bliss in the first two innings but were stymied by Hovert Schultz's sharp relief pitching in the late innings. Jerry Bruckert and Dan Van Wagenen divided the pitching chores for the losers.

Schultz, Pete Coffey and Tom Prisco each had two hits for the Hawks. Van Wagenen and Jack DeKoskie got a pair each for the Wrens.

Hiltebrant Pirates	0	1
Trailway Braves	0	1

Freeman Woods stole home in the last inning to earn the Island Dock Tigers a 6-5 triumph over the Hiltebrant Pirates in a National Little League game last night at Kingman Park.

Losing pitcher Frank Bonavita had his back to the plate when Woods broke for home.

THE WINNERS used three pitchers—Jerry Bradford, Joe Spada and Jimmy Rodden. Rodden was the winner. The Pirates got only four hits off the trio.

Warren Brown hit his sixth home run for the Pirates. The previous five were socked against the Miron Indians. Brown also doubled.

Spada had half of the winners' six hits. He and Woods clipped doubles.

Rotary Scores Over Elks, 4-2 For First Fraternal Victory

Fraternal Youth League

Team	Won	Lost
Vols	5	0
Kiwanis	3	1
KPA	2	1
Legion	3	2
Elks	2	4
VFW	1	4
Rotary	1	5

Two-hit pitching by Don Juhl and Terry Corkery gave the Rotary Club its first victory in the Fraternal Youth League last night at Dietz Stadium. The Rotarians tripped the Elks Club, 4-2, for their first success in six games.

The winners got only four hits off Gerry Sampson and Bob Pratt, but three of the blows figured in the scoring.

LEE KIAS' home run in the third inning capped a Rotary outburst. The round-tripper was preceded by Jim Massa's single and Juhl's double.

The Rotarians got a single run in the second when Tom Mickney got on via a fielder's choice, stole second and came home on two Elks errors.

The Elks scored a pair in the bottom of the second with Jim Volker and Pete Showers crossing the plate. Volker and Sampson got the only hits for the losers.

Ex-Mates Haunt Rochester Nine

Two former Rochester Red Wings have come back to haunt their former mates in the International League.

First baseman Charley Kress and relief pitcher Freddie Hahn teamed up to defeat their former Rochester mates. The Red Wing loss made it three in a row and dropped them to within one game of fifth place as the surging Syracuse Chief's edged the Richmond Virginians 5-4 in 10 innings.

IN THE ONLY other scheduled game the Havana Sugar Kings blanked the Columbus Jets 2-0 to move within ½ game of second place, the Toronto Maple Leafs and Montreal Royals were idle.

Kress slammed two home runs and drove in four runs to pace the Buffalo victory. Hahn came on in the third inning, after starter Jim Stump became ill, to hurl six innings of scoreless ball.

Destroyers ..... 2 0 0 0 0 0 1—3

Tired of serving as doormat for the league, the lowly Turcams reared up and walloped Gene's Bar and Grill, 20 to 12, in the City Softball League yesterday.

Meanwhile, Destroyers continued to find the going rough as they dropped a 6-3 decision to Chez Emile. Krovan had early tallies stand up for a 11-9 triumph over Kaplan Bag.

CHARLIE BURD and Eddie Brown slammed five hits each among the 25 Turcam safeties off Don Simmons and Don Dyson.

Burd powered three doubles and a homer and Brown stroked five singles. Jim Pettigrew, Bob Watkins and Vince Generio each hit safely three times. Roger Turnier checked the Grill with 12 hits, three by Scharschu.

Frank Boyce of the Destroyers lost a four-hitter to Chez Emile's Joe Enright, who yielded seven. A four-run sixth decided the issue in favor of the Destroyers.

BOYCE CRACKED a solo homer in the seventh. Ronnie Scheffel pounded a double and a single for Chez Emile and Bucky Miller had two singles for Destroyers.

Nick Savino bested Stan Kaplan in a battle of 15-hitters in Korvan's 11-9 win over Kaplan Bag. The winners led 9-0 at the end of three.

Joe Murkoff led the hitters with a double and two singles. B. Kaplan had two singles.

Miami University of Oxford, Ohio, and Northwestern will meet in football for the first time this season on the latter's field on Sep. 24.

Panthers Win First Half Title on Homers by Cea and DuBois

Giannuzzi Nips Dairy By 4 to 3

Second Half Play Will Start Monday

City League
(First Half Final)

	Won	Lost
New York Panthers ...	7	1
Dobler Beer	5	2
Jones Dairy	4	3
Nadler Motors	1	5
Ferraro Bowlodrome ..	1	6

A couple of home runs by Steve Cea and Bill DuBois swept the New York Panthers to a 4-3 decision over Jones Dairy and the first half flag in the City Baseball League yesterday.

Steve Cea tied the clutch game at 3-3 with a third inning blast and Bill DuBois won it with a round tripper in the next frame.

Both shots came off Joe Modica, who went the distance for Jones Dairy. Rennie Gianuzzi, KHS southpaw, was credited with the win, the Panthers' seventh in eight games. He allowed only five hits and struck out eight and pitched shutout ball after the second inning.

CITY LEAGUE officials announced after the game that the second half would be restricted to one round starting Monday, Aug. 8.

The Panthers led briefly 2-1 at the end of the first inning but Jones Dairy went ahead 3-2 in the second. Then came the two circuit clouts by Cea and DuBois.

Jones Dairy scored with two out in the first on Tom Carlino's single, steal of second and Boo Schaffer's single.

Johnny Godwin, who shared batting honors with Cea and DuBois, tripled home a pair of Panther tallies in the bottom of the first. Cea launched the rally with a single and Modica fumbled Ed Van Loan's bunt attempt to set the stage for Godwin's three bagger.

THE DAIRYMEN lost a chance to build up a lead in the second when Jim Jackson was cut down at third base trying for a triple. Two walks, an error by Cea and a fielder's choice later in the frame accounted for two runs.

Godwin rapped three hits, including a triple and two singles to lead the Panther batsmen. He also knocked in a pair of tallies. Cea hit a double and single among the eight Panther safeties off Modica, who walked one and struck out three. The five Jones hits went to five different players.

EN ROUTE to the first half pennant, the Panthers proved the surprise team of the circuit by winning their first six games. They were temporarily jolted by Dobler Beer and then returned yesterday to nail down the flag. The team is managed by Charie Havlin.

Ferraro's Bowlodrome and Doblers will launch the second half next Monday

The score:

By ED WILKS
(The Associated Press)

A handful of oldtimers, supposed to wilt in the heat, looked like a crop of young rookies as first place Chicago and runnerup New York gave Boston and Cleveland hotfoots in the sizzling American League race last night.

It was Connie Johnson, 32, and Millard (Dixie) Howell, 35, both reclaimed from the minors, who supplied the pitching in the White Sox's 2-1 decision over Boston. And at New York, the Yankees nudged Cleveland 2-1 on the pitching of 35-year-old Tommy Byrne, another retread, and a pair of home runs by Joe Collins, 32.

As a result, the White Sox still have their one-game lead over the Yanks, but Cleveland has fallen two games back and Boston four.

Fifth place Detroit, 7½ games behind, outslugged Washington, 13-10, and Baltimore tumbled Kansas City 5-1.

IN THE NATIONAL, Brooklyn gave in to a Milwaukee rally, 5-3; New York beat St. Louis 3-0; Cincinnati whitewashed Philadelphia twice, 2-0 and 4-0, and Chicago pasted Pittsburgh 12-4.

Johnson had Boston's kids well in check with two out in the ninth, then had to get relief for his fourth victory in five decisions since being brought up from Toronto June 30. He gave a single to Jim Piersall and went 2-0 against pinch-hitting Faye Throneberry before Morrie Martin, another veteran, came on. Throneberry swatted a triple to make it 2-1 and Howell, up from Memphis, went 3-2 against Eddie Joost before getting him on a game-ending fly.

Three singles made for one run in third off loser Tom Brewer and Jim Rivera belted a homer for the winning margin in the fourth.

Collins, with just two home runs in the last two months, made it 1-1 in the first inning with his first homer of the night. Then he broke up a duel between Byrne and Early Wynn, another 35-year-old guy, with his one-out poke in the 10th.

The Indians' run came in on Al Smith's leadoff triple and Bobby Avila's sacrifice fly. From then on, Byyrne shut the door—giving just six hits the rest of the way for his 10th victory against two defeats. Wynn, who had counted the Yanks three times in his 13 victories, took his sixth defeat.

Milwaukee tied the Brooks at 3-3 as Ed Mathews swatted his 28th homer—his second of the game—then got two more in the big eighth inning rally on Don Zimmer's error. Phil Paine one-hit the Dodgers in four relief innings and fanned six for his first major league decision this year. Rookie Roger Craig took his first defeat with the Brooklyns—who now lead by just 13½ games.

JOHNNY ANTONELLI, one of the big busts with the Giants this season, blanked the Cards on five hits while Don Mueller drove in two runs with a single and a sacrifice fly.

Cincinnati paired a four-hitter by John Klippstein and a five-hitter by Joe Nuxhall with the bat work by Gus Bell to sweep the twi-nighter from the Phils. Bell had two RBI singles in the opener and hit two homers in the nightcap.

Ernie Banks matched a major league record with his fourth grand slam home run of the season for the Cubs and added a run-producing single to trample the Bucs. His bases-loaded shot marked a six-run sixth.

Rives Bailey, the University of Virginia's quarterback, has been named captain of the Cavalier baseball team for 1956. Bailey is a second baseman.

Doby Points For Record

New York, Aug. 3 (AP)—Cleveland's Larry Doby can set an American League record today—all he needs is an errorless performance in centerfield in the Indians' game with New York.

Doby made it 157 games without a miscue last night as the Tribe lost to the Yankees 2-1. That matched the AL mark for outfielders set by Sam Mele with Chicago and Baltimore through 1953-54.

The major league mark is 187, by Danny Litwhiler of the Philadelphia Phillies in 1941-42.

MacDougald 'Satisfactory' After Injury

New York, Aug. 3 (AP)—New York Yankee second-baseman Gil McDougald was reported in "Satisfactory" condition and resting comfortably in the hospital today after being struck in the head by a batted ball before last night's New York-Cleveland game.

A drive off the bat of teammate Bob Cerv struck McDougald on the side of the head during practice as he stood just outside the protective screen set up near second base.

His ear was lacerated and there was considerable swelling around it. Yankee physicians were of the opinion that the injury was not serious and that he would be released from the hospital today. However, as a precaution, X-rays will be taken.

Hughes, Turck, Raichle Goes To 2nd Round at Twaalfskill

Three top contenders for Alvin Boice's Twaalfskill golf crown have advanced to the second round of the championship flight.

The champion, paired against J. Stuart, has not played his first round, the deadline for which is Saturday.

Hughes, a two-time champion (1951 and 1953) defeated Charles H. Gaffney, 5 and 4, in his first outing.

Charles J. Turck won on default from Gus Schrowang and Clarence "Dubby" Raichle, who is seeking his first Twaalfskill title, thumped George Schneider, 6 and 5, with a sparkling 69.

Other first round pairings in the championship flight include Louis G. Bruhn against Dr. Robert McCaig of Saugerties; J. O'Connor vs. Louis J. Smith; Maurice Hand vs. Ernest Schirmer and Dick Overbagh vs. Harry Hartley.

THE SIXTEEN pairings for the first round of the Class A flight are:

Frank Campochiaro vs. Dr. Robert F. Moseley; Burt Haver vs. Floyd W. Flint; Dr. Joseph Jacobson vs. Bud Davis; Eugene Freer vs. William Fuller.

Fabian L. Russell vs. Dr. Jack Lehner, won by Dr. Lehner, 1 up; Walton Fitzgerald vs. Robert Herzog; Abe Streifer vs. N. Levan Haver; the Rev. J. Dean Dykstra vs. John Jordan.

W. Johnson vs. Leo Yonnetti; Austin Boyd Jr. vs. Dr. Herbert Derman; B. A. Culloton vs. Adrian Kaplan; Robert O'Reilly vs. Dr. Michael Diacavo.

Also, Dr. Rodney Ball vs. A. B. Shufeldt; Irving Eyles vs. Robert Russell; Dick Wood vs. Dr. Douw Meyers.

GIVES YOUR CAR THE BIGGEST POWER BOOST IN GASOLINE HISTORY
RICHFIELD NEW ETHYL
RICHFIELD

This week Buick soars past the 600,000 mark!

Biggest-selling Buick of all time permits us to make the biggest trade-in deals ever possible!

HERE it is, just past July, and what do you think has happened?

Buick popularity has broken every past *full-year* record!

That's the gospel truth. And Buick, of course, has had many great years before.

At the beginning of this week, Buick production passed 600,000 cars for the 1955 model year.

That is over 155,000 *more* automobiles than the full model year of 1954—when we captured third place in total national sales.

It is more than 11,000 higher than the full model year of 1950—when the automobile industry had its greatest year, and Buick established an all-time record that stood unchallenged until now.

It is almost a quarter of a million more automobiles than the full model year of 1941—which was the greatest pre-war record Buick ever reached.

In other words, there has never been anything before like 1955 in Buick history—*when today Buick is building over three cars every minute to meet the public demand.*

Doesn't this tell you something important?

Doesn't this soaring Buick success mean that you owe it to yourself to see and sample the car that's breaking every record in the Buick book?

Doesn't it mean that you ought to try Buick's mighty V8 power—Buick's great room and comfort—Buick's cruiser-steady ride and roadability—Buick's superb visibility and precision handling ease?

And doesn't it mean you certainly ought to try Buick's Variable Pitch Dynaflow*—the world's only transmission with the switch-pitch principle of the modern plane's propeller—and the most spectacular performance advance of the year?

Come in and see us—this week, at the latest—and learn for yourself why today's Buick is the biggest-selling Buick of all time—and how big a trade-in deal we can offer you with this tremendous volume to back us up.

*Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill and buy of the year is Buick

Panthers Win First Half Title on Homers by Cea and DuBois

Giannuzzi Nips Dairy By 4 to 3

Second Half Play Will Start Monday

City League
(First Half Final)

	Won	Lost
New York Panthers	7	1
Dobler Beer	5	2
Jones Dairy	4	3
Nadler Motors	1	5
Ferraro Bowlodrome	1	6

A couple of home runs by Steve Cea and Bill DuBois swept the New York Panthers to a 4-3 decision over Jones Dairy and the first half flag in the City Baseball League yesterday.

Steve Cea tied the clutch game at 3-3 with a third inning blast and Bill DuBois won it with a round tripper in the next frame.

Both shots came off Joe Modica, who went the distance for Jones Dairy. Rennie Gianuzzi, KHS southpaw, was credited with the win, the Panthers' seventh in eight games. He allowed only five hits and struck out eight and pitched shutout ball after the second inning.

CITY LEAGUE officials announced after the game that the second half would be restricted to one round starting Monday, Aug. 8.

The Panthers led briefly 2-1 at the end of the first inning but Jones Dairy went ahead 3-2 in the second. Then came the two circuit clouts by Cea and DuBois.

Jones Dairy scored with two out in the first on Tom Carlino's single, steal of second and Boo Schaffer's single.

Johnny Godwin, who shared batting honors with Cea and DuBois, tripled home a pair of Panther tallies in the bottom of the first. Cea launched the rally with a single and Modica fumbled Ed Van Loan's bunt attempt to set the stage for Godwin's three bagger.

THE DAIRYMEN lost a chance to build up a lead in the second when Jim Jackson was cut down at third base trying for a triple. Two walks, an error by Cea and a fielder's choice later in the frame accounted for two runs.

Godwin rapped three hits, including a triple and two singles to lead the Panther batsmen. He also knocked in a pair of tallies. Cea hit a double and single among the eight Panther safeties off Modica, who walked one and struck out three. The five Jones hits went to five different players.

EN ROUTE to the first half pennant, the Panthers proved the surprise team of the circuit by winning their first six games. They were temporarily jolted by Dobler Beer and then returned yesterday to nail down the flag. The team is managed by Charie Havlin.

Ferraro's Bowlodrome and Doblers will launch the second half next Monday

MacDougald 'Satisfactory' After Injury

New York, Aug. 3 (AP)—New York Yankee second-baseman Gil McDougald was reported in "Satisfactory" condition and resting comfortably in the hospital today after being struck in the head by a batted ball before last night's New York-Cleveland game.

A drive off the bat of teammate Bob Cerv struck McDougald on the side of the head during practice as he stood just outside the protective screen set up near second base.

His ear was lacerated and there was considerable swelling around it. Yankee physicians were of the opinion that the injury was not serious and that he would be released from the hospital today. However, as a precaution, X-rays will be taken.

Hughes, Turck, Raichle Goes To 2nd Round at Twaalfskill

Three top contenders for Alvin Boice's Twaalfskill golf crown have advanced to the second round of the championship flight.

The champion, paired against J. Stuart, has not played his first round, the deadline for which is Saturday.

Hughes, a two-time champion (1951 and 1953) defeated Charles H. Gaffney, 5 and 4, in his first outing.

Charles J. Turck won on default from Gus Schrowang and Clarence "Dubby" Raichle, who is seeking his first Twaalfskill title, thumped George Schneider, 6 and 5, with a sparkling 69.

Other first round pairings in the championship flight include Louis G. Bruhn against Dr. Robert McCaig of Saugerties; J. O'Connor vs. Louis J. Smith; Maurice Hand vs. Ernest Schirmer and Dick Overbagh vs. Harry Hartley.

THE SIXTEEN pairings for the first round of the Class A flight are:

Frank Campochiaro vs. Dr. Robert F. Moseley; Burt Haver vs. Floyd W. Flint; Dr. Joseph Jacobson vs. Bud Davis; Eugene Freer vs. William Fuller.

Fabian L. Russell vs. Dr. Jack Lehner, won by Dr. Lehner, 1 up; Walton Fitzgerald vs. Robert Herzog; Abe Streifer vs. N. Levan Haver; the Rev. J. Dean Dykstra vs. John Jordan.

W. Johnson vs. Leo Yonnetti; Austin Boyd Jr. vs. Dr. Herbert Derman; B. A. Culloton vs. Adrian Kaplan; Robert O'Reilly vs. Dr. Michael Diacavo.

Also, Dr. Rodney Ball vs. A. B. Shufeldt; Irving Eyles vs. Robert Russell; Dick Wood vs. Dr. Douw Meyers.

This week Buick soars past the 600,000 mark!

Biggest-selling Buick of all time permits us to make the biggest trade-in deals ever possible!

HERE it is, just past July, and what do you think has happened?

Buick popularity has broken every past *full-year* record!

That's the gospel truth. And Buick, of course, has had many great years before.

At the beginning of this week, Buick production passed 600,000 cars for the 1955 model year.

That is over 155,000 *more* automobiles than the full model year of 1954—when we captured third place in total national sales.

It is more than 11,000 higher than the full model year of 1950—when the automobile industry had its greatest year, and Buick established an all-time record that stood unchallenged until now.

It is almost a quarter of a million more automobiles than the full model year of 1941—which was the greatest pre-war record Buick ever reached.

In other words, there has never been anything before like 1955 in Buick history—*when today Buick is building over three cars every minute to meet the public demand.*

Doesn't this tell you something important?

Doesn't this soaring Buick success mean that you owe it to yourself to see and sample the car that's breaking every record in the Buick book?

Doesn't it mean that you ought to try Buick's mighty V8 power—Buick's great room and comfort—Buick's cruiser-steady ride and roadability—Buick's superb visibility and precision handling ease?

And doesn't it mean you certainly ought to try Buick's Variable Pitch Dynaflow*—the world's only transmission with the switch-pitch principle of the modern plane's propeller—and the most spectacular performance advance of the year?

Come in and see us—this week, at the latest—and learn for yourself why today's Buick is the biggest-selling Buick of all time—and how big a trade-in deal we can offer you with this tremendous volume to back us up.

*Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill and buy of the year is Buick

AUCTIONS

2-DAY AUCTION

I have sold my home, plumbing shop and hardware store located in Bullville, N. Y. This business was owned and operated by my husband the late D. H. Howell for the past 62 years. Having no further use for any of the contents of the house, shop and store I will sell same at PUBLIC AUCTION on Fri. and Sat., Aug. 5 and 6 starting promptly at 10 a. m. each day. We must and will start on time in order to finish. Come early and bring your folding chair to sit on. In the house are many antiques, furniture, G.E. refrigerator and Easy washer (both in working order), dishes, glassware, china, bric-a-brac, etc. In the store and plumbing shop are everything necessary to run these businesses. Some of the thousands of items are forks, shovels, scythes, crosscut and hand saws, hammers, pipe wrenches, grass whips, crowbars, Cummins ½" general utility drill with accessories, electric window ventilators, electric motors, kegs and kegs of all sorts of nails, boxes and boxes of all sorts of bolts and screws, etc., level, push drill, screwdrivers, steel brushes, sharpening stones, copper and galvanized screening, sinks, faucet mixer sets, solder, paint and brushes, watering pots, Clipmaster clipper, boxes of glass, dozens of brass shut-off valves, pails, braces and bits, locks, 5 qt. cans of McMillam motor oil, Clemson mower, Jacobsen Lawn Queen mower, gasoline engine powered Planet Jr. garden cultivator with attachments, air compressor, electric grinder, about 2 tons coal, sets of tackle blocks, rope, large belly stove, pr. heavy jack screws, National cash register, roll-top desk, scales, pipe cutters, all kinds of stocks and dies, several sheet metal workers sheats, crimpers, etc., soldering coppers, blow torches and fire pots, pipe wrenches, several extension and step ladders, pipe vises, 2 wheelbarrows, all kinds of pipe fittings, post drill, 10 gals. linseed oil, 2 showcases and hundreds of things too numerous to itemize here. For complete details listen to WGNY or read the Walden Citizen Herald issue of 28 July. Terms Cash. Lunch served. Mrs. Jennie Howell, Bullville, N. Y. Col. Gery Low, one of America's fine auctioneers, of Pine Bush, N. Y., will do the selling.

AUCTIONS

2-DAY AUCTION

I have sold my home, plumbing shop and hardware store located in Bullville, N. Y. This business was owned and operated by my husband the late D. H. Howell for the past 62 years. Having no further use for any of the contents of the house, shop and store I will sell same at PUBLIC AUCTION on Fri. and Sat., Aug. 5 and 6 starting promptly at 10 a. m. each day. We must and will start on time in order to finish. Come early and bring your folding chair to sit on. In the house are many antiques, furniture, G.E. refrigerator and Easy washer (both in working order), dishes, glassware, china, bric-a-brac, etc. In the store and plumbing shop are everything necessary to run these businesses. Some of the thousands of items are forks, shovels, scythes, crosscut and hand saws, hammers, pipe wrenches, grass whips, crowbars, Cummins ¼" general utility drill with accessories, electric window ventilators, electric motors, kegs and kegs of all sorts of nails, boxes and boxes of all sorts of bolts and screws, etc., level, push drill, screwdrivers, steel brushes, sharpening stones, copper and galvanized screening, sinks, faucet mixer sets, solder, paint and brushes, watering pots, Clipmaster clipper, boxes of glass, dozens of brass shut-off valves, pails, braces and bits, locks, 5 qt. cans of McMillam motor oil, Clemson mower, Jacobsen Lawn Queen mower, gasoline engine powered Planet Jr. garden cultivator with attachments, air compressor, electric grinder, about 2 tons coal, sets of tackle blocks, rope, large belly stove, pr. heavy jack screws, National cash register, roll-top desk, scales, pipe cutters, all kinds of stocks and dies, several sheet metal workers shears, crimpers, etc., soldering coppers, blow torches and fire pots, pipe wrenches, several extension and step ladders, pipe vises, 2 wheelbarrows, all kinds of pipe fittings, post drill, 10 gals. linseed oil, 2 showcases and hundreds of things too numerous to itemize here. For complete details listen to WGNY or read the Walden Citizen Herald issue of 28 July. Terms Cash. Lunch served. Mrs. Jennie Howell, Bullville, N. Y. Col. Gery Low, one of America's fine auctioneers, of Pine Bush, N. Y., will do the selling.

Sealed bids are to be in the hands of Reginald Russell, Clerk, 20 Guyton Street, Kingston, N. Y. not later than 7:30 P. M. August 4, 1955. They will be publicly opened at Board of Cooperative Services, 286 Wall St., Kingston, N. Y. at 8 P. M. August 4th, 1955.

A certified check equal to 5% of the net bid shall accompany each proposal. The Board of Education hereby reserves the right to reject all bids.

Signed:
REGINALD RUSSELL
Clerk of Board of Education

NOTICE OF SALE

STATE OF NEW YORK, SUPREME COURT: COUNTY OF ULSTER.
THE NATIONAL ULSTER COUNTY BANK OF KINGSTON, Plaintiff, against JOHN J. LINSON, Defendant.

Case No. 26284

In pursuance of a judgment of foreclosure and sale, duly made and entered in the above entitled action and bearing date the 29th day of July, 1955, I, the undersigned, the Referee in said judgment named, will sell at public auction, at the front door of the County Court House in the City of Kingston, County of Ulster and State of New York, on the 25th day of August, 1955, at 11 o'clock D.S.T. in the forenoon of that day, the premises directed by said judgment to be sold and therein described as follows:

ALL THAT TRACT OR PARCEL OF LAND, situate in the City of Kingston, County of Ulster and State of New York, bounded and described as follows:

BEGINNING at a point on the northwesterly side of Elmendorf Street which point or place of beginning is sixty feet northeasterly measured on said street from the easterly corner of lands of William H. Green formerly Burhans and from said point or place of beginning running southwesterly along Elmendorf Street sixty feet to the line of lands of the said William H. Green thence northwesterly along the line of lands of said Green one hundred and fifteen feet thence northeasterly and parallel with Elmendorf Street sixty feet and thence in a straight line one hundred and fifteen feet to the point or place of beginning.

ALSO hereby granting and conveying to the party of the second part his heirs and assigns the right to use the driveway lying between the lands hereby conveyed and the lands of Burhans formerly Shader for a distance of one hundred and fifteen feet from Elmendorf Street, which right of way is to be used and enjoyed in common with the owner of said driveway and the lands in the rear of the property hereby conveyed now owned by the party of the first part, then Nathan K. Griffin, his heirs and assigns. The right to the use of said driveway to extend for a distance of one hundred and fifteen feet from Elmendorf Street.

BEING the same premises conveyed by William A. Longyear and Mary I. Longyear, his wife, to John J. Linson and Ida May Linson, his wife, by deed dated May 3, 1919, and recorded on the same day in Liber 468 of Deeds at page 331, Ulster County Clerk's Office. Ida May Linson (also known at Mae S. Linson) died intestate July 4, 1939, leaving her surviving John J. Linson, the mortgagor herein.

EXCEPTING from the above described parcel a strip of land 60 feet in length and 3 feet in width on the northwesterly side of the above described premises and being the same premises conveyed by John J. Linson, the mortgagor herein, and Mae S. Linson, his wife, to Sarah Van Aken by deed dated November 6, 1933, and recorded November 8, 1933, in Liber 567 of Deeds at page 586, Ulster County Clerk's Office, to which deed reference is hereby made for a more particular description thereof.

Dated: August 1st, 1955.

Comedy by Shaw Opens for Week At Woodstock

Woodstock, Aug. 3—From the searing tragedy of "The Caine Mutiny Court-Martial" to the flippant vagaries of George Bernard Shaw's "Misalliance" is a long leap, but certainly evidence that the Woodstock Playhouse is spicing its 1955 season with variety and sharp contrast. Last week the atmosphere at the Playhouse was tense and foreboding; this week with the opening of "Misalliance" Tuesday night, the stage is bathed in sunlight filtering through the lace curtains of the cheerfully cluttered drawing room of the home of John Tarleton, at Surrey on the Slope of Hindhead. Fringed pillows, basket chairs and bric-a-brac complete the picture and Shaw is off on a talking spree through the medium of his assorted, lighthearted folk.

In this long ignored play which came into its own at the New York City Center, the wry playwright is up to his old tricks, gently rubbing class against class until the tender surfaces redden and blister, while someone always stands by to pour a generous portion of salt on the sore spot.

Mr. Tarleton made his fortune manufacturing underwear, and even if he entertains Lord Summerhays in his home and their children are affianced, the underwear keeps popping out and the behavior of gentlemen is never forgotten. Robert Alvin is happily cast as Mr. Tarleton, the confused parent, but worldly business man, who has acquired a "past to meditate upon," and Jack Sydow is exceedingly lordly and "old school tie" as Lord Summerhays. Archie Smith does a thoroughly convincing job as his infantile son, Bentley Summerhays, engaged to Mr. Tarleton's daughter Hypatia Tarleton.

Susan Reed has displayed a singular artistry as a folk singer, and to this her first straight acting role at the Playhouse she brings the same timelessly fey and gay quality, an inner laughter and perfection of detail. Her mother, Mrs. Tarleton, is played with sober balance by Virginia Downing amidst the fly-wheels spinning about her.

Frank Daly corrals one of the funniest moments in the play as the gunner persuaded to imbibe some "harmless vegetable" juice and forthwith has his day.

Hypatia's placid little world, with which she is infinitely bored, is spun into pleasant turmoil with the airplane crash which drops Percival and Lina into their midst. Jane Lloyd-Jones is the imperious Lina who brings a new concept of a woman to the middle-class family. Her declaration of independence was a masterly statement of a unique point of view and Miss Lloyd-Jones held her audience fascinated.

James Karen as Johnny Tarleton was excellent as always in the guise of the family "chump" and Henry Silva was fine as Percival who managed to retain his poise in spite of the chase.

The art of presenting and staging a Shavian comedy is a difficult one and if not done to perfection the result is a ridiculous and pointless shambles. In this production the deft touch is sustained throughout and the personalities which are constantly in danger of becoming overdrawn charicatures are always kept within the bounds of plausibility. The only fault perhaps lies with the author himself who at times lags along in his own conversation. A number of these stretches are encountered in the course of the play, but for those with an ear tuned to a turn of a phrase and the jabs of wit, it provides a thoroughly entertaining evening. Director Michael Howard has added another lively contribution to the summer season.

LEGAL NOTICES

Through default in conditional sale contract, General Motors Acceptance Corporation will sell at public auction on August 10, 1955 at 1:30 p. m. EDST at Denton Cadillac Olds, 250 Clinton Avenue, Kingston, N. Y. 1950 DeSoto, Motor Number S1410959, Serial Number 6235100, repossessed from Jack A. Chalmers, Woodstock, N. Y.

NOTICE TO BIDDERS

Sealed bids are requested for the transportation of approximately 24 pupils of School District Number 3, Town of Rochester, N. Y., for 1 year beginning with the school year 1955-56.

Sealed bids on the forms and in the envelops provided for the purpose are to be in the hands of C. H. McGuffey, Accord, N. Y., not later than 11 p. m. Aug. 30, 1955. They will be publicly opened at Whitfield School, N. Y., at 8 p. m. Aug. 31, 1955.

The Trustee hereby reserves the right to reject any or all bids.

C. H. McGUFFEY, Trustee.
District No. 3, Town of Rochester, County of Ulster.

NOTICE OF SALE

COUNTY COURT, ULSTER COUNTY—STATE OF NEW YORK NATIONAL BANK of 301 Wall Street, Kingston, New York, Plaintiff, against LENORA M. FREER, Defendant. In pursuance of a judgment of foreclosure and sale, duly made and entered in the above entitled action and bearing date the 22nd day of June, 1955, I, the undersigned, the Referee, in the judgment named, will sell at public auction at the entrance of the Ulster County Court House in the City of Kingston, New York at 11:00 a. m. (E.D.T.) on the 25th day of August, 1955, the premises directed by said judgment to be sold, and therein described as follows:

ALL THAT TRACT OR PARCEL OF LAND, situate in the Town of Esopus, County of Ulster, and State of New York, at a place called New Salem, on the easterly side of the public highway bounded and described as follows, viz: BEGINNING at the westerly corner of a lot formerly belonging to John G. Freer and running thence south forty-one degrees east sixty-five links; thence south sixty-one degrees east four chains and twelve links to a stone set in the ground; thence north thirty-four degrees east one chain and ninety-four links; thence north thirty-four degrees and thirty minutes west two chains and fourteen links to the bounds of Hiram J. Freer; thence along the same and along the bounds of Maria Freer, south sixty degrees west two chains and twenty-four links to a stone set in the ground; thence north fifty-seven degrees and thirty-minutes west two chains and twenty-four links to the public highway aforesaid; thence along said public highway south fifty-two degrees west one chain and eighteen links to the place of beginning; containing seven-tenths of an acre of land be the same more or less.

Kennedy to Step Up Fight on Delinquency

New York, Aug. 3 (AP)—New York city's new police commissioner, Stephen P. Kennedy, pledges a stepped-up drive againt "the awful moral and economic wastage that is crime."

Kennedy, who had been chief inspector, outlined his aims at a news conference yesterday after Mayor Robert F. Wagner appointed him to the $25,000-a-year post.

Kennedy, 48 and a policeman for 26 years, succeeds Francis W. H. Adams who resigned to return to private law practice.

The new commissioner said the mayor had given him the same promise of no interference in running the police department that Adams was given before accepting the post 19 months ago.

Kennedy also said Adams' policies will be continued because "the policies of his administration are mine. We both participated in them." Adams made a number of major moves to increase the departments effectiveness, put more cops out on the street and get more men on the force.

Kenndy picked as his chief aides the men who had been just beneath him during Adams' administration.

Gift Pleased General

Tokyo, Aug. 3 (AP)—Shigeru Yoshida in his memoirs in the newspaper Asahi tells this Christmas story on Gen. Douglas MacArthur, with whom he was on friendly terms as prime minister in the allied occupation: "One Christmas, I sent a toy donkey to Arthur MacArthur (the general's son). It was the kind of toy that when you pinched it, it lifted its legs and shook its head and tail. "Four or five days later, I went to the embassy residence and Mrs. MacArthur told me: "'Thank you so much for the Christmas present. The general, however, has taken it himself instead of giving it to Arthur. The general is enjoying the donkey by lifting its legs and tail every day. So Arthur won't thank you—but the general is so happy.'"

Israel Food Control

Jerusalem, Aug. 3 (AP)—Food control was partially reintroduced in Israel today. No additional rationing was planned but maximum prices were fixed for fruits and vegetables to combat new price rises. The increases began after last week's general elections and reached alarming proportions in the past few days. The rises were blamed on larger payrolls and fuller employment before the elections as well as the receipt of restitution funds from Germany. Sample maximum prices fixed today included the equivalent of 4½ cents a pound for potatoes and 10 cents a pound for grapes.

Britain to Use Altitude Rockets In Space Tests

London, Aug. 3 (AP)—Britain announced today she will explore the earth's upper atmosphere with high altitude rockets.

Until recently known western research in the field has been done exclusively by American scientists. But the British announcement added that a similar program also has been started in France.

THE ANNOUNCEMENT by the Royal Society, the leading body of British scientists, said: "It is very desirable that work should be carried out in other countries, to obtain data under different conditions and locations and employing different techniques."

Britain's high-altitude rockets will be distinct from the small earth satellite which the United States announced last week it planned to send into outer space to revolve about the earth for scientific observations.

The Royal Society program, to be carried out by the Ministry of Supply, aims at developing within two years rockets capable of carrying 100 pounds of scientific instruments up to heights of 120 miles or more.

THE FIRST experiments will include determination of atmospheric temperature and density, study of the nature of the ionosphere, search for very fine meteoric dust below 60 miles and the establishment of heights of the region from which night airglow is strongest.

The Royal Society said since the United States first sent instruments into the upper air in 1946 with captured German V2 rockets, "steady progress has been made and many interesting results have been obtained. The greatest height reached so far has been 240 miles."

Six Men Are Held In Crackdown on Dope

New York, Aug. 3 (AP)—Six men are being held here in bail ranging from $15,000 to $1,000 following a crackdown on an alleged dope smuggling ring operating between this country, Mexico and South America.

Narcotics agents said the arrests came after eight months of intensive efforts to track down the ringleaders. City and federal authorities cooperated on the job, as well as foreign officials.

Authorities said a number of arrests were made in South America at the same time as the arrests here yesterday. At an arraignment before U. S. Commissioner Earle Bishopp, Asst. U. S. Atty. Robert P. Patterson Jr. said the six conspired to import cocaine from South America and marijuana from Mexico.

Held in $15,000 bail and identified as ringleaders were Vincent Pacelli, 34, Nicholas Lessa, 34. Bail ranging from $2,500 to $1,000 was set for Nick T. Veno, 24; Santiago Guzman, 50; Juan Serrano, 29, and James C. Alexander, 29. All are New Yorkers.

Narcotics agents said investigation of the ring began after several hundred pounds of dope was seized aboard a ship in New York harbor last year.

A certified check equal to 5% of the net bid shall accompany each proposal. The Board of Education hereby reserves the right to reject all bids.

Signed:
REGINALD RUSSELL
Clerk of Board of Education

NOTICE OF SALE

STATE OF NEW YORK, SUPREME COURT: COUNTY OF ULSTER.
THE NATIONAL ULSTER COUNTY BANK OF KINGSTON, Plaintiff, against JOHN J. LINSON, Defendant.
Case No. 26284
In pursuance of a judgment of foreclosure and sale, duly made and entered in the above entitled action and bearing date the 29th day of July, 1955, I, the undersigned, the Referee in said judgment named, will sell at public auction, at the front door of the County Court House in the City of Kingston, County of Ulster and State of New York, on the 25th day of August, 1955, at 11 o'clock D.S.T. in the forenoon of that day, the premises directed by said judgment to be sold and therein described as follows:
ALL THAT TRACT OR PARCEL OF LAND, situate in the City of Kingston, County of Ulster and State of New York, bounded and described as follows:
BEGINNING at a point on the northwesterly side of Elmendorf Street which point or place of beginning is sixty feet northeasterly measured on said street from the easterly corner of lands of William H. Green formerly Burhans and from said point or place of beginning running southwesterly along Elmendorf Street sixty feet to the line of lands of the said William H. Green thence northwesterly along the line of lands of said Green one hundred and fifteen feet thence northeasterly and parallel with Elmendorf Street sixty feet and thence in a straight line one hundred and fifteen feet to the point or place of beginning.
ALSO hereby granting and conveying to the party of the second part his heirs and assigns the right to use the driveway lying between the lands hereby conveyed and the lands of Burhans formerly Shader for a distance of one hundred and fifteen feet from Elmendorf Street, which right of way is to be used and enjoyed in common with the owner of said driveway and the lands in the rear of the property hereby conveyed now owned by the party of the first part, then Nathan K. Griffin, his heirs and assigns. The right to the use of said driveway to extend for a distance of one hundred and fifteen feet from Elmendorf Street.
BEING the same premises conveyed by William A. Longyear and Mary I. Longyear, his wife, to John J. Linson and Ida May Linson, his wife, by deed dated May 3, 1919, and recorded on the same day in Liber 468 of Deeds at page 331, Ulster County Clerk's Office. Ida May Linson (also known at Mae S. Linson) died intestate July 4, 1939, leaving her surviving John J. Linson, the mortgagor herein.
EXCEPTING from the above described parcel a strip of land 60 feet in length and 3 feet in width on the northwesterly side of the above described premises and being the same premises conveyed by John J. Linson, the mortgagor herein, and Mae S. Linson, his wife, to Sarah Van Aken by deed dated November 6, 1933, and recorded November 8, 1933, in Liber 567 of Deeds at page 586, Ulster County Clerk's Office, to which deed reference is hereby made for a more particular description thereof.
Dated: August 1st, 1955.

Comedy by Shaw Opens for Week At Woodstock

Woodstock, Aug. 3—From the searing tragedy of "The Caine Mutiny Court-Martial" to the flippant vagaries of George Bernard Shaw's "Misalliance" is a long leap, but certainly evidence that the Woodstock Playhouse is spicing its 1955 season with variety and sharp contrast. Last week the atmosphere at the Playhouse was tense and foreboding; this week with the opening of "Misalliance" Tuesday night, the stage is bathed in sunlight filtering through the lace curtains of the cheerfully cluttered drawing room of the home of John Tarleton, at Surrey on the Slope of Hindhead. Fringed pillows, basket chairs and bric-a-brac complete the picture and Shaw is off on a talking spree through the medium of his assorted, lighthearted folk.

In this long ignored play which came into its own at the New York City Center, the wry playwright is up to his old tricks, gently rubbing class against class until the tender surfaces redden and blister, while someone always stands by to pour a generous portion of salt on the sore spot.

Mr. Tarleton made his fortune manufacturing underwear, and even if he entertains Lord Summerhays in his home and their children are affianced, the underwear keeps popping out and the behavior of gentlemen is never forgotten. Robert Alvin is happily cast as Mr. Tarleton, the confused parent, but worldly business man, who has acquired a "past to meditate upon," and Jack Sydow is exceedingly lordly and "old school tie" as Lord Summerhays. Archie Smith does a thoroughly convincing job as his infantile son, Bentley Summerhays, engaged to Mr. Tarleton's daughter Hypatia Tarleton.

Susan Reed has displayed a singular artistry as a folk singer, and to this her first straight acting role at the Playhouse she brings the same timelessly fey and gay quality, an inner laughter and perfection of detail. Her mother, Mrs. Tarleton, is played with sober balance by Virginia Downing amidst the fly-wheels spinning about her.

Frank Daly corrals one of the funniest moments in the play as the gunner persuaded to imbibe some "harmless vegetable" juice and forthwith has his day.

Hypatia's placid little world, with which she is infinitely bored, is spun into pleasant turmoil with the airplane crash which drops Percival and Lina into their midst. Jane Lloyd-Jones is the imperious Lina who brings a new concept of a woman to the middle-class family. Her declaration of independence was a masterly statement of a unique point of view and Miss Lloyd-Jones held her audience fascinated.

James Karen as Johnny Tarleton was excellent as always in the guise of the family "chump" and Henry Silva was fine as Percival who managed to retain his poise in spite of the chase.

The art of presenting and staging a Shavian comedy is a difficult one and if not done to perfection the result is a ridiculous and pointless shambles. In this production the deft touch is sustained throughout and the personalities which are constantly in danger of becoming overdrawn charicatures are always kept within the bounds of plausibility. The only fault perhaps lies with the author himself who at times lags along in his own conversation. A number of these stretches are encountered in the course of the play, but for those with an ear tuned to a turn of a phrase and the jabs of wit, it provides a thoroughly entertaining evening. Director Michael Howard has added another lively contribution to the summer season.

LEGAL NOTICES

Through default in conditional sale contract, General Motors Acceptance Corporation will sell at public auction on August 10, 1955 at 1:30 p. m. EDST at Denton Cadillac Olds, 250 Clinton Avenue, Kingston, N. Y. 1950 DeSoto, Motor Number S1410959, Serial Number 6235100, repossessed from Jack A. Chalmers, Woodstock, N. Y.

The Trustee hereby reserves the right to reject any or all bids.
C. H. McGUFFEY, Trustee.
District No. 3, Town of Rochester, County of Ulster.

NOTICE OF SALE

COUNTY COURT, ULSTER COUNTY—STATE OF NEW YORK NATIONAL BANK of 301 Wall Street, Kingston, New York, Plaintiff, against LENORA M. FREER, Defendant. In pursuance of a judgment of foreclosure and sale, duly made and entered in the above entitled action and bearing date the 22nd day of June, 1955, I, the undersigned, the Referee, in the judgment named, will sell at public auction at the entrance of the Ulster County Court House in the City of Kingston, New York at 11:00 a. m. (E.D.T.) on the 25th day of August, 1955, the premises directed by said judgment to be sold, and therein described as follows:
ALL THAT TRACT OR PARCEL OF LAND, situate in the Town of Esopus, County of Ulster, and State of New York, at a place called New Salem, on the easterly side of the public highway bounded and described as follows, viz: BEGINNING at the westerly corner of a lot formerly belonging to John G. Freer and running thence south forty-one degrees east sixty-five links; thence south sixty-one degrees east four chains and twelve links to a stone set in the ground; thence north thirty-four degrees east one chain and ninety-four links; thence north thirty-four degrees and thirty minutes west two chains and fourteen links to the bounds of Hiram J. Freer; thence along the same and along the bounds of Maria Freer, south sixty degrees west two chains and twenty-four links to a stone set in the ground; thence north fifty-seven degrees and thirty-minutes west two chains and twenty-four links to the public highway aforesaid; thence along said public highway south fifty-two degrees west one chain and eighteen links to the place of beginning; containing seven-tenths of an acre of land be the same more or less.

Kennedy to Step Up Fight on Delinquency

New York, Aug. 3 (AP)—New York city's new police commissioner, Stephen P. Kennedy, pledges a stepped-up drive againt "the awful moral and economic wastage that is crime."

Kennedy, who had been chief inspector, outlined his aims at a news conference yesterday after Mayor Robert F. Wagner appointed him to the $25,000-a-year post.

Kennedy, 48 and a policeman for 26 years, succeeds Francis W. H. Adams who resigned to return to private law practice.

The new commissioner said the mayor had given him the same promise of no interference in running the police department that Adams was given before accepting the post 19 months ago.

Kennedy also said Adams' policies will be continued because "the policies of his administration are mine. We both participated in them." Adams made a number of major moves to increase the departments effectiveness, put more cops out on the street and get more men on the force.

Kenndy picked as his chief aides the men who had been just beneath him during Adams' administration.

Gift Pleased General

Tokyo, Aug. 3 (AP)—Shigeru Yoshida in his memoirs in the newspaper Asahi tells this Christmas story on Gen. Douglas MacArthur, with whom he was on friendly terms as prime minister in the allied occupation: "One Christmas, I sent a toy donkey to Arthur MacArthur (the general's son). It was the kind of toy that when you pinched it, it lifted its legs and shook its head and tail. "Four or five days later, I went to the embassy residence and Mrs. MacArthur told me: "'Thank you so much for the Christmas present. The general, however, has taken it himself instead of giving it to Arthur. The general is enjoying the donkey by lifting its legs and tail every day. So Arthur won't thank you—but the general is so happy.'"

Israel Food Control

Jerusalem, Aug. 3 (AP)—Food control was partially reintroduced in Israel today. No additional rationing was planned but maximum prices were fixed for fruits and vegetables to combat new price rises. The increases began after last week's general elections and reached alarming proportions in the past few days. The rises were blamed on larger payrolls and fuller employment before the elections as well as the receipt of restitution funds from Germany. Sample maximum prices fixed today included the equivalent of 4½ cents a pound for potatoes and 10 cents a pound for grapes.

Britain to Use Altitude Rockets In Space Tests

London, Aug. 3 (AP)—Britain announced today she will explore the earth's upper atmosphere with high altitude rockets.

Until recently known western research in the field has been done exclusively by American scientists. But the British announcement added that a similar program also has been started in France.

THE ANNOUNCEMENT by the Royal Society, the leading body of British scientists, said: "It is very desirable that work should be carried out in other countries, to obtain data under different conditions and locations and employing different techniques."

Britain's high-altitude rockets will be distinct from the small earth satellite which the United States announced last week it planned to send into outer space to revolve about the earth for scientific observations.

The Royal Society program, to be carried out by the Ministry of Supply, aims at developing within two years rockets capable of carrying 100 pounds of scientific instruments up to heights of 120 miles or more.

THE FIRST experiments will include determination of atmospheric temperature and density, study of the nature of the ionosphere, search for very fine meteoric dust below 60 miles and the establishment of heights of the region from which night airglow is strongest.

The Royal Society said since the United States first sent instruments into the upper air in 1946 with captured German V2 rockets, "steady progress has been made and many interesting results have been obtained. The greatest height reached so far has been 240 miles."

Six Men Are Held In Crackdown on Dope

New York, Aug. 3 (AP)—Six men are being held here in bail ranging from $15,000 to $1,000 following a crackdown on an alleged dope smuggling ring operating between this country, Mexico and South America.

Narcotics agents said the arrests came after eight months of intensive efforts to track down the ringleaders. City and federal authorities cooperated on the job, as well as foreign officials.

Authorities said a number of arrests were made in South America at the same time as the arrests here yesterday. At an arraignment before U. S. Commissioner Earle Bishopp, Asst. U. S. Atty. Robert P. Patterson Jr. said the six conspired to import cocaine from South America and marijuana from Mexico.

Held in $15,000 bail and identified as ringleaders were Vincent Pacelli, 34, Nicholas Lessa, 34. Bail ranging from $2,500 to $1,000 was set for Nick T. Veno, 24; Santiago Guzman, 50; Juan Serrano, 29, and James C. Alexander, 29. All are New Yorkers.

Narcotics agents said investigation of the ring began after several hundred pounds of dope was seized aboard a ship in New York harbor last year.

Turkish Chest Doctor Studies at TB Hospital

Dr. Selahattin Guvenc of Istanbul, Turkey, one of several thousand foreign doctors training in United States hospitals, is now visiting the Ulster County Tuberculosis Hospital as a guest of that institution and its director, Dr. Herbert F. Schwartz.

Dr. Guvenc, who specializes in internal medicine, with special emphasis on chest diseases, arrived in Kingston with his wife about a month ago. They have been provided with quarters at the hospital.

THE YOUNGISH looking doctor with dark hair and eyes and considerable charm is in the United States on an "exchange scholarship" for one year. At the end of the year Dr. Guvenc may apply for a year's extension. He hopes to remain in this country for several years, studying methods and techniques at various hospitals and taking some postgraduate medical courses.

Dr. Guvenc has been in the United States almost nine months. His English is still somewhat "shaky," although it is reported to be improving rapidly. Dr. Schwartz assisted in clarifying the exchanges between the Turkish doctor and this reporter.

Dr. Guvenc is taking special tutoring in the language from Levan Merrihew of 151 O'Neil street, a teacher in the Kingston school system. The doctor was enthusiastic about his progress with Mr. Merrihew, describing him as a "wonderful teacher."

THE DOCTOR said his government was taking increasing interest in the prevention and treatment of tuberculosis with ever increasing appropriations for the war on that disease. Its facilities are modern and its campaign against tuberculosis is being steadily intensified.

He said Turkey had applied itself in recent years to the conquest of malaria. With that victory won it is now devoting more of its resources to the control of tuberculosis.

Dr. Guvenc is particularly struck with the intensity of medical research in the United States and the amount of money appropriated for that purpose. He explains that the United States is now much in advance of European nations in medical research, new methods of treatment, etc., pointing out that the war had been a factor in retarding the development of medicine in that part of the world.

Today European students and doctors come to the United States to study. The reverse was true not many years ago.

Dr. Guvenc finished Istanbul University in 1943 after which he served for three years in the Turkish army. From 1946 to 1949 he was in general practice and from 1949 to 1952 he was a resident doctor at the Ankara General Hospital. He then went to a hospital in a small town to continue his studies in internal medicine.

Steaming Weather

109 at Paso Robles, Calif., located about midway in the Salinas Valley along the coast. It was 100 at La Guardia Airport in New York. The city's official reading was 97.5, the hottest day of the year and the hottest Aug. 2 on record.

Baltimore was hotter with a high of 101, also a record for the date, while Chicago followed suit with a new mark for Aug. 2 with a sizzling 98.1. Similar reports came from across the torrid zone.

Pierre, S. D., reported a slight falling off from Monday's high of 107. It was 104 yesterday, but it felt just as hot as Monday.

THE 90-PLUS temperatures prevailed over the entire country except in the lower Mississippi valley, the upper Great Lakes, Maine and the extreme northwest, which reported readings in the 70s and 80s, and along the west coast, which enjoyed pleasant weather with temperatures ranging from the 50s to the 70s.

Early morning readings were the middle 70s and low 80s from the central Atlantic states to the northern plains and southward to southern border states. Northern New England, parts of the Northern Rockies and the Pacific northwest had readings in the 50s.

They were in the upper 80s and 90s in the far southwest. Top mark early today was Blythe, Calif., with a sleep-reducing 98 On the cooler side. Seattle had a pleasant 54 degrees.

SHOWERS FELL in northern Minnesota, parts of the northern Great Lakes, western Nebraska and in the Arizona and New Mexico mountain regions. Heavy rains were reported over sections of Louisiana and eastern Texas.

Early morning reports: New York 77 and clear; Chicago 78 and clear; Boston 73 and partly cloudy; Washington 80 and partly cloudy; Atlanta 77 and partly cloudy; Miami 73 and partly cloudy; Los Angeles 67 and partly cloudy; Salt Lake City 67 and partly cloudy; Denver 73 and cloudy; Minneapolis 80 and partly cloudy; Des Moines 79 and partly cloudy; St. Louis 78 and clear; Detroit 78 and partly cloudy; El Paso, Tex., 75 and cloudy; Shreveport, La., 74 and rain.

Scouts in Exile Not Qualified to Attend Jamboree

Toronto, Ont., Aug. 3 (AP)—Canadian Boy Scout officials have announced that Polish scouts in exile were not qualified to attend the World Scout Jamboree at Niagara-on-the-Lake Aug. 20-28.

A group of Polish-Canadian scouts had hoped to attend the jamboree but were informed yesterday that they did not "meet qualifications."

Fred Findley, chief executive commissioner at the Canadian Scout Headquarters in Ottawa, said Canada was entitled to send only members of the Canadian Association to the jamboree.

HE SAID the the exile Polish group could not go as Poles because the International Bureau recognized the present Boy Scout movement in Poland.

The group could not go as Canadians because it has not been admitted to the Canadian Association, Findley said.

The Polish exile movement has about 1,000 scouts in Canada as well as divisions in Britain, Germany, France and the United States.

Andrew Cuzkowski of Toronto, deputy commissioner for the exiles in Ontario, said his group would attempt to join the Canadian movement without losing its Polish indentity. He said the exiles wanted to be "good Canadians" but also wanted to preserve their Polish traditions.

The split in the Polish Boy Scout movement dates back to the early years of World War 2.

Asylum Is Sought By Communist MP

Seoul, Aug. 3 (AP)—A North Korean Communist military police sergeant crossed to the allied side today and asked for political asylum, the U. S. 8th Army said.

The army said Sgt. Yi Kyong Pin declared he wanted to come south after watching both his own Communist army and UN forces in the joint demilitarized zone.

THE ARMY statement reported Yi, a veteran of five years in the North Korean army, said he had been thinking of defecting since 1953. He said the "attitude and morale" of the UN troops he saw was an important factor.

The army did not report where Yi had been taken.

Presumably he was being questioned by intelligence officers.

Eisenhower Signs Foreign Aid Bill

Washington, Aug. 3 (AP)—The United States has allocated $2,765,875,000 in new money for foreign aid in the coming year.

This was the amount in the bill signed by President Eisenhower yesterday. Congress had cut some 560 million dollars from his request, but he made no comment on that.

IN A BRIEF statement, the President noted that Congress had laid down specified amounts of aid for some particular countries.

"I regard these provisions as authorizations, and also as limitations on the availability of the amounts specified, rather than as directives," the President said. "To construe them otherwise would raise substantial constitutional questions."

White House aides said the President feels Congress has a right to fix a ceiling but not a floor on aid to individual nations. They said President Truman issued a similar statement in 1951 on a foreign aid bill.

THIS YEAR'S appropriation is some 250 million dollars less than last year's.

In addition to the new money, the foreign aid program also has some eight billion dollars authorized in previous years but not yet spent.

Benjamin Franklin organized the first circulating library in the United States.

Now you Know!
The answers to everyday insurance problems*
By HERMAN J. EATON

QUESTION: I just read that any state in the Union can bring an out of state driver back to face a suit for damages resulting from an auto accident in that particular state. What is the best way to handle a situation like that?

ANSWER: Your ordinary Bodily Injury and Property Damage insurance would take care of it. If suit was entered against you in some other state the Insurance Company attorneys would represent you and would do all the investigating and defend the suit in court at no cost to you. Pretty handy sometimes—this insurance.

* If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE or OBLIGATION OF ANY KIND.

Scouts in Exile Not Qualified to Attend Jamboree

Toronto, Ont., Aug. 3 (AP)—Canadian Boy Scout officials have announced that Polish scouts in exile were not qualified to attend the World Scout Jamboree at Niagara-on-the-Lake Aug. 20-28.

A group of Polish-Canadian scouts had hoped to attend the jamboree but were informed yesterday that they did not "meet qualifications."

Fred Findley, chief executive commissioner at the Canadian Scout Headquarters in Ottawa, said Canada was entitled to send only members of the Canadian Association to the jamboree.

HE SAID the the exile Polish group could not go as Poles because the International Bureau recognized the present Boy Scout movement in Poland.

The group could not go as Canadians because it has not been admitted to the Canadian Association, Findley said.

The Polish exile movement has about 1,000 scouts in Canada as well as divisions in Britain, Germany, France and the United States.

Andrew Cuzkowski of Toronto, deputy commissioner for the exiles in Ontario, said his group would attempt to join the Canadian movement without losing its Polish indentity. He said the exiles wanted to be "good Canadians" but also wanted to preserve their Polish traditions.

The split in the Polish Boy Scout movement dates back to the early years of World War 2.

Asylum Is Sought By Communist MP

Seoul, Aug. 3 (AP)—A North Korean Communist military police sergeant crossed to the allied side today and asked for political asylum, the U. S. 8th Army said.

The army said Sgt. Yi Kyong Pin declared he wanted to come south after watching both his own Communist army and UN forces in the joint demilitarized zone.

THE ARMY statement reported Yi, a veteran of five years in the North Korean army, said he had been thinking of defecting since 1953. He said the "attitude and morale" of the UN troops he saw was an important factor.

The army did not report where Yi had been taken.

Presumably he was being questioned by intelligence officers.

To remove iron rust stains from material, wash the garment with soap and water, rinse well, then bleach in the sun.

Eisenhower Signs Foreign Aid Bill

Washington, Aug. 3 (AP)—The United States has allocated $2,765,875,000 in new money for foreign aid in the coming year.

This was the amount in the bill signed by President Eisenhower yesterday. Congress had cut some 560 million dollars from his request, but he made no comment on that.

IN A BRIEF statement, the President noted that Congress had laid down specified amounts of aid for some particular countries.

"I regard these provisions as authorizations, and also as limitations on the availability of the amounts specified, rather than as directives," the President said. "To construe them otherwise would raise substantial constitutional questions."

White House aides said the President feels Congress has a right to fix a ceiling but not a floor on aid to individual nations. They said President Truman issued a similar statement in 1951 on a foreign aid bill.

THIS YEAR'S appropriation is some 250 million dollars less than last year's.

In addition to the new money, the foreign aid program also has some eight billion dollars authorized in previous years but not yet spent.

Benjamin Franklin organized the first circulating library in the United States.

Now you Know!
The answers to everyday insurance problems*
By HERMAN J. EATON

QUESTION: I just read that any state in the Union can bring an out of state driver back to face a suit for damages resulting from an auto accident in that particular state. What is the best way to handle a situation like that?

ANSWER: Your ordinary Bodily Injury and Property Damage insurance would take care of it. If suit was entered against you in some other state the Insurance Company attorneys would represent you and would do all the investigating and defend the suit in court at no cost to you. Pretty handy sometimes—this insurance.

* If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE or OBLIGATION OF ANY KIND.
